FIU Medallion

Nick Day
Courage Award

Nick Day is a student-athlete and a hero in his hometown of Yuma, Arizona.

The baseball player was driving down Arizona’s Route 303 when he witnessed a minivan flip in the air and land in a dirt median some feet away. Day was on his way to batting practice with his father, but without hesitation he pulled off to the side and ran over to the wrecked car.

Day had no previous experience in emergency response except what he has seen actors do on TV. He knew he needed to somehow stop a severely wounded man from bleeding out. Day used a t-shirt and a tire iron to create a temporary bandage that helped the wound clot, and saved the man’s life.

Day has played a big role in the FIU Baseball team’s success over the past two seasons. He finished his collegiate career with a .286 career batting average, 21 home runs and 63 runs batted in. He led the Panthers in multiple offensive categories in 2016 as a junior, including home runs, runs scored and slugging percentage.

Day is a first-generation college student graduating with a bachelor’s of arts in liberal studies. After graduation, Day is hoping to become a college baseball coach and help student athletes achieve their dreams of making it to the major leagues.

Commencement Speaker

The Honorable Francis X. Suarez '01
Mayor of the City of Miami

Francis X. Suarez '01 is the newly elected mayor of the City of Miami.

Previously, Mayor Suarez served as a commissioner for Miami's District 4, working diligently to raise the standards of the community where he was born and raised. He currently also serves as vice chair of the Miami-Dade Transportation Planning Organization, tasked with approving federally required plans and transportation policies, and as the former president and current member of the Miami-Dade County League of Cities.

The oldest of four siblings, Suarez was born into a family where, as he describes, "being socially conscious was kind of a requirement." Suarez is dedicated to elevating the quality of life of the residents he serves by way of focusing on transportation and connectivity issues within the city and beyond; nurturing the growth of a tech-based economy in the area; and, by extension, job creation and international opportunities with Latin America. His priorities also include affordable housing, tackling the poverty pandemic and, as a corollary, reducing crime.

Suarez is an alumnus of Florida International University, where he majored in finance and graduated in the top 10 percent of his class. He went on to law school at the University of Florida Frederic G. Levin College of Law, graduating cum laude. Prior to running for public office, Suarez founded a successful real estate firm. He is also a practicing attorney with the law firm of Carlton Fields, specializing in real estate and corporate transactions.

Suarez is married to Gloria M. Fonts '01. The couple have a son, Andrew Xavier, and are expecting their first daughter.

Commencement Speaker

The Honorable Billy Joel

M. William "Billy" Joel is a philanthropic leader in the South Florida community.

In 2005, Joel was elected an Aventura city commissioner. He later went on to serve as vice mayor for the city until October 2014.

Joel is a founder of Mount Sinai Medical Center and Home Federal Bank of Hollywood, where he served as director for 14 years. Prior to opening Home Federal Bank of Hollywood he spent three decades working in the transportation, warehouse, consolidation and leasing industries.

His community service extends far beyond South Florida. He founded the Jack Joel Center for Special Children, named after his brother, at The Hagedorn Little Village School in Long Island, New York. Currently, he serves on the Board of Governors for Ben-Gurion University of the Negev in Israel, a position he has held since 2012.

Joel and his wife Sandra have been honored with countless awards by local organizations, including outstanding philanthropy and dedication to the children of Miami-Dade County by the Miami-Dade County School Board in 2015 and the Aventura Marketing Council "Pay It Forward" award in 2013. The two are also considered "Royal Notables" for Alzheimer's at Douglas Gardens.

Within the South Florida community, Joel serves as the chairman for the Florida Friends of the Israel Sport Center for the Disabled, past president of the Anchors Away Foundation, and has sat on the boards of Aventura Hospital and Medical Center. He currently sits on the board of the Aventura Turnberry Jewish Center. He was a member of FIU's Vice Provost Executive Council and continues to serve as a member of the Vice Provost Council.

Joel has dedicated much of his life advocating for the Jewish community of South Florida.

Commencement Speaker

Sue Desmond-Hellmann

Chief Executive Officer, Bill & Melinda Gates Foundation

Dr. Sue Desmond-Hellmann is a physician, scientist and philanthropist who has devoted her career to improving the human condition.

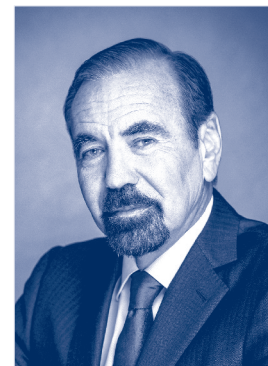

As a pioneer in health care for more than 30 years, she has driven major developments toward the eradication of disease, poverty and inequity. Today, as CEO of the Bill & Melinda Gates Foundation, Desmond-Hellmann leads the organization's vision for a world where every person has the opportunity to live a healthy, productive life.

Trained as an oncologist, she spent 14 years at biotech firm Genentech developing a number of breakthrough medicines, including two of the first gene-targeted therapies for cancer, Avastin and Herceptin. In November 2009, *Forbes* magazine named her one of the world's seven most "powerful innovators," calling her "a hero to legions of cancer patients."

Her time at Genentech put her at the forefront of the precision medicine revolution and in her current role, she champions a similar approach to global development: precision public health — getting the right interventions, to the right populations, in the right places, to save lives.

Prior to joining the foundation, Desmond-Hellmann was the first female chancellor of the University of California at San Francisco overseeing all aspects of the university and medical center's strategy and operations.

Desmond-Hellmann was listed among *Fortune* magazine's "top 50 most powerful women in business" for seven years and, in 2010, was inducted into the American Academy of Arts and Sciences and elected to the Institute of Medicine. She serves on the board of directors at Facebook Inc.

Honorary Degree

Jorge M. Pérez

Doctor of Fine Arts, Honoris Causa

Jorge M. Pérez is the founder, chairman and CEO of Related Group — and a distinguished art collector and philanthropist. Born in Buenos Aires to Cuban parents and raised in Bogota, Colombia, Pérez has made significant contributions to the South Florida community for more than 30 years.

Pérez has helped transform South Florida real estate and attracted international attention to the area through innovative design of luxury properties. The Pérez Art Museum Miami — a 21st century modern masterpiece — is one of Pritzker prize winners Herzog and de Meuron's most important works in North America. The Jorge M. Pérez Architecture Center at the University of Miami is designed by world renowned architect and urbanist leader Leon Krier.

Pérez began his career in real estate in the public housing market of Little Havana and Homestead. He saw opportunity where others did not — contributing to the evolution of these communities, spurring economic growth and changing the Miami skyline.

Today, he is a past chair and current member of the Miami-Dade County Cultural Affairs Council and a sponsor of the National Young Arts Foundation's Residency in Visual Arts. He is also a member of the University of Miami's Board of Trustees and the Pérez Art Museum Miami's Board of Trustees.

In 2011, he contributed \$40 million to the Pérez Art Museum Miami. In 2013, he and his wife, Darlene Pérez — an FIU alumna and nurse practitioner — made a \$680,000 gift of 21 paintings constituting 100 Years of Cuban Art to the Steven J. Green School of International and Public Affairs and the Patricia & Phillip Frost Art Museum. He also established a visiting artist in residence program bringing Cuban artists to Miami.

Named one of the top 25 most influential Hispanics in the United States by *Time Magazine* in 2005, Pérez has signed The Giving Pledge, a campaign founded by Warren Buffett and Bill Gates, which states he will donate 50 percent of his wealth to philanthropic purposes.

THE COMMENCEMENT:

An Academic Tradition

At every academic institution, commencement exercises are the high point of the calendar for students and their families. Since the purpose of a college or university is to prepare its students to merit the conferral of an academic degree, the commencement ceremony serves as the instrument for exhibiting the success of both the university and its students in fulfilling this primary goal. The rites involved in the celebration of commencement stem from civilization's earliest times. In fact, the very word, commencement, means a beginning. If you are familiar with the trappings of this grand ceremony, you are aware that the traditions carried forth from medieval days are revealed in all of their pomp, color and symbolism. It is a celebration of new beginnings. For participants and observers alike, commencement is meant to be both self-serving and an emotional experience.

The Chain of Office

The university president is the ceremony's convener and chief presider at the commencement ceremonies. The great chain, which is the FIU chain of office, is displayed on stage. This ancient symbol is perhaps the most beautiful and artistic of any of the accoutrements of the ceremony. During the Renaissance, holders of very high office sometimes wore a chain as a symbol of their authority. FIU's chain is made of sterling silver and its designs are cast, cut and etched. The center medallion represents the world and is surrounded by sea shells cast from an actual shell. Reflecting the university and the South Florida area are the eight ovals which make up the chain—designed by Clem Pennington, associate professor of art education, now retired, and created in 1977 by Leo Shirker, a Miami goldsmith, art teacher and FIU alumnus.

Grand Marshal

The leader of the academic procession is the Grand Marshal. At FIU, this prestigious honor goes to the chairperson of the Faculty Senate, which is the democratic collegial governance body of the faculty.

The Mace

The Grand Marshal carries a ceremonial club called a mace. In antiquity, when an official of high rank went out in public, a mace-bearer was assigned to accompany him in order to literally beat away those who got close enough to try to petition the favors of the official. Today, the bearing of the university's mace is ceremonial in nature, signifying the authority and authenticity of those who are to follow.

The Dais Party

The Dais Party is also known as the Platform Party. This group is composed of the university's administrative leaders and very special guests. The Dais Party enters the hall before the faculty and proceeds directly to stage.

Academic Regalia

The tradition of wearing distinctive academic attire at commencement ceremonies originated in Europe in the 12th century. However, gowns and capes had been worn by clerics and ecclesiastics even before that date. A heavy black or brown gown was apparently worn at all times. Hoods and capes were also a necessity during the long, cold European winters because the buildings in which scholars lived, studied and taught were cold and drafty. When not being used to provide warmth, hoods and baggy sleeves

served the same purpose as do today's pockets. The academic costume at English universities (from which many of our American commencement traditions originate) can be traced as far back as the middle of the 14th century, to the time when scholars were rebuked that a decent habit was to be worn (Statutes of Peterhouse, 1344). The faculties of American universities have worn academic garb for commencement ceremonies since the beginning of the system. For almost 250 years, each university chose its own costume until it was realized that in 1896 an event unique in history would be taking place. This was the simultaneous celebrations of the 250th anniversary of Harvard University and the 500th anniversary of Heidelberg University. Because of this unique circumstance, the Intercollegiate Bureau of Academic Costume was opened in 1895 to record the distinctive colors of institutions, their arrangement, the particulars of gowns, hoods and caps, as well as information pertaining to academic ceremonies. At that time, an American code of academic dress was agreed upon to which we adhere today with few modifications. Since Spring 2011, FIU has selected to use earth-friendly academic regalia for undergraduate and graduate students. This initiative underlines FIU's commitment to sustainability. At Florida International University, whose colors are blue and gold, the traditional colors of the disciplines are:

Master's candidates wear black gowns and bachelor's candidates wear blue gowns with the following tassel and hood colors representing degrees:

Architecture	Blue Violet
Arts and Sciences	White
Business	Drab
Communication Arts	Crimson
Criminal Justice	Peacock Blue
Economics	Copper
Education	Light Blue
Engineering and Computer Science	Orange
Fine Arts	White
Health Sciences	Green
Honors	Gold
Hospitality and Tourism Management	Navy Blue
Journalism and Mass Communication	Crimson
Music	Pink
Nursing	Apricot
Public Administration	Peacock Blue
Public Health	Salmon
Social Work	Citron

Doctoral candidates wear black gowns with gold tassels and hood colors are assigned as follows:

Doctor of Philosophy (Ph.D.)	Navy Blue
Doctor of Education (Ed.D.)	Light Blue
Doctor of Physical Therapy (D.P.T.)	Teal
Doctor of Nursing Practice (D.N.P.)	Apricot

The Honors College

The Honors College provides highly motivated students with a cutting-edge education that complements their majors and prepares them to successfully compete for graduate school or employment. The heart of the college is its creative, active, and supportive community of outstanding students, superb teachers, accomplished researchers, and dedicated staff. Honors College scholars are admitted competitively into a transformational environment featuring problem-based experiential learning, active mentoring, and interdisciplinarity.

The curriculum emphasizes critical, integrative, and creative thinking; team and independent research; oral and written communication; and integration of class work with the world outside the university. Students choose from an array of advanced multidisciplinary seminars that complement their major studies; study abroad; and/or extended research through the groundbreaking Advanced Research and Creativity in Honors (ARCH) program. The College also provides unique, focused tracks in pre-med/health professions, innovation/entrepreneurship, and law, with Early Assurance Programs in law, medicine, dentistry, pharmacy, and osteopathy.

Students can live in the Honors College Building, taking advantage of its extensive Honors living-learning community and co-curricular opportunities, with access to high-tech innovation and video labs, as well as IT support. The College's Career Center guarantees an internship to any student seeking one, and provides training in real-world social and business skills. Honors students embrace civic responsibility, and engage in service-research that directly benefits external communities, such as the Worlds Ahead Honors-Sweetwater Partnership.
