Thomas M. Cornish '85

Senior Executive Vice President & Chief Operating Officer, BankUnited

Thomas M. Cornish is senior executive vice president and chief operating officer for BankUnited. He joined the bank in 2014 as president of the Florida Region.

From 2004 to 2014, Cornish served as president and CEO of the Florida region of Marsh & McLennan Agency and its predecessor Seitland Insurance. Prior to Marsh & McLennan, Cornish held several senior leadership positions with SunTrust Bank from 1983 through 2003. His last position at SunTrust was Miami market president and commercial line of business executive.

FIU inducted Cornish in 2013 into the FIU Business Hall of Fame. In 2017, FIU, Miami Dade College and Miami Dade Public Schools recognized him as a Hall of Fame Honoree. He is a member and immediate past chairman of the FIU Foundation Board of Directors. In 2017, he received the Torch Award from the FIU Alumni Association, the organization’s highest honor that recognizes alumni and faculty making positive impacts on their profession, the community and the university. He and his wife, Patricia, are also active in supporting education through FIU and City Year Miami.

Cornish earned his bachelor’s in business administration from FIU in 1985. He and his family reside in Pinecrest.

Honorary Degree

His Excellency Ahmed Mubarak Al Mazrouei, M.D.

Doctor of Science, honoris causa

His Excellency Dr. Ahmed Mubarak Al Mazrouei currently is the chairman of the Private Department of the President (UAE Federal Minister); secretary general of the Executive Council Cabinet of Abu Dhabi; and a member of the Supreme Petroleum Council.

He is a leader in shaping government policy in the Emirate of Abu Dhabi in many areas over his career.

In his current appointment as secretary general, Al Mazrouei planned and directed the total reformation of the administrative body, which supports the Executive Council Cabinet — closely aligning with the needs of cabinet and providing direct support to the sub-committees of the Executive Council. He is the highest authority responsible for managing the Executive Council Cabinet’s day-to-day activities.

In his previous concurrent appointments as chairman and CEO of the Health Authority-Abu Dhabi, chairman of DAMAN — the National Health Insurance Company and chairman of SEHA — the Abu Dhabi Health Services Company, Al Mazrouei provided oversight and direction to the planning and transition of a bureaucracy-controlled, publicly funded health care service into a modern decentralized health system. The new system has an independent regulatory function, universal health insurance for all residents and a maximum of private sector involvement; it ensures the delivery of world class health care to present and future generations in the Emirate, in line with the ambitious vision of the late Sheikh Zayed and the present government of Abu Dhabi.

In his previous appointment as the first chairman of the Federal Authority for Nuclear Regulation, Al Mazrouei provided oversight and direction of planning and implementation of policies to regulate and license nuclear activities in the UAE, including nuclear power, materials and resources. He also served in similar capacities as chairman of the Abu Dhabi Water and Electricity Authority and Civil Service Council.

A graduate of the United Arab Emirates University Faculty of Medicine and Health Sciences with a MBBS, Al Mazrouei started his career with the General Authority for Health Services, taking a “residency” of a different type, becoming immersed in the health care system. He started as manager of Sheikh Khalifa Medical City, the largest and most prominent hospital in the United Arab Emirates, serving in a number of roles at the General Authority for Health Services, which devolved into the Health Authority-Abu Dhabi. In addition, he has completed a number of executive management programs.

THE COMMENCEMENT:

An Academic Tradition

At every academic institution, commencement exercises are the high point of the calendar for students and their families. Since the purpose of a college or university is to prepare its students to merit the conferral of an academic degree, the commencement ceremony serves as the instrument for exhibiting the success of both the university and its students in fulfilling this primary goal. The rites involved in the celebration of commencement stem from civilization's earliest times. In fact, the very word, commencement, means a beginning. If you are familiar with the trappings of this grand ceremony, you are aware that the traditions carried forth from medieval days are revealed in all of their pomp, color and symbolism. It is a celebration of new beginnings. For participants and observers alike, commencement is meant to be both self-serving and an emotional experience.

The Chain of Office

The university president is the ceremony's convener and chief presider at the commencement ceremonies. The great chain, which is the FIU chain of office, is displayed on stage. This ancient symbol is perhaps the most beautiful and artistic of any of the accoutrements of the ceremony. During the Renaissance, holders of very high office sometimes wore a chain as a symbol of their authority. FIU's chain is made of sterling silver and its designs are cast, cut and etched. The center medallion represents the world and is surrounded by sea shells cast from an actual shell. Reflecting the university and the South Florida area are the eight ovals which make up the chain—designed by Clem Pennington, associate professor of art education, now retired, and created in 1977 by Leo Shirker, a Miami goldsmith, art teacher and FIU alumnus.

Grand Marshal

The leader of the academic procession is the Grand Marshal. At FIU, this prestigious honor goes to the chairperson of the Faculty Senate, which is the democratic collegial governance body of the faculty.

The Mace

The Grand Marshal carries a ceremonial club called a mace. In antiquity, when an official of high rank went out in public, a mace-bearer was assigned to accompany him in order to literally beat away those who got close enough to try to petition the favors of the official. Today, the bearing of the university's mace is ceremonial in nature, signifying the authority and authenticity of those who are to follow.

The Dais Party

The Dais Party is also known as the Platform Party. This group is composed of the university's administrative leaders and very special guests. The Dais Party enters the hall before the faculty and proceeds directly to stage.

Academic Regalia

The tradition of wearing distinctive academic attire at commencement ceremonies originated in Europe in the 12th century. However, gowns and capes had been worn by clerics and ecclesiastics even before that date. A heavy black or brown gown was apparently worn at all times. Hoods and capes were also a necessity during the long, cold European winters because the buildings in which scholars lived, studied and taught were cold and drafty. When not being used to provide warmth, hoods and baggy sleeves served the same purpose as do today's pockets. The academic costume at English universities (from which many of our American commencement

traditions originate) can be traced as far back as the middle of the 14th century, to the time when scholars were rebuked that a decent habit was to be worn (Statutes of Peterhouse, 1344). The faculties of American universities have worn academic garb for commencement ceremonies since the beginning of the system. For almost 250 years, each university chose its own costume until it was realized that in 1896 an event unique in history would be taking place. This was the simultaneous celebrations of the 250th anniversary of Harvard University and the 500th anniversary of Heidelberg University. Because of this unique circumstance, the Intercollegiate Bureau of Academic Costume was opened in 1895 to record the distinctive colors of institutions, their arrangement, the particulars of gowns, hoods and caps, as well as information pertaining to academic ceremonies. At that time, an American code of academic dress was agreed upon to which we adhere today with few modifications. Since Spring 2011, FIU has selected to use earth-friendly academic regalia for undergraduate and graduate students. This initiative underlines FIU's commitment to sustainability. At Florida International University, whose colors are blue and gold, the traditional colors of the disciplines are:

Bachelor's candidates wear blue gowns and master's candidates wear black gowns with the following tassel and hood colors representing degrees:

Architecture	Blue Violet

The Honors College

The Honors College provides highly motivated students with a cutting-edge education that complements their majors and prepares them to successfully compete for graduate school or employment. The heart of the college is its creative, active, and supportive community of outstanding students, superb teachers, accomplished researchers, and dedicated staff. Honors College scholars are admitted competitively into a transformational environment featuring problem-based experiential learning, active mentoring, and interdisciplinarity.

The curriculum emphasizes critical, integrative, and creative thinking; team and independent research; oral and written communication; and integration of class work with the world outside the university. Students choose from an array of advanced multidisciplinary seminars that complement their major studies; study abroad; and/or extended research through the groundbreaking Advanced Research and Creativity in Honors (ARCH) program. The College also provides unique, focused tracks in pre-med/health professions, innovation/entrepreneurship, and law, with Early Assurance Programs in law, medicine, dentistry, pharmacy, and osteopathy.

Students can live in the Honors College Building, taking advantage of its extensive Honors living-learning community and co-curricular opportunities, with access to high-tech innovation and video labs, as well as IT support. The College's Career Center guarantees an internship to any student seeking one, and provides training in real-world social and business skills. Honors students embrace civic responsibility, and engage in service-research that directly benefits external communities, such as the Worlds Ahead Honors-Sweetwater Partnership.

Phi Beta Kappa

Phi Beta Kappa (PBK) is America's most prestigious academic honor society. Since 1776, Phi Beta Kappa has championed education, fostered freedom of thought, and recognized academic excellence. PBK honors the best and brightest liberal arts and sciences undergraduates from 286 top schools across the nation through a highly selective, merit-based invitation process. PBK advocates for the importance of liberal arts and sciences education and equips members with information and tools to thoughtfully engage in American society as leaders, volunteers, and citizens.

It is a distinct honor to be elected to PBK. Only 10% of U.S. colleges and universities have Phi Beta Kappa chapters and these chapters select a maximum of 10% of their liberal arts and sciences graduates to join. Election is based upon the evidence of broad cultural interests, scholarly achievement, and good character. We congratulate the following students for having been elected to the Epsilon Chapter of Phi Beta Kappa at FIU.

Dear Panthers:

Summer 2018

On behalf of the FIU Alumni Association and its Board of Directors we extend our congratulations and welcome you to your new family of more than 215,000+ alumni. **All of our graduates now belong to the FIU Alumni Association – we are no longer charging membership fees!** FIU alumni have access to more than 300,000 local and national discounts, numerous benefits and services the Association offers.

Your Alumni Association exists to advance the strategic priorities of FIU and to be a viable resource for engaging alumni. Getting involved, either by volunteering your time and talents or by making a tax deductible gift, is a great way for you to show your school pride. The Association helps fund student scholarships, provide career coaching, engage in legislative advocacy, and sponsors many events and activities throughout the year.

Be loud and proud in your Panther pride for you are forever linked to FIU! Let everyone know about the great education you received here. Wear your FIU colors. Purchase an FIU license plate. Support your alma mater, and come back to experience the many lectures, games and exhibits that are part of the life of our vibrant university. Always show pride in your FIU.

FIU will always be your home away from home! Whenever you are on campus, stop by and pay the Alumni Association a visit in MARC Suite 230 at the Modesto A. Maidique Campus.
