NEXT HORIZON
The Campaign for FIU

Florida International University is a vibrant, student-centered public research university that is **Worlds Ahead** in its commitment to learning, research, entrepreneurship, innovation and creativity so that our graduates are prepared to succeed in the global market. For the first time ever, FIU was named a Top 100 public university in the country in 2018, according to *U.S. News & World Report's* annual rankings.

Since 1965, when it was chartered as the area's first public university, FIU has built a reputation for excellence in teaching, research and community engagement. Since taking office in August 2009, President Mark B. Rosenberg has focused on strengthening student-centered academic excellence, enhancing research that supports community priorities and expanding community partnerships.

FIU has diverse and nationally celebrated faculty who bring a global perspective to their research and teaching. Our vibrant student body is made up of individuals from throughout the United States and more than 130 countries, and **Worlds Ahead** alumni have risen to prominence in every field.

FIU offers nearly 200 baccalaureate, master's, doctoral and specialist degree programs in its colleges and schools, including: College of Communication, Architecture + The Arts; College of Arts, Sciences & Education; College of Business; College of Engineering and Computing; Honors College; College of Law; Herbert Wertheim College of Medicine; Nicole Wertheim College of Nursing & Health Sciences; Chaplin School of Hospitality & Tourism Management; Steven J. Green School of International & Public Affairs; and Robert Stempel College of Public Health & Social Work.

As one of South Florida's anchor institutions, FIU contributes almost \$9 billion each year to the local economy and is ranked second in Florida in *Forbes Magazine's* "America's Best Employers" list. FIU graduates are consistently among the highest paid college graduates in Florida and are among the leaders of public and private organizations throughout South Florida. FIU is **Worlds Ahead** in finding solutions to the most challenging problems of our time. FIU emphasizes research as a major component of its mission with multiple state-of-the-art research facilities, including the Wall of Wind Research and Testing Facility, the Medina Aquarius Program and the Advanced Materials Engineering Research Institute. FIU has awarded more than 220,000 degrees and enrolls more than 58,000 students at Modesto A. Maidique campus, Biscayne Bay campus, FIU Downtown on Brickell, FIU@I-75, the Miami Beach Urban Studios, and the university's Qingdao and Tianjin locations in China. FIU also supports artistic and cultural engagement through its three museums: Patricia & Phillip Frost Art Museum, the Wolfsonian-FIU and the Jewish Museum of Florida-FIU. FIU is a member of Conference USA, and more than 400 student-athletes participate in 18 sports.

Thanks to the support of the South Florida community, FIU has emerged as a **Worlds Ahead** leader of higher education.

Commencement Speaker

Cesar Conde
Chairman, NBCUniversal International Group
& NBCUniversal Telemundo Enterprises

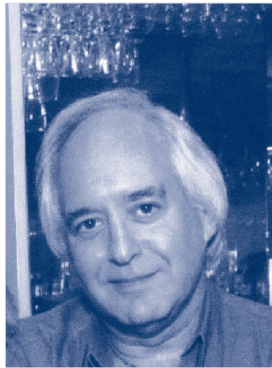

Cesar Conde is chairman of NBCUniversal International Group and NBCUniversal Telemundo Enterprises and is responsible for the operations and international expansion of NBCUniversal businesses outside of North America.

As chairman of NBCU Telemundo Enterprises, Conde oversees the leading media properties that serve Hispanics worldwide. Under his leadership, Telemundo became the No. 1 Spanish-language network for the first time in the company’s history.

Conde joined NBCUniversal in October 2013 as executive vice president of NBCUniversal. Previously, he was president of Univision Networks, where he was credited with transforming the network into a leading global, multi-platform media brand. He served as a White House Fellow for Secretary of State Colin L. Powell; worked at StarMedia Network, the first internet company focused on Spanish and Portuguese speaking audiences; and in the Mergers & Acquisitions Group at Salomon Smith Barney.

Social and community initiatives are core to Conde’s business approach. At NBCUniversal, he spearheaded the launch of “El Poder En Ti,” the company’s corporate social responsibility initiative, and while at Univision, he created a national education initiative with the Bill & Melinda Gates Foundation.

Conde serves on the board of directors of PepsiCo and Walmart, where he also sits on the company’s Audit and Technology and eCommerce Committees. He is a trustee of the Aspen Institute and the Paley Center for Media; a full member at the Council on Foreign Relations; and a Young Global Leader for the World Economic Forum. He holds a bachelor’s with honors from Harvard University and an MBA from the Wharton School at the University of Pennsylvania.

Commencement Speaker

Neil Dern

Artist, Photographer, Wall Street executive

Neil Dern is an artist who worked on Wall Street for more than 40 years before he turned to photography after the terrorist attacks of September 11.

For 13 years preceding the attacks, Dern was a senior executive of GE Capital, a division of General Electric, and the head of the company's derivatives trading area. He handled investments from major governments around the world. On that fateful morning, Dern witnessed Flight 11 crash into the North Tower.

For Dern, the attacks of 9/11 are—along with a dramatic chapter in history—part of his personal experience, which, he says, “can be communicated to others, differently, again and again.” His photography collection, *Where 9/11 Happened*, is a subjective exploration of the reality of 9/11.

For many years after the attack, Dern visited the original site where the twin towers were located with his camera. He looked for traces of the past—evidence of the horrific occurrence—and the commemorative aspect of the ample profile assigned to the new spot. The resulting photos, Dern says, were taken to keep alive the memory of people who were killed that dreadful day.

His work has been shown at The Jewish Museum of Florida—FIU, ArtMedia Gallery in Wynwood and at the Cleveland Clinic Foundation in Weston. His work is also included in private collections.

Dern holds a bachelor's from Brown University's School of Mathematics as well as two master's and two Ph.D.'s in both applied and linear mathematics from Courant Institute of Mathematical Sciences. He also holds a JD in international law from Columbia University's School of Law.

He currently lives in Aventura with his partner, Joyce Wachman.

Commencement Speaker

The Honorable Oliver G. Gilbert III

Mayor, City of Miami Gardens

Oliver G. Gilbert III is mayor of the City of Miami Gardens. Gilbert was born and raised in the Bahas neighborhood of Miami Gardens, where he still lives with his son, Oliver IV. At an early age, Gilbert decided that he would make his hometown proud.

After graduating from Miami Norland Senior High School, Gilbert pursued his bachelor's at Florida A&M University and then attended the University of Miami School of Law, where he graduated with honors. Shortly after law school graduation, he began his career in government and politics serving as the legislative aide for State Representative Dorothy Bendross-Mindingall. He then served as the Deputy of Policy for Florida State Gubernatorial Candidate Janet Reno and as an assistant state attorney at the Broward County State Attorney's Office. As one of the leading prosecutors, Gilbert's record was one of being tough but fair.

Gilbert returned to serve his hometown after it was incorporated as the City of Miami Gardens in 2003. In 2008, Gilbert was appointed to the Miami Gardens City Council. He served in this capacity until 2012 when he was elected as the second Mayor of Miami Gardens. He is currently serving his second term.

Mayor Gilbert is the president of the African American Mayors Association, chairman of the Miami-Dade Transportation Planning Organization, advisory board member of the United States Conference of Mayors and executive committee member of the Miami-Dade County League of Cities.

FIU Honorary Degree

Doctor of Public Service, *honoris causa*

Joseph “Pepe” Badía
President, Badía Spices, Inc.

Joseph “Pepe” Badía is the president of Badía Spices, one of today’s leading family-owned Hispanic food companies. Badía’s products are sold and savored in 90 countries.

Badía was born in Cuba and came to the United States in 1960 at the age of 14. He served in U.S. Army in the mid-1960s, and when his family settled in Miami, Florida, he attended Miami-Dade Community College with the help of the GI Bill. In 1967, his father, José Badía, opened a small store front in the Little Havana neighborhood, where he established Badía Spices. In 1970, Pepe — as he is affectionately called — went to work with his father and helped grow the day-to-day operations of the company.

Pepe helped expand Badía Spices into South Florida supermarkets, in and outside the Hispanic community. He broadened the product line; took calculated risks by entering new national and global markets; made steady investments; and hired a top-notch team of dedicated employees.

To enhance and strengthen the local community, Badía Spices and the Badía family support organizations such as The Dan Marino Foundation, National Breast Cancer Foundation, Here’s Help, Miami Dade College and La Liga Contra el Cancer. Badía Spices has been providing scholarships for FIU students for more than a decade. The Badía Spices Scholarship and the Badía Spices-Jose Martí Scholarship Program give FIU students the opportunity to pursue their dreams without financial burden. In 2015, a gift from Badía Spices helped create a food production lab. The state-of-the art instructional space provides students hands-on learning opportunities in food production and innovation.

Commencement Speaker

Connie Silver
Artist

Constance Silver is a philanthropist, social worker, psychotherapist and a talented artist, working under the pseudonym C. McSilver.

As C. McSilver, she creates vibrant paintings and sculptures depicting fantastical camouflaged and masked human figures. Silver’s work reflects her affection and attachment to people and her belief in the individual spirit and soul, whether interpreted with joviality or sorrow. She expands traditional limitations of sculpture — working without restraint in design and unbridled in her conception — producing works with robust qualities and boundless fantasy. The results are brash, richly colored figures of varying dimensions, with some sculptures towering at more than 6 feet tall.

In 2012, Silver’s watercolors and acrylic paintings were featured at Miami’s Red Dot Art Fair, held during Miami Art Basel. She also was a featured artist at Miami’s Florida Grand Opera. In celebration of the Opera’s opening of Tosca, Silver’s sculptures — made of fiberglass and automotive paint — were exhibited at a pre-performance dinner for the Opera’s key supporters. A staunch advocate for the social work profession, Silver gives all her proceeds from art sales to need-based scholarships.

Silver holds a bachelor’s and two graduate degrees from the New York University (NYU) Silver School of Social Work. After graduation, she was certified in psychoanalysis, worked in private practice and taught at the school as an adjunct faculty member. She is currently an NYU trustee. She and her husband, Martin, both NYU graduates, recently pledged \$50 million to the school, enabling it to strengthen its focus on research-based clinical practice, examine the causes and solutions of poverty, and provide financial aid to a more diverse group of students. In honor of their support, the school was renamed the NYU Silver School of Social Work in 2007.

THE COMMENCEMENT:

An Academic Tradition

At every academic institution, commencement exercises are the high point of the calendar for students and their families. Since the purpose of a college or university is to prepare its students to merit the conferral of an academic degree, the commencement ceremony serves as the instrument for exhibiting the success of both the university and its students in fulfilling this primary goal. The rites involved in the celebration of commencement stem from civilization’s earliest times. In fact, the very word, commencement, means a beginning. If you are familiar with the trappings of this grand ceremony, you are aware that the traditions carried forth from medieval days are revealed in all of their pomp, color and symbolism. It is a celebration of new beginnings. For participants and observers alike, commencement is meant to be both self-serving and an emotional experience.

The Chain of Office

The university president is the ceremony’s convener and chief presider at the commencement ceremonies. The great chain, which is the FIU chain of office, is displayed on stage. This ancient symbol is perhaps the most beautiful and artistic of any of the accoutrements of the ceremony. During the Renaissance, holders of very high office sometimes wore a chain as a symbol of their authority. FIU’s chain is made of sterling silver and its designs are cast, cut and etched. The center medallion represents the world and is surrounded by sea shells cast from an actual shell. Reflecting the university and the South Florida area are the eight ovals which make up the chain—designed by Clem Pennington, associate professor of art education, now retired, and created in 1977 by Leo Shirker, a Miami goldsmith, art teacher and FIU alumnus.

Grand Marshal

The leader of the academic procession is the Grand Marshal. At FIU, this prestigious honor goes to the chairperson of the Faculty Senate, which is the democratic collegial governance body of the faculty.

The Mace

The Grand Marshal carries a ceremonial club called a mace. In antiquity, when an official of high rank went out in public, a mace-bearer was assigned to accompany him in order to literally beat away those who got close enough to try to petition the favors of the official. Today, the bearing of the university’s mace is ceremonial in nature, signifying the authority and authenticity of those who are to follow.

The Dais Party

The Dais Party is also known as the Platform Party. This group is composed of the university’s administrative leaders and very special guests. The Dais Party enters the hall before the faculty and proceeds directly to stage.

Academic Regalia

The tradition of wearing distinctive academic attire at commencement ceremonies originated in Europe in the 12th century. However, gowns and capes had been worn by clerics and ecclesiastics even before that date. A heavy black or brown gown was apparently worn at all times. Hoods and capes were also a necessity during the long, cold European winters because the buildings in which scholars lived, studied and taught were cold and drafty. When not being used to provide warmth, hoods and baggy sleeves served the same purpose as do today’s pockets. The academic costume at English universities (from which many of our American commencement

traditions originate) can be traced as far back as the middle of the 14th century, to the time when scholars were rebuked that a decent habit was to be worn (Statutes of Peterhouse, 1344). The faculties of American universities have worn academic garb for commencement ceremonies since the beginning of the system. For almost 250 years, each university chose its own costume until it was realized that in 1896 an event unique in history would be taking place. This was the simultaneous celebrations of the 250th anniversary of Harvard University and the 500th anniversary of Heidelberg University. Because of this unique circumstance, the Intercollegiate Bureau of Academic Costume was opened in 1895 to record the distinctive colors of institutions, their arrangement, the particulars of gowns, hoods and caps, as well as information pertaining to academic ceremonies. At that time, an American code of academic dress was agreed upon to which we adhere today with few modifications. Since Spring 2011, FIU has selected to use earth-friendly academic regalia for undergraduate and graduate students. This initiative underlines FIU’s commitment to sustainability. At Florida International University, whose colors are blue and gold, the traditional colors of the disciplines are:

Bachelor’s candidates wear blue gowns and master’s candidates wear black gowns with the following tassel and hood colors representing degrees:

Architecture	Blue Violet
Art Education	Light Blue
Arts and Sciences	White
Business	Drab
Communication Arts	Crimson
Criminal Justice	Peacock Blue

The Honors College

The Honors College provides highly motivated students with a cutting-edge education that complements their majors and prepares them to successfully compete for graduate school or employment. The heart of the college is its creative, active, and supportive community of outstanding students, superb teachers, accomplished researchers, and dedicated staff. Honors College scholars are admitted competitively into a transformational environment featuring problem-based experiential learning, active mentoring, and interdisciplinarity.

The curriculum emphasizes critical, integrative, and creative thinking; team and independent research; oral and written communication; and integration of class work with the world outside the university. Students choose from an array of advanced multidisciplinary seminars that complement their major studies; study abroad; and/or extended research through the groundbreaking Advanced Research and Creativity in Honors (ARCH) program. The College also provides unique, focused tracks in pre-med/health professions, innovation/entrepreneurship, and law, with Early Assurance Programs in law, medicine, dentistry, pharmacy, and osteopathy.

Students can live in the Honors College Building, taking advantage of its extensive Honors living-learning community and co-curricular opportunities, with access to high-tech innovation and video labs, as well as IT support. The College's Career Center guarantees an internship to any student seeking one, and provides training in real-world social and business skills. Honors students embrace civic responsibility, and engage in service-research that directly benefits external communities, such as the Worlds Ahead Honors-Sweetwater Partnership.

Phi Beta Kappa

Phi Beta Kappa (PBK) is America's most prestigious academic honor society. Since 1776, Phi Beta Kappa has championed education, fostered freedom of thought, and recognized academic excellence. PBK honors the best and brightest liberal arts and sciences undergraduates from 286 top schools across the nation through a highly selective, merit-based invitation process. PBK advocates for the importance of liberal arts and sciences education and equips members with information and tools to thoughtfully engage in American society as leaders, volunteers, and citizens.

It is a distinct honor to be elected to PBK. Only 10% of U.S. colleges and universities have Phi Beta Kappa chapters and these chapters select a maximum of 10% of their liberal arts and sciences graduates to join. Election is based upon the evidence of broad cultural interests, scholarly achievement, and good character. We congratulate the following students for having been elected to the Epsilon Chapter of Phi Beta Kappa at FIU.

Dear Panthers:

Spring 2019

On behalf of the FIU Alumni Association and its Board of Directors we extend our congratulations and welcome you to your new family of more than 224,000+ alumni. **All of our graduates now belong to the FIU Alumni Association – we are no longer charging membership fees!** FIU alumni have access to more than 300,000 local and national discounts, numerous benefits and services the Association offers.

Your Alumni Association exists to advance the strategic priorities of FIU and to be a viable resource for engaging alumni. Getting involved, either by volunteering your time and talents or by making a tax deductible gift, is a great way for you to show your school pride. The Association helps fund student scholarships, provide career coaching, engage in legislative advocacy, and sponsors many events and activities throughout the year.

Be loud and proud in your Panther pride for you are forever linked to FIU! Let everyone know about the great education you received here. Wear your FIU colors. Purchase an FIU license plate. Support your alma mater, and come back to experience the many lectures, games and exhibits that are part of the life of our vibrant university. Always show pride in your FIU.

FIU will always be your home away from home! Whenever you are on campus, stop by and pay the Alumni Association a visit in MARC Suite 230 at the Modesto A. Maidique Campus.

Learn more about your Alumni Association by visiting our website at fualumni.com, follow us on social media @fualumni and #fualumni, or call 305-348-3334.

In the spirit of Blue & Gold
