FIU Alma Mater68

Florida International University is a vibrant, student-centered public research university committed to learning, research, entrepreneurship, innovation and creativity. With more than 58,000 students and 225,000 alumni, FIU finds strength in numbers—but it's what these numbers have accomplished that truly tells the story of impact. We are a Top 50 national public university, according to *Washington Monthly*, and a Top 50 innovative public university and top performer in social mobility, according to *U.S. News & World Report*. Our graduates are prepared to succeed in the real global market.

Since 1965, when it was chartered as the area's first public university, FIU has built a reputation for excellence in research and real community engagement. Since taking office in August 2009, President Mark B. Rosenberg has focused on strengthening student-centered academic excellence, enhancing research that supports community priorities and expanding community partnerships.

FIU has diverse and nationally celebrated faculty who bring a real global perspective to their research and teaching. Our students hail from all over the United States and more than 130 countries. Our alumni have risen to prominence in every field, producing real results. Real Triumphs.

FIU offers nearly 200 baccalaureate, master's, doctoral and specialist degree programs in its colleges and schools, including: College of Arts, Sciences & Education; College of Business; College of Communication, Architecture + The Arts; College of Engineering & Computing; Honors College; Chaplin School of Hospitality & Tourism Management; Steven J. Green School of International & Public Affairs; College of Law; Herbert Wertheim College of Medicine; Nicole Wertheim College of Nursing & Health Sciences; and Robert Stempel College of Public Health & Social Work.

As one of South Florida's anchor institutions, FIU contributes almost \$9 billion each year to the local economy. FIU graduates are consistently among the highest paid college graduates in Florida and are among the leaders of public and private organizations throughout South Florida. One of the institutions that helps make Florida the top state for higher education, FIU has more than \$200 million in annual expenditures and multiple state-of-the-art research facilities, including the Wall of Wind Research and Testing Facility, the Medina Aquarius Program and the Advanced Materials Engineering Research Institute. FIU is among the top 50 U.S. patent producers in the world, which drives innovation—real innovation that makes a real difference.

FIU is not just in Miami, we are Miami—with locations all over South Florida, including Modesto A. Maidique Campus, Biscayne Bay Campus, FIU Downtown on Brickell, FIU@I-75 and the Miami Beach Urban Studios. FIU also supports artistic and cultural engagement through its three museums: Patricia & Phillip Frost Art Museum-FIU, the Wolfsonian-FIU and the Jewish Museum of Florida-FIU. FIU is a member of Conference USA, and more than 400 student-athletes participate in 18 sports.

Thanks to the support of the South Florida community, FIU is a leader of higher education, producing Real Triumphs. What real does makes a real difference.

Dear Graduate:

Welcome to FIU's virtual commencement! To the Class of 2020, I congratulate each and every one of you on your remarkable resiliency in these unprecedented times. A few months ago, you were heading into the home stretch of your present academic journey, likely looking forward to striding across the stage of the Ocean Bank Convocation Center, shaking my hand as you accepted your degree, and celebrating with your loved ones your hard work and efforts in higher education. I was looking forward to it, too. You see, I draw strength and renew purpose from your incredible energy and success. And then the coronavirus crossed oceans and continents, creeping into our daily lives, forcing us to rethink how we celebrate commencement. I am immensely proud of the way you have handled the necessary changes to this time-honored tradition.

You are not alone in stepping up and leaning in to the COVID-19 pandemic. Panthers everywhere are pitching in. We've 3D-printed thousands of face shields for healthcare workers on the frontlines, partnered with Miami-Dade County and the Miami-Dade County Fair & Exposition in the opening and operating of a COVID-19 testing site, made available 28 ventilators to treat coronavirus patients, and ensure our experts like Dr. Aileen Marty, Dr. Mary Jo Trepka and others are imparting their knowledge and guidance to our community. Your fellow Panthers are on the frontline of this epidemic, putting what they learned here at our FIU into daily use to save lives and offer comfort. I have been inspired by the collective intellectual prowess and deep empathy shown by members of the FIU family, and I hope you feel the same sense of pride that I do every time I hear of another Panther changing this world for the better.

But today is about celebrating your intellectual accomplishments. I want you to know that you and your fellow graduates fill me with that same sense of inspiration and pride. I cannot shake your hand or take a photo with you today, but there will come a day soon when I can. I look forward to celebrating.

Until that day comes, my hope for you is that today's virtual commencement fills you and your families with the deep sense of accomplishment and pride that you deserve! Know that Panthers everywhere are celebrating with you and welcoming you to the Panther alumni community. As the more than 200,000 graduates who have come before you have done, I know you will make us proud!

In the spirit of Blue and Gold,

Commencement Speaker

Dean C. Colson

Chairman, FIU Board of Trustees

Dean C. Colson, a former chairman of the state Board of Governors, was elected chairman of the FIU Board of Trustees in June.

Colson is a partner at the Coral Gables-based Law Firm Colson Hicks Eidson and a former president of the Dade County Bar Association. He has 40 years of leadership experience serving the citizens of Florida in various civic and community roles. Prior to his service in public education, Colson was chair of the Board of Trustees of the University of Miami from 2004-2007. Colson also served as special adviser on higher education issues to Governor Charlie Crist and was appointed by Governor Jeb Bush to the Florida Supreme Court Judicial Nominating Commission and Florida's Commission on Ethics.

On the national stage, Colson was appointed by U.S. Supreme Court Chief Justice John G. Roberts to the Standing Rules Committee of the Federal Courts and was the liaison member to the Appellate Rules Committee.

Born and raised in Miami, Colson was educated in local public schools before graduating from Princeton University and the University of Miami School of Law. His community service includes chairing the 1995 Super Bowl XXIX Host Committee and serving as president of the Orange Bowl Committee in 2003. He is also a board member of several charitable and nonprofit organizations in South Florida. Colson received the "Citizen of the Year" award in 1995 from the mayor of Miami. In 2009, FIU awarded Colson an Honorary Degree, Doctor of Laws.

The Honors College

The Honors College provides highly motivated students with a cutting-edge education that complements their majors and prepares them to successfully compete for graduate school or employment. The heart of the college is its creative, active, and supportive community of outstanding students, superb teachers, accomplished researchers, and dedicated staff. Honors College scholars are admitted competitively into a transformational environment featuring problem-based experiential learning, active mentoring, and interdisciplinarity.

The curriculum emphasizes critical, integrative, and creative thinking; team and independent research; oral and written communication; and integration of class work with the world outside the university. Students choose from an array of advanced multidisciplinary seminars that complement their major studies; study abroad; and/or extended research through the groundbreaking Advanced Research and Creativity in Honors (ARCH) program. The College also provides unique, focused tracks in pre-med/health professions, innovation/entrepreneurship, and law, with Early Assurance Programs in law, medicine, dentistry, pharmacy, and osteopathy.

Students can live in the Honors College Building, taking advantage of its extensive Honors living-learning community and co-curricular opportunities, with access to high-tech innovation and video labs, as well as IT support. The College's Career Center guarantees an internship to any student seeking one, and provides training in real-world social and business skills. Honors students embrace civic responsibility, and engage in service-research that directly benefits external communities, such as the Worlds Ahead Honors-Sweetwater Partnership.

Phi Beta Kappa

Phi Beta Kappa (PBK) is America's most prestigious academic honor society. Since 1776, Phi Beta Kappa has championed education, fostered freedom of thought, and recognized academic excellence. PBK honors the best and brightest liberal arts and sciences undergraduates from 286 top schools across the nation through a highly selective, merit-based invitation process. PBK advocates for the importance of liberal arts and sciences education and equips members with information and tools to thoughtfully engage in American society as leaders, volunteers, and citizens.

It is a distinct honor to be elected to PBK. Only 10% of U.S. colleges and universities have Phi Beta Kappa chapters and these chapters select a maximum of 10% of their liberal arts and sciences graduates to join. Election is based upon the evidence of broad cultural interests, scholarly achievement, and good character. We congratulate the following students for having been elected to the Epsilon Chapter of Phi Beta Kappa at FIU.

FLORIDA INTERNATIONAL UNIVERSITY

Dear Panthers:

Summer 2020

Congratulations and welcome to the Panther alumni family—we are nearly a quarter-million strong!

While your commencement experience is different than Panthers who have gone before you, what remains the same is that you have worked hard to get here and have a lot to be proud of. Let that pride propel you forward as you start or turbocharge your career using the degree you received today. Your family, your community and Panthers everywhere are rooting for you!

As an FIU alumnus you are automatically part of a strong and growing Panther network—the FIU Alumni Association. For starters, you have access to more than 300,000 local and national services, benefits, and discounts. But the real power of our network is what we can do together and how we can give back to our FIU.

The Alumni Association also helps fund student scholarships, provides professional development, engages in legislative advocacy, and sponsors many major events throughout the year.

Come visit the Alumni Association office anytime you are on campus. You'll find us in MARC Suite 210 at the main campus. Learn more about your Alumni Association by visiting fialumni.com, by following us on social media: [@fialumni](https://twitter.com/fialumni) and [#fialumni](https://facebook.com/fialumni), or by calling 305-FIU-ALUM.

Remember that we are all ambassadors for FIU and pride in our FIU can show in many different ways: Wear your FIU gear, rock an FIU license plate, come to games, visit our museums, catch a show or a concert, mentor a student. Make a difference.

Go Panthers!

DURING DIFFICULT TIMES, PANTHERS UNITE.

Congratulations to all Summer 2020 graduates! We celebrate your achievements and journey to reach this special day – even in the face of challenging conditions, you exemplify the way Panthers persevere.

FIU is doing everything possible to help our community through the COVID-19 pandemic. Many of our students live paycheck to paycheck and are depending on emergency aid to meet their most basic needs and continue their education.

If you are able, please consider donating to the Panther Protection fund, or designate the college or school you want your gift to support. 100% of your contribution will go to Panthers in need.

FIU | Foundation, Inc.

Florida International University is a vibrant, student-centered public research university committed to learning, research, entrepreneurship, innovation and creativity. With more than 58,000 students and 225,000 alumni, FIU finds strength in numbers—but it's what these numbers have accomplished that truly tells the story of impact. We are a Top 50 national public university, according to *Washington Monthly*, and a Top 50 innovative public university and top performer in social mobility, according to *U.S. News & World Report*. Our alumni have risen to prominence in every field, producing real results. Real Triumphs.
