Florida International University is a vibrant, student-centered public research university that is **Worlds Ahead** in its commitment to learning, research, entrepreneurship, innovation and creativity so that our graduates are prepared to succeed in the global market. FIU now has 44 top 50 rankings, according to *U.S. News & World Report*. These include top rankings for its undergraduate international business program (No. 2) and as a Top Performer for Social Mobility (No. 10).

Since 1965, when it was chartered as the area's first public university, FIU has built a reputation for excellence in teaching, research and community engagement. Since taking office in August 2009, President Mark B. Rosenberg has focused on strengthening student-centered academic excellence, enhancing research that supports community priorities and expanding community partnerships.

FIU has diverse and nationally celebrated faculty who bring a global perspective to their research and teaching. Our vibrant student body is made up of individuals from throughout the United States and more than 130 countries, and **Worlds Ahead** alumni have risen to prominence in every field.

FIU offers nearly 200 baccalaureate, master's, doctoral and specialist degree programs in its colleges and schools, including: College of Arts, Sciences & Education; College of Business; College of Communication, Architecture + The Arts; College of Engineering and Computing; Honors College; Chaplin School of Hospitality & Tourism Management; Steven J. Green School of International & Public Affairs; College of Law; Herbert Wertheim College of Medicine; Nicole Wertheim College of Nursing & Health Sciences; and Robert Stempel College of Public Health & Social Work.

As one of South Florida's anchor institutions, FIU contributes almost \$9 billion each year to the local economy. FIU graduates are consistently among the highest paid college graduates in Florida and are among the leaders of public and private organizations throughout South Florida. FIU is a top U.S. research university with more than \$200 million in annual expenditures and multiple state-of-the-art research facilities, including the Wall of Wind Research and Testing Facility, the Medina Aquarius Program and the Advanced Materials Engineering Research Institute. FIU ranks 15th in the nation among public universities for patent production, which drives innovation, and is one of the institutions that helps make Florida the top state for higher education.

FIU has awarded more than 220,000 degrees and enrolls more than 58,000 students at Modesto A. Maidique Campus, Biscayne Bay Campus, FIU Downtown on Brickell, FIU@I-75 and the Miami Beach Urban Studios, among other locations. FIU also supports artistic and cultural engagement through its three museums: Patricia & Phillip Frost Art Museum, the Wolfsonian-FIU and the Jewish Museum of Florida-FIU. FIU is a member of Conference USA, and more than 400 student-athletes participate in 18 sports.

Thanks to the support of the South Florida community, FIU has emerged as a **Worlds Ahead** leader of higher education.

Letter from the President

Dear Graduate:

Welcome to FIU's first-ever virtual commencement! To the Class of 2020, I congratulate each and every one of you on your remarkable resiliency in these unprecedented times. A few months ago, you were heading into the home stretch of your present academic journey, likely looking forward to striding across the stage of the Ocean Bank Convocation Center, shaking my hand as you accepted your degree, and celebrating with your loved ones your hard work and efforts in higher education. I was looking forward to it, too. You see, I draw strength and renew purpose from your incredible energy and success. And then the coronavirus crossed oceans and continents, creeping into our daily lives, forcing us to rethink how we celebrate commencement.

I am immensely proud of the way you have handled the necessary changes to this time-honored tradition.

You are not alone in stepping up and leaning in to the COVID-19 pandemic. Panthers everywhere are pitching in. We've 3D-printed more than 3,000 face shields for healthcare workers on the frontlines, opened and operated a COVID-19 testing site, made available 28 ventilators to treat the growing number of coronavirus patients, and ensure our experts like Dr. Aileen Marty, Dr. Mary Jo Trepka and others are imparting their knowledge and guidance to our community. Your fellow Panthers are on the frontline of this epidemic, putting what they learned here at our FIU into daily use to save lives and offer comfort. I have been inspired by the collective intellectual prowess and deep empathy shown by members of the FIU family, and I hope you feel the same sense of pride that I do every time I hear of another Panther changing this world for the better.

But today is about celebrating your intellectual accomplishments. I want you to know that you and your fellow graduates fill me with that same sense of inspiration and pride. I cannot shake your hand or take a photo with you today, but there will come a day soon when I can. I look forward to celebrating together – in person – your accomplishments with an in-person commencement ceremony that is held specifically for you and your fellow Spring 2020 graduates. Details on that joyous occasion will be communicated in the coming weeks.

Until that day comes, my hope for you is that today's virtual commencement fills you and your families with the deep sense of accomplishment and pride that you deserve! Know that Panthers everywhere are celebrating with you and welcoming you to the Panther alumni community. As the more than 200,000 graduates who have come before you have done, I know you will make us proud!

In the spirit of Blue and Gold,

A handwritten signature in blue ink, which appears to be "Mark B. Rosenberg". The signature is fluid and stylized, with a long, sweeping line extending from the end.

The Honors College

The Honors College provides highly motivated students with a cutting-edge education that complements their majors and prepares them to successfully compete for graduate school or employment. The heart of the college is its creative, active, and supportive community of outstanding students, superb teachers, accomplished researchers, and dedicated staff. Honors College scholars are admitted competitively into a transformational environment featuring problem-based experiential learning, active mentoring, and interdisciplinarity.

The curriculum emphasizes critical, integrative, and creative thinking; team and independent research; oral and written communication; and integration of class work with the world outside the university. Students choose from an array of advanced multidisciplinary seminars that complement their major studies; study abroad; and/or extended research through the groundbreaking Advanced Research and Creativity in Honors (ARCH) program. The College also provides unique, focused tracks in pre-med/health professions, innovation/entrepreneurship, and law, with Early Assurance Programs in law, medicine, dentistry, pharmacy, and osteopathy.

Students can live in the Honors College Building, taking advantage of its extensive Honors living-learning community and co-curricular opportunities, with access to high-tech innovation and video labs, as well as IT support. The College's Career Center guarantees an internship to any student seeking one, and provides training in real-world social and business skills. Honors students embrace civic responsibility, and engage in service-research that directly benefits external communities, such as the Worlds Ahead Honors-Sweetwater Partnership.

Phi Beta Kappa

Phi Beta Kappa (PBK) is America's most prestigious academic honor society. Since 1776, Phi Beta Kappa has championed education, fostered freedom of thought, and recognized academic excellence. PBK honors the best and brightest liberal arts and sciences undergraduates from 286 top schools across the nation through a highly selective, merit-based invitation process. PBK advocates for the importance of liberal arts and sciences education and equips members with information and tools to thoughtfully engage in American society as leaders, volunteers, and citizens.

It is a distinct honor to be elected to PBK. Only 10% of U.S. colleges and universities have Phi Beta Kappa chapters and these chapters select a maximum of 10% of their liberal arts and sciences graduates to join. Election is based upon the evidence of broad cultural interests, scholarly achievement, and good character. We congratulate the following students for having been elected to the Epsilon Chapter of Phi Beta Kappa at FIU.

MEDLEAD PROGRAM

The Herbert Wertheim College of Medicine's MedLEAD program is a leadership development initiative for medical students starting in their second year. The MedLEAD leadership track is facilitated through a variety of action-based learning experiences that fulfill eight critical competencies to become effective leaders in their chosen careers. MedLEAD participants complete the program in their fourth year through reflection and goal setting—providing them a platform to lead, inspire a vision, and transform the ever-evolving healthcare system. Congratulations to our Class of 2020 MedLEAD graduates!

2020 Spring Semester Doctoral Candidates

College of Arts, Sciences, & Education

A. M. Abdullah

Doctor of Philosophy in Chemistry

Dissertation: *Advanced Oxidation Processes for the Remediation of Problematic Organophosphorus Compounds and Perfluoroalkyl Substances*

Major Professor: Dr. Kevin O'Shea

Elizabeth Martin Aguila

Doctor of Philosophy in Teaching and Learning

Dissertation: *An Examination of Motivation and Teacher Identity in Minority High School Students Enrolled in a Career and Technical Education (CTE) Teacher Preparation Program*

Major Professor: Dr. Joyce C. Fine

Katrina Ngozi Amie

Doctor of Philosophy in Higher Education

Dissertation: *The Experiences of Underrepresented Faculty and Administrators: A Study of Cultural Taxation*

Major Professor: Dr. Benjamin Baez

Susie M. Cohen

Doctor of Philosophy in Curriculum and Instruction

Dissertation: *Examining the Effects of Familial Occupations and Early STEM Experiences on Female Students' STEM Identity and Career Intentions*

Major Professor: Dr. Zahra Hazari

Indira Alicia Gil

Doctor of Philosophy in Curriculum and Instruction

Dissertation: *Teachers in Action: A Phenomenographical Study on Mathematics Teacher Agency*

Major Professor: Dr. Barbara King

Jennifer L. Houston

Doctor of Philosophy in Psychology

Dissertation: *The Impact of Stress on Episodic Memory in the Workplace*

Major Professor: Dr. Bennett L. Schwartz

James P. Kilfoil

Doctor of Philosophy in Biology

Dissertation: *Understanding, Quantifying, and Reducing Bias in Fisheries-Independent Visual Surveys*

Major Professor: Dr. Yuying Zhang

Eduardo E. Laverde

Doctor of Philosophy in Biochemistry

Dissertation: *DNA Base Excision Repair Modulates DNA Repeat Instability and Non-B Form DNA Structures*

Major Professor: Dr. Yuan Liu

Alexandra Lejarza

Doctor of Philosophy in Higher Education

Dissertation: *A Qualitative Study Examining Camaraderie and Conflict between Female Academic Advisors in One Higher Education Institution*

Major Professor: Dr. Douglas Robertson

Stephen Peter Loynaz

Doctor of Philosophy in Higher Education

Dissertation: *Students with Autism Spectrum Disorders at a Hispanic Serving Institution: A Qualitative Case Study of Students' Experiences*

Co-Major Professor: Dr. Benjamin Baez

Co-Major Professor: Dr. Kyle D. Bennett

Christina A. Lydon

Doctor of Philosophy in Chemistry

Dissertation: *Isolation and Characterization of Potential Cyanobacterial Metabolites Associated with Intoxications of Captive Bottlenose Dolphins in the Florida Keys*

Major Professor: Dr. John P. Berry

Renata Pavanelli Pereira

Doctor of Philosophy in Curriculum and Instruction

Dissertation: *Understanding Second Language (L2) Learners' Writing Needs and Attitudes in EAP Writing Contexts*

Major Professor: Dr. Eric Dwyer

Jorge Luis Pérez Moreno

Doctor of Philosophy in Biology

Dissertation: *Phylogenetic and Transcriptomic Analyses of Vision in Two Cave Adapted Crustaceans, Asellus aquaticus (Isopoda: Asellidae) and Niphargus hrabei (Amphipoda: Niphargidae)*

Major Professor: Dr. Heather D. Bracken-Grissom

Stephen B. Rodoquino

Doctor of Education in Adult Education and Human
Resource Development

Dissertation: *The Influence of Employee Engagement on Discretionary
Effort and Job Performance in the Cruise Line Customer Contact
Center Workplace*

Major Professor: Dr. Thomas G. Reio, Jr.

Eshita Samajpati

Doctor of Philosophy in Earth Systems Science

Dissertation: *Volcanic History of the Izu Bonin Mariana Arc Prior to the
First Arc Rift from Volcaniclastic Sediments of Deep Sea Drilling Project
(DSDP) Site 296 and International Ocean Discovery Program (IODP)
Site 1438*

Major Professor: Dr. Rosemary Hickey-Vargas

Jander Socorro

Doctor of Philosophy in Earth Systems Science

Dissertation: *Lithological and Geochemical Responses to Abrupt
Global and Regional Paleoenvironmental Changes during the Aptian
in a Hemipelagic Setting of the Eastern Iberian Peninsula:
A Multi-Proxy Approach*

Major Professor: Dr. Florentin Maurrasse

Michael W. Ward

Doctor of Philosophy in Higher Education

Dissertation: *The Promise and (Im)Possibility of the Debt-Free Student:
A Qualitative Analysis*

Major Professor: Dr. Daniel Saunders

Alvah H. Chapman Jr., Graduate School of Business

Ahmed Alradadi

Doctor of Philosophy in Business Administration

Dissertation: *The Effects of Self-Brand Connection on Consumer Behavior
during the Goal Pursuit*

Major Professor: Dr. Alexandra Rodriguez

Doctor of Philosophy in Business Administration

Dissertation: *Emoji Marketing: Strengthening the Consumer Brand
Relationship and its Downstream Effects*

Major Professor: Dr. Jayati Sinha

College of Engineering and Computing

Majid Abdulmajeed Almas

Doctor of Philosophy in Mechanical Engineering

Dissertation: *Parametric Studies of Reciprocating-Flow Heat Transfer in a
Reciprocating Loop Device*

Major Professor: Dr. Yiding Cao

Leonardo Babun

Doctor of Philosophy in Electrical and Computer Engineering

Dissertation: *On-Device Security and Privacy Mechanisms for
Resource-Limited Devices: A Bottom-Up Approach*

Major Professor: Dr. A. Selcuk Uluagac

Mohamadtaqi Baqersad

Doctor of Philosophy in Civil Engineering

Dissertation: *Rheological and Chemical Characteristics of Asphalt Binders
Recycled using Recycling Agents and Nanoparticles*

Major Professor: Dr. Atorod Azizinamini

Lamar Burton

Doctor of Philosophy in Electrical and Computer Engineering

Dissertation: *Towards In-Situ Based Printed Sensor Systems for Real Time
Soil-Root Nutrient Monitoring*

Co-Major Professor: Dr. Shekhar Bhansali

Co-Major Professor: Dr. Krish Jayachandran

Ahmed F. Ebrahim

Doctor of Philosophy in Electrical and Computer Engineering

Dissertation: *Artificial Intelligence Based Energy and Demand Side
Management for Microgrids and Smart Homes Considering
Customer Privacy*

Major Professor: Dr. Osama A. Mohammed

Chen Fang

Doctor of Philosophy in Electrical and Computer Engineering

Dissertation: *Development of Gaussian Learning Algorithms for Early
Detection of Alzheimer's Disease*

Major Professor: Dr. Malek Adjouadi

Marcus Herndon

Doctor of Philosophy in Mechanical Engineering

Dissertation: *Composite Gel Polymer Electrolytes for Extended Cyclability
of Lithium-Oxygen Batteries*

Major Professor: Dr. Bilal El-Zahab

Armana Sabiha Huq

Doctor of Philosophy in Civil Engineering

Dissertation: *Identification of Secondary Traffic Crashes and
Recommended Countermeasures*

Major Professor: Dr. Xia Jin

Ehsan Izadpanahi

Doctor of Philosophy in Mechanical Engineering
 Dissertation: *Constructal Design and Aeroelastic Stability Analysis of High-Altitude Long-Endurance (HALE) Aircraft*
 Major Professor: Dr. Pezhman Mardanpour

Anupama John

Doctor of Philosophy in Civil Engineering
 Dissertation: *A Coupled Numerical Model of Vadose Zone Hydrology and Subsidence in the Everglades Wetlands*
 Major Professor: Dr. Hector R. Fuentes

Abhaykumar Kumbhar

Doctor of Philosophy in Electrical Engineering
 Dissertation: *Towards Unmanned Aerial Vehicles (UAV) Assisted 5G Public Safety Networks*
 Co-Major Professor: Dr. Ismail Guvenc
 Co-Major Professor: Dr. Kemal Akkaya

Tao Liu

Doctor of Philosophy in Electrical and Computer Engineering
 Dissertation: *A System-Level Perspective towards Efficient, Reliable and Secure Neural Network Computing*
 Major Professor: Dr. Wujie Wen

Zihao Liu

Doctor of Philosophy in Electrical and Computer Engineering
 Dissertation: *Machine Vision, NOT Human Vision, Guided Compression towards Low-Latency and Robust Deep Learning Systems*
 Major Professor: Dr. Wujie Wen

Zahra Nafar

Doctor of Philosophy in Biomedical Engineering
 Dissertation: *Visible Optical Coherence Tomography-Based Multimodal Imaging for Quantification of Retinal Lipofuscin*
 Major Professor: Dr. Shuliang Jiao

Andres Pena

Doctor of Philosophy in Biomedical Engineering
 Dissertation: *Enhanced Surface Electrical Neurostimulation (eSENS): A Non-Invasive Platform for Peripheral Neuromodulation*
 Major Professor: Dr. Ranu Jung

Yousuf Shafiq

Doctor of Philosophy in Electrical and Computer Engineering
 Dissertation: *Novel Passive Radio Frequency Identification (RFID) Temperature Sensors using Liquid Crystal Elastomers*
 Major Professor: Dr. Stavros V. Georgakopoulos

Masudur R. Siddiquee

Doctor of Philosophy in Electrical and Computer Engineering
 Dissertation: *Detection of Human Vigilance State during Locomotion using Wearable Functional Near-Infrared Spectroscopy (FNIRS)*
 Major Professor: Dr. Ou Bai

Camilo Valdes

Doctor of Philosophy in Computer Science
 Dissertation: *Scalable Profiling and Visualization for Characterizing Microbiomes*
 Major Professor: Dr. Giri Narasimhan

Alireza Valikhani

Doctor of Philosophy in Civil Engineering
 Dissertation: *Retrofitting and Rehabilitation of Bridge Components Subjected to Predominantly Flexural Load using Thin Ultra-High Performance Concrete (UHPC) Shell*

Dear Panthers:

Spring 2020

Congratulations and welcome to the Panther alumni family—we are nearly a quarter-million strong!

While your commencement experience is different than Panthers who have gone before you, what remains the same is that you have worked hard to get here and have a lot to be proud of. Let that pride propel you forward as you start or turbocharge your career using the degree you received today. Your family, your community and Panthers everywhere are rooting for you!

As an FIU alumnus you are automatically part of a strong and growing Panther network—the FIU Alumni Association. For starters, you have access to more than 300,000 local and national services, benefits, and discounts. But the real power of our network is what we can do together and how we can give back to our FIU.

The Alumni Association also helps fund student scholarships, provides professional development, engages in legislative advocacy, and sponsors many major events throughout the year.

Come visit the Alumni Association office anytime you are on campus. You'll find us in MARC Suite 210 at the main campus. Learn more about your Alumni Association by visiting fialumni.com, by following us on social media: [@fialumni](https://twitter.com/fialumni) and [#fialumni](https://twitter.com/fialumni), or by calling 305-FIU-ALUM.

Remember that we are all ambassadors for FIU and pride in our FIU can show in many different ways: Wear your FIU gear, rock an FIU license plate, come to games, visit our museums, catch a show or a concert, mentor a student. Make a difference.

Go Panthers!

DURING DIFFICULT TIMES, PANTHERS UNITE.

Congratulations to all Spring 2020 graduates! We celebrate your achievements and journey to reach this special day – even in the face of challenging conditions, you exemplify the way Panthers persevere.

FIU is doing everything possible to help our community through the COVID-19 pandemic. Many of our students live paycheck to paycheck and are depending on emergency aid to meet their most basic needs and continue their education.

If you are able, please consider donating to the Panther Protection fund. 100% of your contribution will go to Panthers in need.
