What Does Your Collection Look Like?

- Each shelf including top and bottom contain volumes
- Little room for expansion
- Sometimes difficult to reshelve titles

What Does The FIU Collection Look Like?

- Shelf Capacity Study
 - undertaken by Associate Director Shawn Tonner in March 2015
- Measured the General Collection at both libraries
- Measured the JSTOR holdings at both libraries
- Length of a standard library shelf = 36"
- Working capacity of library shelving = 28"

What our collection looks like...

Print Serials Review

Serials – 1,268

Standing Orders – 355

• 1,022 GL

• 268 GL

• 266 HL

• 87 HL

- 1,623 active orders in total
- 1,241 ordered through EBSCO
- Looking at delayed publication, A&I and online availability
- Evaluation criteria: publication online, remote access allowed, IP authentication supported, access model (access or ownership), electronic same as print, cost, license

Project by Elizabeth Lightfoot

Setting the stage

- Using the data to show need to weed and reduce
 - Talking to our Faculty Senate Library Committee
 - Talking to our liaisons
- Presented a plan to FSLC and Department Heads
- Starting with a pilot project to gauge comfort levels and process
 - "dead runs" of serials at Hubert Library

Where Are We Starting?

- Trying to reduce the number of print materials coming in
 - Encouraging electronic formats instead of print
 - Serials review trying to convert remaining print subscriptions to electronic
 - DDA/PDA programs
 - Converting to e-preferred approval plan
 - Many titles from e-preferred going into DDA instead of immediate purchase
 - Very selective adding gifts

# of print	\$ Amount		\$ Amount	# of print			\$Amount
Books	paid	# of e-books	paid	Books	\$ Amount	# of e-books	paid
4245	\$ 181,606.75	210	\$ 11,495.62	3376	\$ 145,707.81	403	\$ 25,904.61

What have we weeded?

- Copy 2's selectively
- Some liaisons selectively reviewing their subject areas
- Trying to replace Lost/Missing titles with DDA e-books

Obviously we have much work left to do!

Inspirational Weeding Reading

Rightsizing the Academic Library Collection Suzanne M. Ward. ALA 2015

- Shaping libraries into the optimal size to serve their current constituents, right mix of materials, content and format, and right set of services to obtain needed information quickly & efficiently.
- Strategic, thoughtful, balanced and planned process to shape the collection.
- Rightsizing Plan & Assessment

"KonMaring" Your Library Marie Kondo: The Life Changing Magic of Tidying Up: The Japanese Art of Decluttering and Organizing

"Imagine what it would be like to have a bookshelf filled only with books that you really love. Isn't that image spellbinding? For someone who loves books, what greater happiness could there be?"

- Choose what to keep.
- Take each book in hand: Does it Spark Joy?
- Discard books that have outlived their purpose.

Weeding Strategies

- Age of Collection in Student Years
 18 year-olds born in 1998
- Librarian Subject Specialists responsible for their areas
- Include Faculty in the Process Faculty "Meet & Weeds"
- "Beyond the Pages" 2-hour workshops
- "Great Purge Day" all library staff

Beyond the Pages Faculty Workshops

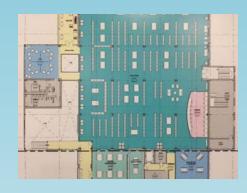

- Personalized worksheet for each faculty member with LC numbers, keywords
- 4-8 attended each workshop each paired with a librarian
- Overview of our Collection Development Process
- Overview of eBooks vendors:
 - ➤ Number of users Downloading Printing
 - > Faculty explored our eBook collections
- Faculty in the stacks with a librarian and book trucks: weed & recommend updates

Faculty & Collection Development

- **Nursing:** Annually only want current 5 years on the shelves
- **Mathematics**: Annually 2 faculty rotate years
- Language & Lit: Worked with a Professor to create smaller areas, created a spreadsheet with call #s and # of shelves. 20 Faculty signed up to weed
- Health Sciences: When they're preparing for accreditation
- Paralegal: Annually
- Film History: Faculty & adjunct for 4 hours during the summer
- Natural Science: After weeding, each recommend someone for another section, small groups, Chemistry adjunct.

Great Purge – about 23,000 books weeded

- Planning for new building:
 - Ordering new shelving
 - Bookstore arrangement

- Determining square footage for book collection
- Goals established for future collection

Weeding Guidelines

- Reports books that didn't circulate in the last 5 years
- Relevancy to the current curriculum
- Check Usage & Last Date of Use

- Check:
 - Outdated info / Superseded editions / Faded Labels / Multiple copies

Process

- Used reports for Uncirculated last 5 Years
 - Keepers leave on shelf
 - Add to update cart look for newer print editions or titles
 - Add to PDA cart
- Books to be withdrawn moved to Tech Services
 - WD in circulation module
 - Stamp "Discarded"
 - Box for Better World Books
 - Tech Services Staff later continue the process to withdraw from OCLC

Replacements

- Print
- EBSCO PDA 1000 Titles
 - Art Design Humanities
 - Business & Technology
 - Language & Literature
 - Natural Science
 - Nursing
 - Physical Therapy
 - Social Sciences

UNIVERSITY OF CENTRAL FLORIDA YZHANG@UCF.EDU

UCF Libraries

- 1.8 million print volumes
- Main library John C. Hitt Library
- 226,000 Sq ft
- 46,000 library users annually
- Increasing demand on studying and collaborative space
- Shelf space growth limit

Why FLARE

- In State storage
- Existing collaborations
- Existing infrastructure
- Doesn't affect volume count

Selection Guidelines

- Online availability for periodicals
 - Perpetual
 - Stable access
- 2nd copy low use monographs
- VHS

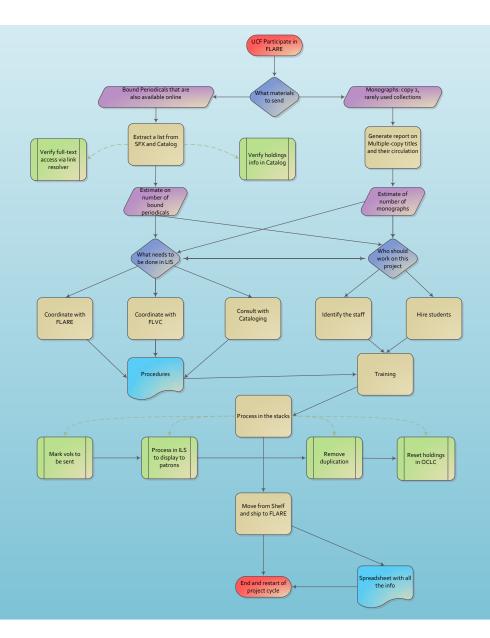

Workflow

- Design based on the envisioned end product
 - OPAC display that patrons will see
 - Storage facility requirements
 - Movers most efficient workflow
 - Space constraints
- Work with all stakeholders and all expertise
 - Meetings and constant communication
- Draft a procedure

Project Management

- Identify staffing
 - Librarian, staff or students?
 - Which department in Technical Services?
 - How many and how much \$
- Identify equipment
 - Mobile stations
 - Software and hardware
- Request funding

Crucial Factors

- Data
- Communication and Feedback
- Staffing
- Flexibility

User centered

- Mindful of the end users
- Mindful of the partners

Stats

• Periodicals: 77,139

• Monograph: 16,694

• VHS & Guides: 13,417

Result

- Stacks consolidation
- New study space
- Minimal usage impact
