A Bicycle Country

By Nilo Cruz

Three Cubans set out to build a dream. A raft adrift in the Caribbean may not be the most secure foundation for a free life, but they are determined. This stirring portrait of Cuban exiles on a harrowing journey across the Caribbean Sea shows how hope provides the strength to fight for survival.

"A BICYCLE COUNTRY is a like an impressionist painting in words. It tells a rather simple story in a language that sails across all horizons." *The Miami Herald*.
