IN THE NEXT ROOM

(The Vibrator Play)

By Sarah Ruhl

Set in the 1880's at the dawn of the age of electricity, Dr. Givings begins harnessing this newfound power to treat hysterical patients at his home with an experimental electric apparatus. But as the peculiar buzzing sounds from his office grow louder, Mrs. Givings' curiosity gets the best of her, exposing cracks in the very foundation of their marriage.

"In the Next Room" boldly explores sexuality, intimacy, and the role of women in a changing world by combining historical facts with deep emotion and mischievous humor.

Due to adult content and strong language, this production is not suitable for audiences under 16 years of age.
