Songs for a New World

Written and composed by: Jason Robert Brown

A Musical Revue

A group of friends gather in a New York apartment to sing about the challenges and setbacks in their lives. What could have been just a mundane gripe session is, instead, an exciting evening of discovery, a discovery that how your life will turn out often comes down to just one moment, one moment when you hit a wall and have to make a choice, or take a stand, or turn around and go back. There comes one moment when you think you know where you stand and then you suddenly find yourself a stranger in a completely different land — a new world.

This is more than just a great collection of songs written in different styles; it is a celebration of the human capacity for discovery and courage to launch oneself into the unknown.
