The Imaginary Madman is written and directed by Alonso Alegría, a world-wide produced playwright, currently a guest professor and director at FIU. Taking Moliere's *The Imaginary Invalid* as its springboard, this new play dives into a whirlwind of laughter and farcical situations. The time is right now. The place is Miami Beach. The characters are a little more familiar than they should be for our own comfort. The stakes become higher and higher, leading to a puzzling question: how far into what kind of madness are we? We may, indeed, have been laughing through the wrong side of our mouths.
