**DETAIL JUSTIFICATION** 

The Common Reading Program engages 5,000 first-year students each year. The students receive the book at orientation and are asked to read it before the first day of the semester. The program creates a sense of community among first-year students, and the entire campus community is also encouraged to read the book. Bringing the author to campus is an opportunity for student engagement outside of the classroom. Students are able to not only hear the author speak, but also meet him and have their books signed. The author visit is a significant addition to the Common Reading Program, and without funding from SGA, this opportunity may not be possible.

Re:

FIU GC Building: 1st Floor Restrooms: #162C, #162A, #161,

Dear Carlos:

We have reviewed the scope of work associated with the Restroom Refurbishment in the Modesto A. Maidique Campus Graham Center (Ernest R. Graham University Center). The restroom located at south area on 1st floor serving the Food court dining area. There are a total of about 16 plumbing fixtures involved, approximately 835 square feet, possible adding 2 urinal at Men Restrooms #162C and 2 toilets at Women Restroom #162A. In addition, there is a stated need to add 2 new 'Unisex' Restrooms nearby by converting an existing utility space #161 with possible affected area in Stairway GC100S3. This will add 6 more plumbing fixtures, bringing the total to 22 fixtures.

Our fee will be in two parts. Part 1 will be for an ADA compliance analysis/ Preliminary Design layouts. We will review the current layouts against current ADA codes and propose solutions/ options to these set of restrooms and we will develop a preliminary cost estimate. Part 2 will be our Basic Services for design thru construction.

The scope will be a complete refurbishment of the restroom, with the goal to make significant improvements to the Quality of finishes and design, in addition to add plumbing fixtures. The selected renovations will be developed in accordance with current building and ADA code. This will require demolition and reconstruction of the Men and Women restrooms and Janitor areas that will be more severe in some and less in others. We would anticipate the replacement of all of the plumbing fixtures; tollet partitions; accessories and selected finishes. The scope would also include replacement of any plumbing sanitary riser and water line infrastructure. The scope does not include any improvements to the HVAC system, as none are anticipated. Re:

FIU GC Building: 1st Floor Restrooms: #158, #159

Dear Carlos:

We have reviewed the scope of work associated with the Restroom Refurbishment in the Modesto A. Maidique Campus Graham Center (Ernest R. Graham University Center). The restroom located at east area on 1st floor serving the Chilli dining area. There are a total of about 12 plumbing fixtures involved, approximately 439 square feet,

The scope will be a complete refurbishment of the restroom. The selected renovations will be developed in accordance with current building and ADA code. This will require demolition and reconstruction of the Men and Women restrooms and Janitor areas that will be more severe in some and less in others. We would anticipate the replacement of all of the plumbing fixtures; tollet partitions; accessories and selected finishes. The scope would also include replacement of any plumbing sanitary riser and water line infrastructure. The scope does not include any improvements to the HVAC system, as none are anticipated. ### **DETAIL JUSTIFICATION**

LXV Lounge +\$5,000 (Total \$30,000)

The additional funds will help cover production costs, artist fees, cost of venue, police, transportation between campuses, etc. The price for 3 police officers equaled nearly \$800. The cost to reserve the Kovens Center was \$12,140. When including talent, DJs and production, \$25,000 will not cover the cost of such an event.

0

Marketing + \$5,000 (Total \$40,000)

The vision of Dr. Rosenburg is to see FIU students and the community come together to make FIU's Homecoming the biggest thing to hit the city. In order to do that, we must be able to market outside to the community. One advertisement with the Miami New Times was \$4320. Radio ads with Y-100 and other local stations would also cost anywhere between \$1,000 - \$5,000, depending on the length of time each ad would play.

Giveaways are also something that comes out of this line-item. T-shirts and other promotional materials are imperative to instilling a sense of pride amongst the university students. Shirts are also given to university staff members to assist in "Pantherizing" departments, offices, and bringing the university community together.

Flyers for both campuses would come out of the Marketing budget. Each individual event would also require flyers to be promoted effectively. SPC and Campus Life have surveyed students about what the most effective marketing strategy is, and flyers has the overwhelming response, next to word of mouth and facebook.

Miscellaneous + \$4,672.99 (Total \$15,000)

Homecoming 2012 saw many things come up that were unexpected. The cost of advertising to the community, public safety and security, increaased production costs all acount for the need to raise this category.

Panthermonium Concert + \$40,000 (Total 300,000)

To have a concert reach the level of success that Panthermonium 2012 attained, we must be willing to go bigger and set the bar higher. Arists prices are rising and we need to acount for that. Big name artists like Kaskade, Neo, and Wiz Khalifa are in the \$100-\$150,000 range. These artists riders and production packages cost more than basic artists. This raise will help pay for big name artists to attract the campus and community to come to Panthermonium as well as pay for their additional costs.

Parade + \$500 (Total \$1,000)

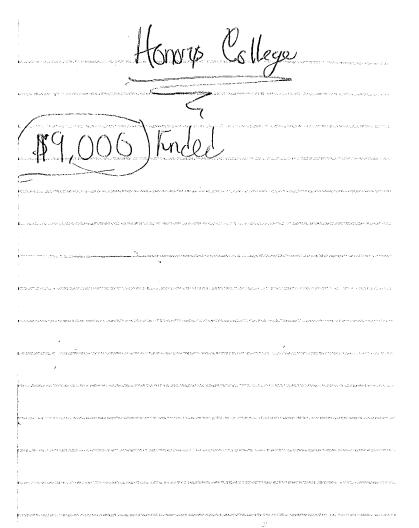

The additional funds will go towards payment for a parade marshall as well as other logistics of the parade. Those other logistics include signs, tents, and grand stands.

Production for Arena Events + \$5,000 (Total \$30,000)

Production cost were higher than expected for the 2012 Homecoming Arena events. The raise will help pay for the rise in production costs as well as the rise in artists riders. We want to be able to provide the same quality if not more to the events in the arena. This raise will help accomplish that as well.

Public Safety / Andy Frain + \$5,000 (Total \$35,000)

Public Safety and Andy Frain were higher than expected for the 2012 Homecoming. The invoice for the concert and arena events from Andy Frain was \$32,000 and the FIU police quote was \$8,000

New Event:	
International Homecoming Brigade	The International Student Homecoming Brigade will further FIU's World's Ahead initiative by increasing the involvement of International students in the Homecoming celebrations. At Homecoming 2012, 34 BBC International students participated in the Homecoming parade and we expect to increase that number in 2013. The funding requested will go towards the purchase of shirts, flags, tailgate tent and food for our International tailgate which will be held at the conclusion of the annual Homecoming float. The International Homecoming Brigade is a great representation of the strong International student presence in the FIU community.
INTERNATIONAL WOMENS DAT	
	International Women's Day is a global day celebrating the economic, political and social achievements of women past, present and future. As a WorldsAhead university, FIU needs to educate, promote, and expose students to this important day and the issues it presents. ISSS plans to use Panther Square to showcase famous international women, provide educational resources about women's status in the world and have international students share their experiences. This day will also be a good kick-off for the Women Who Lead Conference later on in the week. Our 2012 - 2013 budget would limit us in the entertainment, activities and food we can provide to accommodate the expected increase of attendees in 2014's International Women's Day celebration. The \$1,595.45 additional funding requested will go towards food, speaker and entertainment.

### **DETAIL JUSTIFICATION**

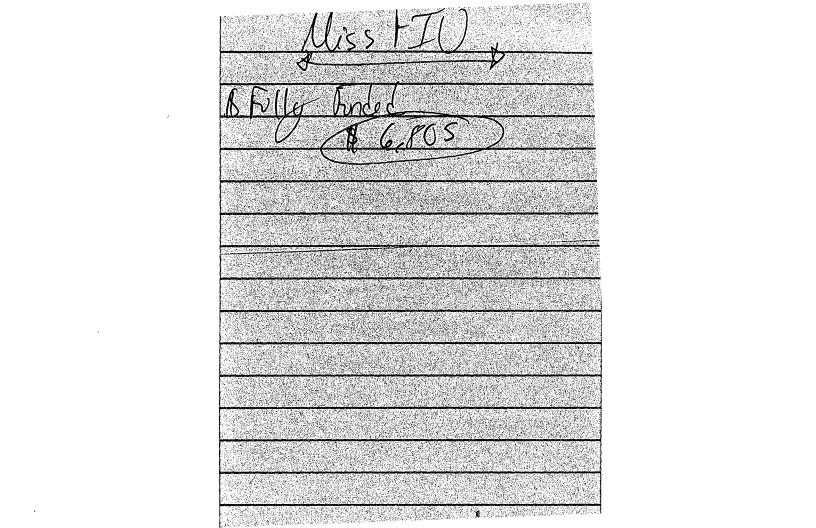

I	r	а	١V	e

Travel money was spent on two away games with the Football team to UCF and to FAU. The Martin Luther King Parade and the Showcase of Champion Exhibition. Due to FIU not going to a Bowl game. We ask that the remaining amount of travel \$15905.00 be redistributed to allow for more Band development, training and recruitment to increase the number of members for 2013-2014 Academic Year.

For the 2013-2014 year we are asking for an increase due to the expected continue grow of the Marching Band, the Band plays a major role in boosting the student body pride and loyalty to FIU and the Athletic Programs. In addition we will travel more with the Football Team and Basketball Teams helping to spread the FIU Pride and Spirit, and possibly a Bowl Game in the next academic year.

Operating Expenses

The Marching Band also receives a contribution from Athletics' for the support the band provides to the many athletics programs. This is the main allocation for the day to day expenses of the band.

### **MPAS Mission**

The mission of the Office of Multicultural Programs and Services is to provide retention-centered services that will enrich the educational experiences of a diverse student body. This will be accomplished by creating a nurturing and supportive environment, promoting academic excellence, providing leadership development and supplemental instruction via tutoring and mentoring. The MPAS office is committed to encouraging cross-cultural understanding and enabling students and staff to meet the complex demands of the 21st century.

MPAS is requesting funds to provide the following programs:

### MLK Celebration (MMC & BBC)

This past year MPAS in collaboration with various colleges and the Frost Museum planned a month-long celebration honoring the life and legacy of the Rev.Dr Martin Luther King Jr. The 2013-2014 budget request of \$18,000 for the MLK Events will be used to assist with the various anticipated costs including: \$25,000 in speakers costs, \$9,000 in catering, \$4,000 in Advertising and Printing costs, and \$8,000 in scholarshps. January 2013 saw the celebration of the 22nd anniversary of the MLK Jr. Commemorative Breakfast as well as the 13th anniversary of the MLK Youth Forum and Peace Walk. The much-anticipated 22nd anniversary Commemorative Breakfast had an attendance of over 550 people. The 13th annual Youth Forum attracted approximately 350 middle, high school and FIU students. Other events over the month-long celebration include MLK Speaker's Reception, the MLK Evening with the Engineers and MLK Dinner with over 200 students in attendance. In addition, the MLK Exhibit at the Frost Art Museum attracted over 500 student visitors.

### **MLK Parade**

FIU also participates annually in Miami-Dade County's MLK Jr. Parade. A contingency of over 350 faculty, staff, administrators and students led by President Rosenberg participated on January 21, 2013. The parade symbolizes peace, dignity, freedom and brotherhood, all of which are virtues valued by FIU. In 2013, FIU Athletes, Marching Band, ROTC, Greek organizations, Pre-college programs, the Education Effect and Black Student Union (advised by MPAS) all participated in the parade.

sawyersd@fiu.edu LGBT Programs

Currently, there are three staff members (an Associate Director who was hired last year, and two Graduate Assistants within MPAS to address LGBT initiatives, concerns and programming. The employment of the Associate Director has made a significant difference in the expansion of the programs and services provided by MPAS. Some of the programs offered include LGBT Welcome Receptions, Coming Out Day,Day of Silence, Lavender Graduation, LGBT socials, AIDS and HIV awareness and LGBT 101 presentations. The Associate Director is also serving as the Advisor for the upcoming Pride Conference that will be hosted by FIU in April. It is expected that the Conference will attract hundreds of students from the State of Florida. MPAS was also offered several trainings for Safe Zone program including one at the University of Miami for 2012-2013. We are requesting \$9550 for LGBT Programs & Initiatives (including costs associated with FIU's Safe Zone Training program) for the 2013-2014 fiscal year to accommodate

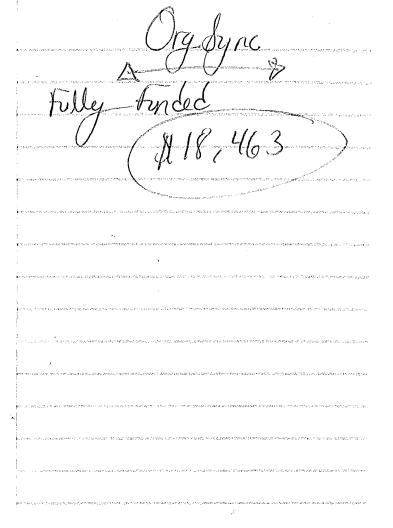

### **AAA Tutorial**

Since 2007, the AAA Tutorial program has served over 22,000 FIU students. AAA tutorials offers tutoring in courses that traditionally are not offered at other centers at FIU. The AAA tutorial program utilizes competent FIU students to peer tutor other FIU students and assist them in improving their knowledge in various areas and well as assisting students in developing fundamental concepts and enhance their self confidence.

the growing needs for LGBT programming at FIU across both campuses.

### STARS/VEO Workshops

The vision of the STARS/VEO lecture and discussion series is to unite the student body at FIU. In 2012, the series attracted over 400 students between UP and BBC. We are anticipating approximately 500 students this year, due to our partnership with CSO. The series places an emphasis on different perspectives, backgrounds and opinions in hopes of conveying the message that everyone is to be valued. In keeping with FIU's Institutional Values Statement, the series will: provide a forum for students to freely express their thoughts; require students, faculty and staff to disseminate, generate and apply knowledge; emphasize respect for the dignity of the individual and groups; strive for honesty, integrity and truth; and promote diversity in all forms. We are asking that the SGA funding for this series in the amount of \$2500.00 for 2013-2014. Workshops are also provided in areas such as financial aid, study skills, discovering your strengths, and time management.

Parent and Family Day	300:	\$23,500 \	Yes	An increased emphasis on Parent and Family Day is at the forefront from President Rosenberg. Our office name has changed to Orientation and Parent Programs to reflect the commitment to parent and family members to build afinity with FIU. This program serves both the student and parent/family members. Studies show that the more involved family members are with the university, the retention rates of students increase as well as the dontations to the university. Active engagement with Parent and Family members is vital to the success of our students.
Parent and Family Leadership Council Meetings	30	\$1,000	Yes	We have established a leadership team of parent and family members to engage and participate in recruitment and planning of parent and family events outside of Homecomming. We will host 2 meetings annually. One of the council meetings will also incorporate an activity taking place on campus (ex. blue and gold game in spring) in which a general invitation will be sent to all parent and family members of current students.
3. Peer Advisor Uniforms	40	\$5,200 °C	Yes	As the Peer Advisors, they are the first student contact many of our new students engage with. It is improtant that our student look professional and show their FIU spirit. The Peer Advisors are required to wear FIU unifroms for each orientation. In addition to this, the Peer Advisors have been called upon to give private tours to university VIPs, as well as top athletic recruits, distinguished guests from various university across the Florida region, and special tours for our Colleges/Schools. Funding our uniforms, also helps spread the word about FIU. We wear these uniforms while attending our National Conference, SROW.

### **DETAIL JUSTIFICATION**

		ta		

Orientation is a vital part of the university. Orientation is the first step the student takes in creating their University affinity. While we do charge for orientation, our orientation revenue covers the cost of running the orientation program as well as running the orientation office as a whole. All of the programs and services we provde are also subsidized by the orientation revenue. These programs involve Parent and Family Day, Parent Resources, also subsidiaing some professional staff funding.

Peer Advisors

This team of leaders are the students who directly interact with all of new incoming students. During their training period of 5 months, they learn about FIU and the services/resources available to all students. This information is then shared with the incoming students. The Peer Advisors are the first contact our incoming students have a FIU. Their representation of The University is critical to the orientation program as well as making the new students and parent/family members feel at home/comfortable with their decision to attend FIU.

-------	-------	-----	---

The President and Vice President for Advancement, and the Interim Vice President for Student Affairs agree that Panther Camp increases university affinity and directly affects retention. With that being said, the goal is to increase attendance at Panther Camp to 1000 students. Students have been charged a fee to attend camp, but that fee does not cover the cost to rent the facility for camp. The additional fees that we accrue are: transportation, materials needed to run the educational and teambuilding sessions, meals that are provided outside of camp etc.

## Notable Accomplishments due to SGA Funding

	FV/2012-2013
Ex: Highlights of accomplishments. DO not repeat prior page, but highlight	Please explain how it was achieved
outstanding accomplishments. (i.e. student learning, collaboration, student	
services, miscellaneous)	
BBC Recreation Expo	The BBC Recreation Expo is a showcase of various vendors within the health, sports, and fitness industry. Students interested in these fields are able to network with key individuals to better learn how to work towards a better health, get more physically fit, or inquire of employment opportunities. This year's keynote speaker was sports journalist Stephen A. Smith. He provided advice to students as to what to do while in college and how to stand out
BBC Recreation Breast Cancer Awareness Walk	Via a partnership with the American Cancer Society, BBC Recreation purchased t-shirts for our students, staff, and community members that were interested in making a donation to help fight the cure. We then gathered the group and walked at Tropical Park with hundreds of individuals from various groups.
Miami Heat Basketball Game	BBC Recreation provided tickets at a discount-rate to students for the Brooklyn Nets vs. Miami Heat basketball game.
Intramural Flag Football	In an effort to provide more intramural flag football games to our students, we created a weekly league during the fall that ran from October to the end of November. Every Saturday, we would host multiple games simultaneously that not only builds teamwork and camaraderie, but also promotes fitness and health.
Soccer Field Renovation	The Soccer Field is currently being renovated due to the numerous safety concerns that arose from normal wear and tear. Students will be able to play soccer on a more safe surface that should reduce injury and harm.
New Year, Get Fit Program	The New Year, Get Fit program is a team-building enterprise that focus on physical health, fitness, and mental strength. The program is structured so that the team that loses the most percentage of their total body weight wins. It is also a test of physical and mental endurance as this race to get fit and healthy will surely be a test of both variables.
Intramural Basketball	Similar to intramural flag football, the intramural basketball league will be held on a weekly basis to build fitness, health, and fun through teamwork.
Super Bowl Weekend with BBC Recreation	For Friday, Saturday, and Sunday during Super Bowl Week, BBC Recreation will hold a Madden NFL 13 video game tournament, Flag Football game, and watch party.
Spring Break with Recreation	For students that are on campus during Spring Break, we will provide Night Kayaking and an excursion to Universal Studios Florida.
Turkey Trot	Turkeys were given to students, staff, and FIU community members that ran or walked in the competition.

## Difference Between Allocation and Actual Expenditures

If the cost was more - where did the funds come from for the event?

#### Justification

On-campus retreat was held in August for the committee, including training materials and meals during the event.

each committee member received a polo to wear for promotional purposes throughout the year and at the Relay event to idenify them as an event planner.

The committee planned and delivered 5 pre-events to raise awareness of Relay at both campuses.

This is an estimated amount based on past years. The committee must pay for services provided from other departments, such as Facilities, Parking & Traffic, etc.

The committee plans a wrap-up event after Relay to recognize all the teams that participated and to give awards to the top teams in several categories.

This is the actual amount for the sound and stage rental. A vendor has already been confirmed.

The 2013 event will be March 1 & 2. The committee is planning for 80 teams and an estimated 4,000 people to visit the event throughout the night. Some event costs are estimated because the event has not taken place yet.

#### **DETAIL JUSTIFICATION**

Civility Initiative

Student Conduct and Conflict Resolution is requesting an increase in the areas of the Civility Imitative. This past year we have seen an increase in the number of cases in which students are not respectful of each other. Therefore, we are looking to continue our efforts to promote the initiative. We have taken the first steps to widen our awareness by creating a civility task force. We are also looking to rebrand the initiative so that we can revitalize awareness of the program. In addition the popular "FIU is Integrity, Respect, and Community" t-shirts need to be reordered.

Educational Workshops/Code Awareness This year due to the new Code of Student Conduct, we increased our marketing to make students aware of the code and the changes made. These efforts worked in having student become more aware, however, we used some money allotted for the Civility Initiative to cover the costs. Next year we would like to continue to promote the awareness of the University's expectation of student behaviors. In addition, we want to promote to the university community the resources available to address concerns regarding inappropriate student behavior.

Student Conduct Committee Recruitment and Training

We have made a commitment to increasing the number of students involved on our student conduct committee to provide more leadership opportunities for students and to help with being able to hear cases in a timely manor. In 2012, 93% of conference participants reported that as a direct result of their conference attendance they had a better understanding of the various career options available to them within their degree or major, and 80% identified at least one unique characteristic they believe women bring to positions of leadership. These are just two examples of the ways in which this event currently exceeds the Worlds Ahead expectations of campus events and student learning. Please refer to the student testimony for a more detailed account of the impact of this event. In recent years we have experienced increased participation due to sponsorship of a keynote speaker at BBC and would like to do the same for our MMC conference in 2014. Therefore we are asking for an additional \$10,000 in order to be able to invite a national or international speaker to serve as

#### Difference Between Allocation and Actual Expenditures

If the cost was more - where did the funds come from for the event?

### <u>Justification</u>

Please refer to some of the exciting statistics on student experiences with this conference. Due to increases in cost for catering, materials and supplies, marketing, and publications, the overall cost of the conference has increased over the last two years. While we do actively seek sponsorships and collaborations to help support the cost of this event, regardless of these, our cost has nearly doubled over the last three years due to the increase in participation. This money comes from the various other programs whenever possible in order to make up the difference. Please see the detailed justification for price per student.

The cost for this program includes the space utilized, the materials used for the various awareness projects included (Clothesline Project, These Hands Don't Hurt, Walk in My Shoes, Walk in Her Shoes, 4th Flag Project, etc.), as well as participant t-shirts, promotional materials, and occassionally speakers. This year we hope to find a community member willing to speak for free at this event to alleviate the limited resources utilized for all other aspects of these events.

The cost for this program remained similar this year, and we currently do not foresee increases in lodging, catering, transportation, or materials and supplies for this event.

While the impact of this program is very beneficial for those who actively engage in the mentoring process, we have experienced a decline in active participation on the part of the students in recent years. Therefore, this year we have worked with a smaller group than in the past to experiment with some different formats, and research some new approaches to increase persistence through to the end of the program in the future. Therefore, we reduced the amount spent on the program this year while we learn how to re-create the program in an innovative way.

Wild Succulent Woman has continued to reach out to our campus community on each campus through discussions and activities in housing. We collaborate with multiple organizations in order to continue to bring a diverse and exciting aray of topics for students to discuss and consider. Additionally, the student assistants in the Women's Center are trained to plan and facilitate these workshops which gives them invaluable event planning, research, and public speaking skills. The cost of this program includes program development and preparation, marketing, and often includes very light snacks for the participants.

While we have traditionally participated in this event by creating an interactive activity for students to engage in at the table, we believe that utilizing these activities for other tables would benefit our collaborative efforts overall, and we would like to therefore move toward a more general tabling and collaboration category of funding rather than funding for our participation in Late Day Latte, and a separate allocation for all other collaborations. Therefore, in our 13-14 request we have reallocated these funds.

7. IDEVAW BBC	3:10/Attendanc \$350	The third annual IDEVAW was another success at BBC. This is the Take Back the Night programming for the BBC, and is hosted as a part of the International Education Week sponsored by ISSS. This year's keynote speaker is an expert on sex trafficking in Florida and abroad. She was able to connect the major or career path of every student attending to the critical issue of human trafficking, allowing students to see how this issue is important for everyone to learn about. This collaboration has increased participation and interaction with this topic for BBC students by over 300% over the past 4 years. With the consistent success of this program through the years, we hope to expand these efforts to the MMC in the future if resources permit.
8. Collaborations	650/attendance \$555	We collaborate with 60 campus and community organizations per year including student organizations, administrative and academic departments, and non-profit and other community organizations. Collaborations allow us to create relationships across South Florida, build coalitions and networks for our students to connect with while at the university and as alumni, and also provide us the opportunity to share a 'gendered perspective' on many important topics on campus. We consistently look to increase our collaborative efforts each year, and 13-14 will be no different.
9. OPS Staff	6 \$21,150	The majority of staff in the Women's Center currently consist of 1 Graduate Assistant and 5 Federal Work Study positions for both campuses. In addition, there is 1 full time Associate Director housed at MMC, and 1 full time Coordinator housed at BBC. Therefore, in order to accomplish all of our programming and collaborative work throughout the year, our student staff take on considerable responsibility for our programs including planning, logistics, research, marketing, program facilitation and assessment. We could not accomplish everything we do without the wondeful women who currently hold these critical positions. In turn, these students graduate from their work experience with the Women's Center with concrete skills and abilities that they can showcase on their resumes, in their job interviews, throughout their graduate school applications, and transfer with them to their next job and beyond. We support and empower these staff members to develop their leadership skills, build self-esteem, and provide concrete expenences for them to utilize again and again in the future.
10. Coordinator position - BBC	1.5.2. \$43,056	Due to the process of creating a brand new position from start to finish, we were able to identify and hire a qualified candidate to start on the BBC beginning 10/8/12. The savings was spent on new equipment for this position, and additional costs for programs such as Women Who Lead, Take Back the Night, the Mentoring Program, and other student staff positions. In 13-14 this allocation will solely be used for the Coordinator salary and benefits.
11. Office Supplies	\$1,707	We were able to provide new supplies and equipment for the Coordinator at BBC, as well as for our programs throughout the year.
12. Breast Cancer Awareness Month Events and Walk	250/attendanc \$80	We were able to collaborate with some campus partners to continue this new BBC tradition in October 2012. Breast Cancer Awareness Month is an important time to raise awareness on this critical issue and the Women's Center contributes to these efforts on both campuses through events, fudnraising, and community engagement.
13. Love Your Vagina Workshop	150/attendanc \$200	This new collaboration between the Women's Center and Wellness Center, which also incorporated input and involvement from SGA, NOW, VOX, SHAPE, and WSSA was a new initiative that was extremely popular. Just over 150 students attended this interactive workshop to learn about various health issues, self-esteem building, and body image.

#### Goals for FY 2013-2014

- 1 Continue staffing the Cyber Café at both MMC & EC with Graduate Assistants and Peer Career Coaches to accommodate the continuous increase in number of students who utilize the programs and services offered by CSO. As can be seen from the Fall 2012 semester, 780 students walked in for either resume critiques, cover letter critiques, or some other professional development. Our goal is to continue that trend by staffing the Cyber Cafe with Graduate Assistants and Peer Career Coaches.
- 2 Our goal is to continue providing accommodations to more students who are interested in becoming active members of the Executive Protégé Initiative program. During Fall 2012, approximately 82 students registered for the program 45 are currently registered for Spring 2013. We would like to continue offering this program to our students because it gives them the opportunity to be "career-savvy" individuals.
- 3 In regards to the Career Boot Camp, we would like to serve at least 50 students, that's about 3-4 extra workshops because the program has become very popular, especially among engineering students.
- 4 Our goal for FY 2013-2014 is to have more federal representatives and students attend the Federal Government Conference by advertising early through any possible media outlet. In total, there were 48 federal representatives and 337 students registered for the event last FY, so our goal is to exceed those numbers.
- 5 The goal for this program is to transport more students to the Federal Statewide Job Fair. During the last FY, a total of 60 students were transported to the event to meet with Federal employers. This number will definitely be increased, so our goal is to continue transporting students to the event because it offers them a consistent way of getting to the event rather than depending on other discretionary funding.
- 6 Our goal for this program is to continue serving and educating undergraduate and graduate students regarding their careers and educational and professional development opportunities in Higher Education, and particular, in Student Affairs. In collaboration with various Student Affairs departments, one additional goal is to continue reaching out to other departments who share the mission of this program.
- 7 The Business Etiquette Lunch/Dinner continues to teach students the complexities of interviewing and networking while dining. During the last FY, over 80 students attended the event. Our goal is to continue the tradition with even more students because they do need to learn the art of dining, which can ultimately help them to acquire a competitive edge in the present job market.
- 8 The goal of purchasing a computer to capture student's survey data at various events, such as career fair, networking functions, business etiquette dinners, and other remote locations will be accomplished during the FY 2012-2013.

#### **DETAIL JUSTIFICATION**

#### 1. Winter Festival

The Children's Creative Learning Center's (Children's Center) staff plans a fun filled 'Children's Winter Festival' each December. The children participate in an array of creative activities including games, art, storytelling, and a special snack. The highlight of the Festival and everyone's favorite is playing and sledding down the mountain of snow!

Over the last 20 years or so, SGA has generously funded the purchase of the focal point of the Children's Center Winter Festival; the mountain of snow. Given the fact that 50% of the children enrolled at the Children's Center are those of University students, SGA's financial support of this event has been instrumental in the continuation of this tradition. Without SGA's financial support, the highlight of the Winter Festival would cease to exist.

The Winter Festival was primarily focused on activities for the Center children. For the first time last year, the Center invited parents to join their child and participate. This changed the focus from child centered to a fun filled family centered activity. The student parents were thrilled to be able to spend the day with their child. In conjunction with the snow mountain there are other motor skill activities, story time cosponsored by our collaborative partners at the University Barnes and Noble, and live music for all from our music specialist.

To round out the Family Winter Festival event, the families as a whole finish the morning by joining together for a family picnic lunch. Many family members whom are students in the midst of exams and final projects surely appreciate if we were able to include pizza as part of the festivities.

Due to family participation in the Winter Festival, we are requesting funds to increase the amount of snow. The current snow area is small, limiting the number of children and parents that can participate at the same time. More snow is needed to provide an opportunity for the families as a whole to enjoy the Winter Wonderland.

Budget Request for the Winter Festival Breakdown:

Snow Cost: \$2,105.00 Lunch Cost: \$ 315.00 Total = \$2,420.00

The CSO Executive Board has a minimum of 5 office hours a week, in addition to their weekly executive board meetings, general meetings, council events (club fair, orientation, organizations workshops, meet and greet), and the time spent responding to emails sent by the over 200 student organizations. CSO is requesting the stipend to acknowledge the hard work each of the executive board members put in each semester and to be in line with what is being done with other councils here at MMC and BBC. In order to attract the best student leaders CSO needs to be in a place to offer interested students the same benefits

#### **DETAIL JUSTIFICATION**

FIU's Debate Team competes in parliamentary debate on the "Worlds University Debate Chapionship" debate circuit. The team regularly debates teams from accross the global and from some of the world's best insitutions including: Harvard University, Yale, George Washington University and NYU. The style of debate stresses extemporaneous speaking and the ability to generate arguments on a variety of topics.

Academic debate has a rich tradition of promoting public argument and public discussions at FIU and other universities. In addition to traveling and representing FIU at debate tournaments, FIU Debate team also hosts public issue forums on current events that foster well-rounded and knowledgeable students. Public issues forums contribute to the social and academic well-being of our students including his or her giobal awareness.

FIU's Debate Team is also a critical component in FIU's mission to teach and develop student leaders capable of global citizenship. FIU Debate teaches and refines advocacy skills in constructing arguments, developing ideas, and persuading audiences. It is exactly these skills that have resulted in many leaders attributing their success to training in academic debate.

FIU Debate plans on hosting four student run debates in the spring and fall semesters. FIU debate request funding to help cover the cost associated with room rental and providing light refreshments.

#### **DETAIL JUSTIFICATION**

Students apply during Fall Semester for acceptance into Spring Semester and are competitively selected via a three stage interview process to enroll in INR 4926: Model United Nations in the Spring Semester. Throughout the semester, students study global issues, international affairs, in country specific issues and develop diplomacy skills to compete in national competitions. Students who have successfully completed the Spring Semester have the option to take the Fall Semester course, INR4931. The above mentioned three stage interview process still applies for new applications. Throughout the semester, students are required to participate in weekly simulations, weekly debate and speech workshops, and conduct local outreach with local high schools. Moreover, students work year round to host a High School Model UN at FIU.

#### Harvard National Model UN

Each year FIU Model UN competes at Harvard representing FIU. The allocated amount includes Airfare, Hotel, Registration Fees and Incidental Expenses. Throughout the last 5 years, FIU Model UN students have won 26 awards including a team award in 2008. It is the most heavily weighted conference on the competitive circuit.

## Florida International Model United Nations Conference

A simulation with High School students takes place every year at FIU. This serves several important purposes. Local students from Miami-Dade and Broward County's are afforded an opportunity to participate in a Model UN Conference hosted by an internationall ranked, top 5 team. Students from as far as Colombia have inquired and a school from Maryland will attend FIMUN 2013. Coordination and outreach is conducted during the summer, fall, and spring semesters. FIMUN is also an invaluable training tool for FIU Model UN Students as it allows them to assume the role of mentor as well as competition judge. Moreover, it also serves as a way to recruit future FIU MUN members and FIU Students from the local community and world wide.

## University of Pennsylvania Model United Nations Conference

The University of Pennylvania Model United Nations Conference (UPMUNC) is held at the end of every fall semester. At UPMUNC 2012 the FIU team won Best Small Delegation for the first time ever, and ended the fall season with 3 Best Small Delegation Awards, one at every conference it attended. It is the most heavily weighted conference on the Fall competitive circuit.

#### Difference Between Allocation and Actual Expenditures

If the cost was more - where did the funds come from for the event?

#### <u>Justification</u>

After our Fall RHA retreat we had a substantial amount left and we decided that would cover the cost. We spent the money on the materials for the Ice Cream Techno event, in which we had a good turnout of students who came.

We would like to increase the budget for each of the hall councils. All of the hall councils have been active throughout the Fall and Spring Semesters; catering to the housing, university and commuter student's desires. We are extremely excited, proud, and grateful of the new residence hall, Parkview, which is opening in Fall 2013. This hall requires a new hall council and will need its own budget. We want continue enagaging students and promoting the high quality of the Resident Hall Association.

The Week of Welcome is one of the most important weeks at FIU. W.O.W. is the first opportunity of the semester to connect the new students to the Resident Hall Association, as well as motivate and inspire returning students to have a greater involvement in RHA. This is also an important moment for RHA to make an excellent impression and set the standards for the rest of the year, in both Fall and Spring semesters.

**DETAIL JUSTIFICATION** 

Sorority and Fraternity Life is a growing community here at FIU. Recently, President Rosenberg, as well as Vice President Larry Lunsford, have challenged us to grow the community and bring us to a different level. With that challenge comes the need for additional funding for heavy office and council based recruitment, including large and small scale events. Additionally, with the increase of the student population, there is an increase in the demand at key events like the Sorority & Fraternity Welcome BBQ and individual council "recruitment" weeks. With the additional funding, we are allowing our councils to provide intentional programming designed for non-greek students to either get more information/join or develop a respect for the community. By showcasing S&F Life through weeks like Hazing Prevention and Alcohol Awareness, we are educating the current members, as well as bringing in new ones by disspelling myths and sterotypes.

### Actual/Estimated **Amount Spent**

### **Justification**

Account Balance = \$13,300. These funds allow students to attend conferences and competitions in different areas of the law, as well as host informative events with speakers geared towards the specific organization. We are approximately half way through our budget and the Spring semester is always full of more events as officer transitions in the student organizations during the Fall reduces the amount of events. The SBA started in Fall 2012 with 25 active organizations under its umbrella; we now monitor over 30 organizations, most of which do not have any source of funding. These student organizations allow students to get- many times- their first and perhaps their only chance to learn about different areas of law and find their passion. At the same time, the student organization events have led to students shadowing,

\$11,700 In Progress interning, and eventually being hired over students from other local schools.

Difference Between Allocation and Actual Expenditures

If the cost was more - where did the funds come from for the event?

This year we hosted an "Orientation" for student organizations. We were able to provide lunch and also copies of materials that they would need throughout the semester, such as event planning guides and funding request procedures. We also hosted a Student Organization Fair for the benefit of our new students, both day and evening, so that they could explore their interests. We provided lunch and dinner for these fairs.

\$1,000

600 approximate number of students. We expect to be able to find even less expensive options during \$2,300 In Progress Spring Finals so that we can stay under budget,

Family Field Day is in its planning stages with the Alumni. It is one of our only Alumni-Student Events and a \$0 In Progress tradition found throughout most law programs in the nation.

\$1,000 In Progress Head count at events

\$5,000 In Progress Head count at events

Account Balance = approximately \$10,000. The SBA has paid for the initial deposit for the event and we are \$6,000 In Progress in the process of raising additional money through fundraising as well as sponsorships

### **Detail Justification**

	Expedited #.or	Recurri	n <u>g</u>
Event / Item	Participants (44)	Amount Yes/No	
1. Law Review	50	\$3,000 Yes	Law Reviews are given a budget for them to promote their publications in academic spheres. Our Law Review would like to host a Symposium to bring in some of the authoers of the comments that the Law Review edits and publishes. Our Law Review currently cannot do any of that because they have never been given a budget. Our law review is comprised of some of our brightest students and they should be able to host events that bring in great recognition to FIU.
2. Grad Bash	1.50°	\$2,000 Yes	This event is the send-off for our 3Ls to leave them with a positive taste for FIU. We want to make our graduating students feel close to the school before they leave and this is a nice, medium-size event that will make that possible. FIU Law is a young law school, and this event will help rekindle relationships with our recent graduates and our soon-to-be graduates.
3. Student-Alumni Bridge	300 - P	\$3,000 Yes	This program will serve to allow the law students to network amongst our alumni. We believe that our alumni are in the best position to help our current students and the stronger we make the bond between our students and our alumni, the more opportunities that will open for our students and the school.
4. Mock Networking Events	:100=150	\$2,500 Yes	This event is extremely valuable to help students network. It allows us to bring in networking professionals that can best give our FIU students an edge over students from other schools. We will have a mock networking event where students interact with real attorneys volunteering to help the school with coaches tailoring the interactions to make them as successful as possible in the real-world.
5. Peer Mentoring Program	150-300-	\$2,500 Yes	This program aims to retain as many students as possible at the law school, a factor important in the law school rankings. The program also allows 2Ls and 3Ls to mentor 1Ls with networking. The funds would allow for periodic mentoring events which brings in many students to attend and allows us to better organize the program and help promote comraderie between the classes at the law school.
6. Staff Appreciation	<b>5</b> 0≥100	\$1,500 Yes	We believe that the staff is the engine that helps propel the school forward. Many times they go unrecognized and we would like to take one day to provide lunch for them and a few small awards that can lift the morale and show the SBA's appreciation.

Individual Student Organizations (Justification)	Account Balance = \$13,300. These funds allow students to attend conferences and competitions on different areas of the law, as well as host informative events with speakers geared towards the specific organization. We are approximately half way through our budget and the Spring semester is always full of more events as officer transitions in the student organizations during the Fall reduces the amount of events. The SBA started in Fall 2012 with 25 active organizations under its umbrella; we now monitor over 30 organizations, most of which do not have any source of funding. These student organizations allow students to get many times their first and perhaps their only chance to learn about different areas of law and find their passion. At the same time, the student organization events have led to students shadowing, interning, and eventually being hired over students from other local schools.
Orientation (Reason for Difference)	Note: The request is not different, but as per Silvana's instructions, the original line item of "Orientation and Food For Finals" was split into two line items that will be a repeated request.
Orientation (Justification)	This year we hosted an "Orientation" for student organizations. We were able to provide lunch and also copies of materials that they would need throughout the semester, such as event planning guides and funding request procedures. We also hosted a Student Organization Fair for the benefit of our new students, both day and evening, so that they could explore their interests. We provided lunch and dinner for these fairs.
Food For Finals (Reason for Difference)	Note: The request is not different, but as per Silvana's instructions, the original line item of "Orientation and Food For Finals" was split into two line items that will be a repeated request.
Food For Finals (Justification)	600 approximate number of students. We expect to be able to find even less expensive options during. Spring Finals so that we can stay under budget,
Family Field Day (Justification)	Family Field Day is in its planning stages with the Alumni. It is one of our only Alumni- Student Events and a tradition found throughout most law programs in the nation.
Guest Speakers (Reason for Difference)	We would like to combine this line item with the Joint Events Line item below.
Law School and Undergraduate Events - Joint Events (Reason for Difference)	The SBA has been bringing in more and bigger name guest speakers to the College of Law, such as prominent national attorney, Roy Black, and various Federal and State Court Judges, along with reputable legal scholars throughout the country. We would like to continue that tradition and be able to host events that continue to bring prominent speakers and recognition to FIU with the additional money. These would be joint events which we would continue to invite the FIU Community as a whole to attend. Student Organizations have also made a much more concentrated effort that has led to many events with undergraduates from the Business School, Medical School, and Liberal Arts Programs. Additionally, the SBA founded a PAD chapter this semester to continue working hand in hand with FIU's Pre-Law Society.

Organization Name:	Student Bar Association
Representative:	Alisha Mays - Treasurer
Barrister's Ball (Reason for Difference)	Barrister's Ball is the pinical event of law schools across the country. This event allows us to expose our student body to the FIU community and celebrate the accomplishments of our entire student and faculty population. The additional money will allow us to sustain this law school tradition. We do reach out to our community to help fundraise additional funds for the event. Our fundraising efforts have to cover what the SGA allocation does not, including alcohol. Every year this event honors faculty, alumni, and students who have made a positive impact on the community. It is vital for the continuance of our school spirit. Members of the bar (lawyers and judges) are invited, and this helps raise the visability of FIU and FIU Law. We have found a correlation between the professionalism of the event, only made possible with proper funding, and the benefit to the law school, its students, and the institution as a whole.
Law Week & Karaoke (Reason for Difference)	Law Week is a week of various events held at the law school geared towards community service and roundtables with professors about various projects they work on in their respective fields. With additional funds we will help cover the costs we can to help students take advantage of different Community Service opportunities such as Habitat For Humanity where the school organizes an entire house build to raise positive recognition for FIU and create team building for our students.
Dean's Cup (Reason for Difference)	Dean's Cup has become an annual event between the law school and the FIU College of Medicine. We invite all students, faculty and staff to join us all for a day of friendly competition between the two schools. The funds help us provide adequate amounts of food and pay for the planned activities. With additional funds we can help the event grow so that more people can attend and participate.
Law Review (New Request)	Law Reviews are given a budget for them to promote their publications in academic spheres. Our Law Review would like to host a Symposium to bring in some of the authors of the comments that the Law Review edits and publishes. Our Law Review currently cannot do any of that because they have never been given a budget. Our law review is comprised of some of our brightest students and they should be able to host events that bring in great recognition to FIU.
Grad Bash	This event is the send-off for our 3Ls to leave them with a positive taste for FIU. We want to make our graduating students feel close to the school before they leave and this is a nice, medium-size event that will make that possible. FIU Law is a young law school, and this event will help rekindle relationships with our recent graduates and our soon-to-be graduates.
Student-Alumni Bridge	This program will serve to allow the law students to network amongst our alumni. We believe that our alumni are in the best position to help our current students and the stronger we make the bond between our students and our alumni, the more opportunities that will open for our students and the school.
Mock Networking Events	This event is extremely valuable to help students network. It allows us to bring in networking professionals that can best give our FIU students an edge over students from other schools. We will have a mock networking event where students interact with real attorneys volunteering to help the school with coaches tailoring the interactions to make them as successful as possible in the real-world.
Peer Mentoring Program	This program aims to retain as many students as possible at the law school, a factor important in the law school rankings. The program also allows 2Ls and 3Ls to mentor 1Ls with networking. The funds would allow for periodic mentoring events which brings in many students to attend and allows us to better organize the program and help promote comraderie between the classes at the law school.
Staff Appreciation	We believe that the staff is the engine that helps propel the school forward. Many times they go unrecognized and we would like to take one day to provide lunch for them and a few small awards that can lift the morale and show the SBA's appreciation.

Organization Name: Representative:	Student Bar Association Alisha Mays - Treasurer			
Emergency Conference Funds	The Graduate Funding Committee's 5 week notice deadline is difficult for law students to satisfy. Many times, students learn of conferences within the 5 weeks and are denied be the Graduate Committee. These funds would allow the students to reach out to the SBA and allow the SBA to allocate the money the students need in a quicker fashion.

### **DETAIL JUSTIFICATION**

The office has two student workers who help manage the office with the office manager. These students help with travel, expense reports, and other matters that occur in the office. These individual help maintain that the office constantly has staff available to help students who may need assistance.

As more and more SGA students have been hosting meetings and are fulfilling their responsibilities in the office there is a need to restock office supplies such as paper, toner, ink, and other neccessities for functions.

Student Government at MMC is the most complex of all organizations on campus. It has over 60 members all doing different projects, setting meetings with university officials, creating partnership on and off campus, lobbying in Tallahassee and Washington DC and overseeing a budget of over 15 million dollars. With such a robust organization, it needs a team just as big to manage and properly advise all those areas.

History: For the last 8 years only one person oversaw the advising of SGA with the occasional assistance from a graduate student or other Campus Life staff when needed cause of the event(s). In 2012, an Assistant Director and Graduate Student were added to the advising team of SGA and there has been notable improvement with communication and the advising of the student with programs and funding. However, with the recent promotion of the the Associate Director to Interim, there needs additional support for SGA, more importantly there needs to be a physical presence to the advising of SGA.

Proposal: in order to assist with the recent growth of SGA and its many projects and so that it is comparable to other SUSs in the state, a SGA Coordinator position is important for its success. This would be a full time professional who would assist the current Assistant Director in Advising SGA. They would be able to share in the responsibilities and redistributing programs and events that need advising. The key to the success of this coordinator is the fact he/she will be housed in the SGA office. This will allow SGA members easy access to an advisor for advise and signatures(file for funds)

Expected Date for Hire: May 1

### **DETAIL JUSTIFICATION**

Miscelaneous + \$71.68 (Total \$1,600)

This increase will allow SPC to cover some minor costs associated with potential issues that may arise throughout the year. Whether it be fixing the popcorn machine, covering costs of an event, etc. this will provide an extra small cushion for things to run smoothly for the next year.

NACA + \$3,000 (Total \$20,000)

Registration fees continue to increase. The registration fee for the 2012 National Convention was \$320 per person. For 2013, the fee is \$334 per person. Airfare also determines how many students are able to attend. With the conference changing locations each year, the trend has seen higher cost flights. Flights for the 2012 Conference to Charlotte, NC were \$280 per person. Flights for the 2012 regional conference were \$302.4 per person. Flights for the 2013 National Conference are looking to be upward of \$300 per person. The increase of \$3,000 would allow SPC to take an additional 2 students to the National Conference to gain information through the educational workshops and also participate in determining what talent to bring to the university.

PR/Marketing + \$4,000 (Total \$20,000)

In order to keep up with the demands of the increasing number of programs, we need to be able to market them all equally. Floor stickers are one of the best marketing tools we have, but it is also the most expensive (\$70 per floor sticker). This increase would allow SPC to order better giveaways to promote school spirit, flyers to notify students of what events are aproaching, and allow SPC to continuously brand the over 70 events that are hosted throughout the year.

Personnel = \$8,000 (New Line Item)

SPC officers work year-round programming and marketing over 70 events. SPC Officers plan, market, and implement all events for the entire year including the summer events. Hours working on an event can range from 6 to 12 hours depending on the size and budget of the event. This would allow SPC to compensate its leaders \$300 at the end of the fall and spring semesters, respectively. It would mirror what SGA does for it's senators. This would also allow for more accountability from the leaders in SPC.

# Difference Between Allocation and Actual Expenditures

If the cost was more - where did the funds come from for the event?

#### Justification

Monthly calendars, flyers, banners, Beacon ads, and parking signs were paramount for our well-attended events

Our branding and affinity-building efforts rely heavily on the promotional items we give to our students during our signature events such as Week of Welcome in which we gave out beach mats and backpacks.

We print posters not only for all of Campus Life events but also for BBC student clubs, councils, and organizations including SPC, SOC, Panther Power, and SGA.

We implemented an on-campus text messaging system targeted to students to increase awareness of BBC

In order to increase exposure of BBC events at the MMC Campus, we advertise our programs on FIU's bus shelters.

# Goals for FY 2013-2014

1 Our goal is to continue staffing the Cyber Café at BBC with a Graduate Assistant in order to accommodate the increase in number of students who utilize the programs and services offered by CSO. As can be seen from the Fall 2012 semester, 128 students walked in for either resume critiques, cover letter critiques, or some other professional development. Our goal at the Biscayne Bay Campus is to continue staffing the Cyber Cafe with a Graduate Assistant in order to meet the career-related needs of our students.

- 2 The Student Peer Career Coach provides a vital service to students because it allows them to assist with the career-planning needs of new students at the undergraduate level. Our goal is to continue providing services, such as interviewing, job and internship search, resume writing, and resume critiques to our students because our numbers have been steadily increasing.
- 3 This student engagement program, Career Bash, serves to enrich the knowledge of students regarding careers, career planning, and career opportunities. During Fall 2012, over 140 students participated in the event. Currently, the Spring 2013 event has attracted over 150 students, so we see that the numbers are increasing. Our goal, therefore, is to continue producing a high turnout of students to the event because it help students to become more aware in understanding their future career challenges and opportunities.
- 4 The Business Etiquette Dinner continues to teach students the complexities of interviewing and networking while dining. The event is scheduled for March 7, 2013, and our goal is to continue the tradition with students because many employers utilize the option of interviewing over a meal and students do need to learn the art and acquire a competitive edge in the present job market. With presentation by a professional speaker and three course meal for all students attending the event, another additional goal is to reach out to more departments in order to garner their collaboration so that they send more students to the event.

#### **DETAIL JUSTIFICATION**

For the past thirteen years, on January 28th, FIU-Biscayne Bay Campus has hosted a breakfast celebrating the birthday of the great Cuban writer, poet, professor and patriot Jose Marti. He has also become a symbol of freedom, human rights, and justice not just for Cuban, but for people around the world who are fighting for liberty and political self-determination. His life and accomplishments should not be forgotten, but should be used as an opportunity to educate our students at Florida International University and the surrounding schools about the realities of political and societal oppression so close to our own borders and around the world. This event always serves as a call to appreciate and guard the precious freedom we possess as US citizens.

The proceeds of this breakfast have been-and will continue to be-used to fund student scholarships, to sponsor an endowed chair and for the naming of a building on the Biscayne Bay Campus. Another important purpose of this annual celebration is to rise the level of awareness within our university and our community about this very special and influencial heroe.

We are looking to the Student Government for assistance and support in making this annual celebration an officially sanctioned, permanent component of its event calendar. In terms of financial support, all that we request from SGA is to be a co-sponsor of this event with a contribution of \$1,500.00. Those monies would be used in the following way:

- 1. \$1,000.00 for the breaksfast food
- 2. \$200.00 for guess parking
- 3. \$300.00 for decorations, promotions, advertising, and appreciation awards

All FIU students are invited to attend the event, with special emphasis on BBC students. Jose Marti

Scholarships are awarded each

year to BBC students. This year

the scholars are:

Shantell Rolle - \$1000

Mary Ondari - \$1000

Steve Noel - \$240

Nathaly Ossa - \$240

Vinson Pressley - \$240

Kim Weisborn - \$240

The memory of the words and thoughts of Jose Marti deserve to be preserved by us

"One just principle from the depths of a cave is more powerful than an army." Jose Marti

**DETAIL JUSTIFICATION** 

#### STARS/VEO (Valuing Each Other) Workshop Series

The vision of the STARS/VEO lecture and discussion series is to unite the student body at FIU. In 2012, the series attracted over 300 students at BBC. We are anticipating approximately 300 students this year, due to our partnership with CSO. The series places an emphasis on different perspectives, backgrounds and opinions in hopes of conveying the message that everyone is to be valued. Every opinion, every experience is valuable. In keeping with FIU's Institutional Values Statement, the series will: provide a forum for students to freely express their thoughts; require students, faculty and staff to disseminate, generate and apply knowledge; emphasize respect for the dignity of the individual and groups; strive for honesty, integrity and truth; and promote diversity in all forms. We are asking that the SGA funding for this series in the amount of \$1500.00 for 2013-2014.

#### Male Mentoring Initiative

This male mentoring initiative is a focused effort to get more minority male students involved, engaged and thriving at FIU. We currently have had over 100 male students attend our meetings and programs this year and we are on our way of meeting our goal of 150 male students in attendance. There are many discrepencies with the ammount of minority males that enter college and actually graduate with a degree. This program seeks to engage minority males early in thier college careers to mold them and to connect them with student and professional mentors that will not only make thier college days easier but more fulfilling by helping them to identify goals they want to achieve while at FIU and helping them to formulate a plan for success. We are asking for \$2,000 to help with programming expenses, food and a small book stipend for some of our studnent mentors.

#### **MPAS Learning Café**

We offer free black and white and color laser printing to students and this money would cover toners that are needed. So far in the 2012-2013 academic year we have had over 375 students utilize our Learning Café and we are well on our way of exceeding our expected ammount of 400 students. We are asking for an increase because of the increase in the cost of toners and the higher number of students we are expecting next year.

During the Fall semester we host our annual SOC Mixer & Fall Feast. As for the spring we host SOC Super Stars we came with the idea during the summer semester and we hope on keeping it a tradition each year. It is an event to thank the clubs and at the same time see what we as an organization accomplished and what are clubs have as well. It is a great way to introduce the new club e-boards since many have their elections before the semester ends as well as recruiting members for the following year and building interest between the clubs to collaborate etc. In addition, we will be adding a few more SOC Special events in order to promote involvement at the Biscayne Bay Campus through these huge events. The request for an increase/ provide funding for this item is because our events have had an increase in attendance and the décor/novelties to promote club life have increased as well in quality and quantity. |

| 2. OrgSync Trainings                                     | \$3,000 Yes | Further trainings are needed on OrgSync in order to make clubs, students, advisors, and university officials become more familiar with the program. This program is to further motivate students on the different ways of involvement and how to lead a student council under the wing of present SOC E-board members. Since its inception in Spring 2012 with only two interns, and now as of Spring 2013 we have 10 students who started in Fall 2012, it is important/crucial to provide funding for our amazing program and continue this movement.   |
| 4. #### **DETAIL JUSTIFICATION**

The 2012- 2013 school year was definitely a great year for SOC and it only gets better. SOC was able to grow its organizational family with the addition of new clubs and the retention of many of our active organizations from last year. SOC will definitely continue to add more. Each club hosts their own specific events where the FIU community is welcomed. In addition, SOC made the intern program official by having a record number of participants and foster lifelong relationships while learning the fundamentals of on how to run an organization. SOC has also been able to increase our visibility on both campuses by using strategic marketing strategies. One of our biggest accomplishments this year is continuing two of our signature events in the fall semester, the SOC Mixer & Fall Feast where many people benefitted from the social setting to network with other clubs, councils & departments. Our newest events include the diverse thematic SOC special events and our SOC Super Stars to be held in the Spring semester. We have also collaborated with other councils including SPC, BSU, Panther Power and departments like Campus Life and CLS and we only plan to continue this trend.

# Communication

**Overview** 

Also this year, we continued the introduction of Orgsync, our communications management process that helps us organize our club's paperwork and inform the clubs and FIU community. Orgsync has facilitated the way we communicate with our members and provided a better platform to market our events. However, since this technology is still new to many students we are constantly hosting workshops to teach the ins & outs of the program with the few fundings we have allocated to it. We also introduced our new initiative known as the SOC Liasion in which each SOC E-board member is assigned a number of specific clubs in order to facilitate communication efficiently.

Organization N. Student Organizations Council (SOC)

Representative Michael Aquino; Ivy Siegel

SOC has definietly had a great year in regards to great event turnouts, an increase in clubs, and involvement at FIU. With all the success we've encountered, it's made our event planning more difficult once we realize that our budget is quickly fading and every dollar suddenly matters. For the 2012-2013 school year, SOC was awarded just under \$46,072.11, which was a great improvement, but not enough to cover everything that the council and the clubs need. As we strive to increase school involvement, our costs increase and the quality of our events suffer when we don't have the funds. As we head into Spring Semester, SOC re-awards those clubs who have demonstrated commitment to our organization by a Point System we have in place. This process has shown to work because it then keeps the clubs content and eager to stay involved, but also adds more scrutiny for the council to "pinch our pennies" as we try to maintain a consistency in our own events. And not to mention those clubs who request more money and request that we help them put on a great event for the FIU community. With their request, SOC has to re-allocate funding from an already tight budget.

**Future** 

Request

SOC is requesting \$78,914 for the 2013-2014 school year. This extra funding will not only help the clubs be more engaged on campus, but the FIU community will benefit from knowing that they too can get involved and feel satisfied in knowing their school is doing everything they can to make the college experience a lot more memorable. The clubs rely on our ability to provide them with the resources they need to thrive such as supplies, flyers, and anything and everything you may think of and it's our job to assist them in making their events as successful as they could be. Famous key note speakers will fulfill SOC mission of statement and bring leadership on campus. Club Fairs and General Meetings too, will have an extra special flair about them and school spirit will definitely increase with the FIU-inspired giveaways and gadgets that SOC will be able to provide on a much grander scale with the increase in funding. For the past two years SOC's budget has decreased. We hope this trend will stop this year as we predict that the quality of our clubs will suffer, thus making the students suffer as well. SOC hopes to count on SGA as our partner in wanting to make FIU a better place for us all.

#### **DETAIL JUSTIFICATION**

**BBC Majors Reception** 

This event is being planned with the hope of achieving two main objectives:

The first being to allow undergraduate students who are undecided to meet and interact with individuals such as yourself. Hopefully this will get them thinking of different majors and could help them decide.

The second group of students are students who do know what they want to major in. This event will allow them to meet someone within their major/department and answer any questions they may have about their program.

BBC Undergraduate Education

Open House

This Event gave students and staff the opportunity to interact with Undergraduate Education Staff as well as learn more about the resources we provide. It is a chance for us to serve students better and provide them with all the knowledge they need to succeed here at FIU.
