<b>Attendance (please attach sign-in sheet)</b>	<b>SGC Financial Support</b>
Students: <u>103</u> Community: <u>0</u>	Amount Funded: <del>1501.20</del> <u>826.20</u>

What was positive about this event? Why?  
 A lot of people came out to enjoy the activities. We had a really good turnout.

What was negative about this event? Why?  
 Nothing. The only thing I would add is to maybe have had one more activity outside to accompany the funnel cakes and dunk tank. Maybe to make it like a mini-fair.

Event: Homecoming Week (Mascot Day)

Date/Time/Location: November 10, 2009/ 12pm/ Panther Square

<u>Attendance (please attach sign-in sheet)</u>	<u>SGC Financial Support</u>
Students: _____ Community: _____	Amount Funded: <u>\$225</u>
Faculty/Staff: _____ Total: <u>100+</u>	Amount Spent: <u>\$225</u>

What was the purpose of this event? Was that purpose accomplished?  
 To promote the homecoming football game and give a chance to students to take pictures with other Florida Mascots. Yes, but it could have been better.

What was positive about this event? Why?  
 Stanley C. Panther from the Florida Panthers Hockey Team worked really well with our Roary so their dynamics got to students hyped and spirited. The polaroid picture taking was also successful as the students liked the throwback feel to the event. In addition, the picture booth SPC provided made for a great collaboration. The turn-out was great and everybody had a lot of fun.

What was negative about this event? Why?  
 I wouldn't call it negative, just a bit unfortunate. We wanted to have more Florida mascots but all of them were already booked. We know to book them at least two months in advance next time.

Should this event be done again next year?  
Yes definitely!!

What was the purpose of this event? Was that purpose accomplished?  
 To encourage school spirit, while promoting Panther Power. The event was overall successful in attracting students and promoting Panther Power.

---

What was positive about this event? Why?  
 Collaborating with Student Government Asssocation and sharing a space greatly helped draw people to Panther Power's table. Using AC1 was also beneficial as there was a great deal of foot traffic.

---

What was negative about this event? Why?  
 As there are very few returning Panther Power members, Shaquel and I were the only ones able to cover the event. At times it was difficult to address everyone's questions while also attracting students to visit our table. In addition, there needs to be more promotional material and promotions in general for our events.

What was the purpose of this event? Was that purpose accomplished?

To encourage school spirit while promoting Panther Power and providing students an opportunity to sign up for transportation to the football game on 08/16. The event was overall successful in attracting students. The bus sign up consisted of 62 students and four members of Panther Power were present to assist with the event.

What was positive about this event? Why?

With more Panther Power members present, our event was ran much smoother. We had enough individuals to both address student questions and market to students passing by. Using the cafeteria as a location was also beneficial as there was frequent foot traffic during the time of our event.

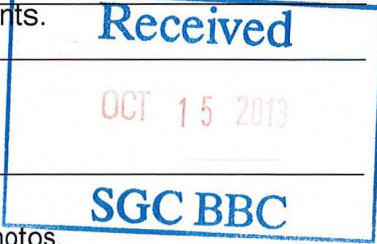

What was negative about this event? Why?

Although our event was larger than the last, many students wanted more music and/or having the marching band, cheerleaders or dancers present. In addition, while we did have some marketing materials, Panther Power needs to implement a social media strategy to reach the students for future events.

Should this event be done again next year?

Yes.

What was the purpose of this event? Was that purpose accomplished?

This event took place to help the Color Run with materials needed for the run. Panther Power wanted to ensure that we did our part by providing paint for the run. The event was an overall success because all the colors were mixed and placed in the needed containers. Students enjoyed themselves while mixing the colors.

What was positive about this event? Why?

The students appeared to have enjoyed the event and many stayed for an hour or more. The groups were interested in Panther Power or other Campus Life activities. The Beacon did cover the event and was featured on the October 7th issue. Between the two days the groups were successful in mixing all the colors.

What was negative about this event? Why?

There was a miscommunication regarding who was responsible for promotion between Campus Recreation and Panther Power. As a result of the miscommunication there wasn't adequate promotion, which caused low attendance. Also, the event's locations (under the pool) is not very visible and hard.

Should this event be done again next year?

Yes.

What was the purpose of this event? Was that purpose accomplished?

To encourage school spirit during Homecoming Week while promoting Panther Power and providing students an opportunity to sign up for transportation to the parade and/or football game. The event was overall successful in drawing students. 21 students signed up for the bus, over 36 individuals had their picture taken with Roary and the majority of the students took away FIU promotional items.

What was positive about this event? Why?

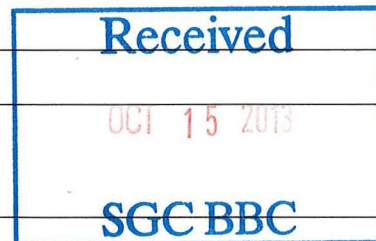

We had a good attendance for the event and received overall good feedback. Students asked and were interested in learning about Panther Power. Students also appeared excited to have Roary attend an event at BBC.

What was negative about this event? Why?

We received a bigger crowd than anticipated so at times it was difficult to manage the crowds to ensure all students were registering for the food and there was good flow of traffic.

Regardless of the location we did receive a good amount of foot traffic. We were able to get a good amount of students to sign up for the bus and we were able to promote our next events. Also, we were able to generate interest in Panther Power.

What was negative about this event? Why?

<p>What was the purpose of this event? Was that purpose accomplished?</p> <p>The purpose of this event is to raise awareness about Panther Power as an organization. Also, to acknowledge those students that have FIU spirit by wearing FIU gear every Friday. This event is a fun way to bring out school spirit. This event was successful because of all the great reactions we recieved.</p>	
<p>What was positive about this event? Why?</p> <p>There was a lot of foot traffic outside of AC1, so the location worked out well. People were really excited about the event, so advertisement is working out well for this event.</p>	
<p>What was negative about this event? Why?</p> <p>Students complained that we did not start at 12:00pm, so next time we need to begin at 12pm no earlier or later. This will help prevent the event from ending too early and others missing out from starting late.</p>	
<p>Should this event be done again next year?</p> <p><u>Yes.</u></p>
