Yes! there were many Student residents who showed up & enjoyed themselves. We had games for game night after 5pm during so I think that's why the turnout was good.

What was negative about this event? Why?

It was kind of hard to get everyone's attention for my Announcement because it was during Game Night.

Should this event be done again next year?

Yes.

The Class (2008)
Teacher François Marin and his colleagues are preparing for another school year teaching at a racially mixed inner city high school in Paris. Marin's class this year of 14 and 15 year olds is no different than previous years, Marin tries to get through to his students, sometimes with success and sometimes resulting in utter failure. Even Marin has his breaking point, which may result in him doing things he would probably admit to himself are wrong. But after all is said and done, there is next year and another group of students.

What was the purpose of this event? Was that purpose accomplished?
The event served to promote health awareness and encourage students at the FIU Broward Pines Center to take steps towards a healthier lifestyle.

What was positive about this event? Why?
Students and faculty attending the event were provided with water, healthy snacks, and tips to improve their mental, physical, and emotional health. Also, local medical professionals and health service providers were on campus throughout the event to provide information about ways to improve their lifestyle and answer any questions attendees had. Students that took the time to visit a vendor received special gift which encouraged students to take the times to participate in the event, socialize with their colleagues, and network. All of the food and giveaways were very well received by all of the attendees at the event.

What was negative about this event? Why?
Although the event was enjoyed by all attendants, the only negative aspect was that there were times with scarce interaction between the students and local medical professionals and health service providers that took the time to participate in the event. This can be prevented in the future by providing students with a greater incentive to speak with the vendors.

Should this event be done again next year?
Absolutely! The students expressed their appreciation and desire for it in the future.

What was the purpose of this event? Was that purpose accomplished?
The event served to provide a social arena in which students at the FIU Broward Pines Center could socialize and network with one another.

What was positive about this event? Why?
Students at the event were very pleased with the event. They enjoyed the refreshments and activities provided throughout the event. Students took the time to compete for prizes, socialize with fellow classmates, and obtain information about upcoming student life events. The games and prizes were very well received by the students, as was the general atmosphere of the event. Nearly all of the attendees expressed their appreciation and satisfaction with the event.

What was negative about this event? Why?
The sole negative aspect of the event was the shortage of prizes available for winners playing games. Due to the popularity of the games, the majority of the prizes were won the first night of the event! In addition, there was minimal interest in completing the art and crafts provided; this can be alluded to the relative simplicity of the crafts, which did not seem to attract many of the students.

Should this event be done again next year?
Absolutely; it was enjoyed by all of the attendees!

Faculty/Staff: 7  Total: 506

Amount Spent: $360.87

What was the purpose of this event? Was that purpose accomplished?
The purpose of Panther Pride Week was to inform students about and encourage students to attend the 2009 homecoming game; it also served to increase school spirit.

What was positive about this event? Why?
There were several positive aspects about the event. The attendees became more aware about FIU athletics and took greater pride towards FIU. Many of the students were unaware of the Homecoming Game and activities and through Panther Pride Week, they were not only informed, but also motivated to attend. The students learned about the multiple strides FIU has made and became more connected to the University. In addition, the ‘tailgate’ theme was enjoyed by all of the attendees.

What was negative about this event? Why?
Due to budget restraints, we were unable to acquire giveaways that students excited about FIU. In the future, additional funds should be used to purchase spirit gear for the students.

Should this event be done again next year?  
Absolutely! The students learned how fortunate they were to be attending FIU!

Please attach any articles, flyers, or photos.

What was the purpose of this event? Was that purpose accomplished?
The event served to alleviate students' stress prior to finals week and foster a sense of relaxation among students.

What was positive about this event? Why?
FIU students and faculty attending the event were provided with complimentary massages, snacks, and beverages. The participants were ecstatic upon learning they could receive a complimentary massage. Also, attendees at the event were very pleased with the event decor and music; they claimed it really helped to relieve stress.

What was negative about this event? Why?
Although the event was enjoyed by all attendants, the only negative aspect was that there was a great demand for massages, and not all students who wanted to participate were able to. These issues can be resolved by acquiring additional funding for the event to prevent shortfalls in the future.

Should this event be done again next year?
Absolutely! The students expressed their appreciation and desire for it in the future!

What was the purpose of this event? Was that purpose accomplished?
The event served to provide a social arena in which students, faculty, and staff at the FIU Broward Pines Center could socialize, network, and enjoy carnival games with one another.

What was positive about this event? Why?
Students at the event were very pleased with the event. They enjoyed the refreshments and activities provided throughout the event. Students took the time to play games, compete for prizes, socialize with fellow classmates, and obtain information about forthcoming Broward SGA events. The games and prizes were very well received by the students, as was the general atmosphere of the event. Nearly all of the attendees expressed their appreciation and satisfaction with the event.

What was negative about this event? Why?
The sole negativity of the event was the shortage of games and prizes available for students playing games; the limited selection of games and prizes caused students to leave the event as soon as they had participated in the few games available. This issue can be resolved by obtaining additional funding for the event to prevent shortfalls in the future.

Should this event be done again next year?
Absolutely! The students expressed their satisfaction and desire for it in the future!

It would be better if there are more visuals for the presentation. Like videos that show the case like slice of life in the study life in U.S.

Thank you for your help!

Was very informative. Was able to understand rules & regulations in regards to keeping my status.

Questions

1. Why did you attend the Florida International Leadership Conference? What were your expectations?
   - I wanted to meet new people, make new friends and promote my leadership skills.
   - I wanted to present some of my research there and also meet like minded people.
   - I expected to meet new people that I had not known from different schools and cities, to improve my leadership skills.
   - I expected to hang out with students from different schools and countries. Learning leadership also was one of my expectations.
2. What did you like about the conference?
   - The special friendly atmosphere, a lot of fun, opportunity to be a part of team building exercises. I felt myself like at home.
   - Interesting presentations, interesting people, making connections.
   - There were a lot of things to do, especially dance time, with other students and we had plenty of time to get to know each other.
   - It was very organized. Speeches were very impressive and all other team work also was so much fun. Peer leaders and all other staff were doing real great job.

3. What did you dislike about the conference? Suggestions for improvement?
   - The length of the conference and number of sessions. I’ve had only 4 sessions, it’s not enough. I’d rather spend 1-2 more days.
   - Food—it’s Orange County, give us orange juice! Seriously, the only thing that was a little uncomfortable was a lack of “mature” students.
   - Nothing.
   - The only thing I would like to complain about was sleeping place though it was cabin. I understand that. Otherwise there is nothing to dislike.

4. How did you as an FIU student benefit from your attendance at the conference?
   - I improve my skills as a leader. Now, for instance, I can organize work in our research project group.
   - It gives you a more global aspect, makes you think about other cultures, rejuvenates you working as a team rather than always on your own.
   - I did not pay anything for the conference because FIU paid for it.
   - Many international students go to FIU, I also see my foreigners, and I am one of them. I learn how to understand different cultures and leading those people.

5. Now that you are back, what did you learn from the conference that you plan to incorporate at FIU?
   - I’m going to share my experience with my classmates.
   - To be aware of other students and not expect them to be like me, or follow a norm. Learn to talk to them about their cultures and how they are different and their views about America.
   - I was expecting to get friendship and leadership skills by communicating with other students from different countries so that I can contribute what I have learned to FIU. I think I learned a couple of things, such as friendship, cooperation, and leadership.
   - I would like to join an international club to learn more about them. All I learned from conference was cooperate with international people and leading people and myself.

6. Would you recommend this conference to other students?
   - Yes
   - Yes
   - Yes
   - Yes
Other Comments:

- Julie did an excellent job as leader, motivator, entertainer, driver, advisor, and mother hen.
- It was definitely nice. If it is possible, I would attend the conference next year.
- Thanks to Julie and all the other staff who worked out really well to have this wonderful conference and also thanks to all my friends from this conference. It was real good experience. Thank you.

What was the purpose of this event? Was that purpose accomplished?
The purpose of Panther Pride Week was to increase school spirit and instill Panther Pride within students, faculty, and staff at the FIU Broward Pines Center.

What was positive about this event? Why?
There were several positive factors about this event. Students loved the shirts and giveaways that were distributed at the event and they also appreciated the entertainment, caricature drawings, very much. In addition, encouraging students to wear their FIU gear during the event also promoted FIU and helped to create a positive atmosphere that was enjoyed by all attendees. Most importantly, the goal to increase school spirit at the Pines Center was achieved.

What was negative about this event? Why?
Due to budget constraints, we were unable to decorate the area, bring Roary to the FIU Broward Pines Center for the event, and acquire spirit gear to get students excited about FIU. In the future, additional funds should be used for this event.

Should this event be done again next year? Absolutely! The students appreciated the event and look forward to attending in the future!

What was the purpose of this event? Was that purpose accomplished?
The event is held each semester to welcome students to the FIU Broward Pines Center, provide refreshments and giveaways, and answer questions.

What was positive about this event? Why?
FIU students, faculty and staff enjoyed the event and many remarked that they like the relaxed atmosphere of the Broward Pines Center. Many appreciated the free giveaways, as well as the Student Handbooks and the staff who were available to answer questions.

What was negative about this event? Why?
Many students asked for Summia, our former Coordinator of Student Life who resigned to pursue full-time graduate study. A number of our returning students recognize Summia and associate Broward events with her.

Should this event be done again next year?
Yes. Attendees expressed their appreciation and desire to have more events in the future.

Please attach any articles, flyers, or photos.

What was the purpose of this event? Was that purpose accomplished?
The purpose of this event was to provide FIU Broward Pines Center and Biscayne Bay students with an opportunity to socialize and network outside of the classroom; yes it was!

What was positive about this event? Why?
There were numerous positive factors about the event. The attendees were able to socialize and network with one another. All of the attendees loved the venue, the food, and the entertainment. Throughout the evening, the comedians continued to make references to FIU and it was exciting to see students get roared up and take pride in their university. Further, the students truly enjoyed the event, laughed throughout the evening, and congregated together for a great cause by donating generously to help raise $850 for the Smile Train Organization to provide cleft palate surgeries to children in need.

What was negative about this event? Why?
The only negative aspect about this event was that a few students that had confirmed interest in attending did not attend the event; this took away an opportunity for other students to participate since seating was limited. In the future, this issue can be resolved by collecting deposits to confirm students’ attendance and participation in off-site events.

Should this event be done again next year?
Absolutely! The students expressed their appreciation and desire for it in the future.

Welcome to the FIU Student Government Association of Biscayne Bay Campus and Broward Pines Center Spring Social 2010! We’ve planned an exciting evening for you and hope you’ll remember this night for years to come.

Kirk Fox is an established stand-up comedian and aspiring actor. His most recent acting credits include, “Tennis Anyone,” “Forgetting Sarah Marshall,” “Still Waiting,” “Reno 911,” “Post Grad,” “Heckle U,” and can be seen in the NBC original web series “In Gayle We Trust.”

Kirk Fox won the jury prize for the best stand-up comedy at the 2007 HBO Comedy Festival in Aspen, and has a showcase on “Comedy Central Presents.”

We hope that as you’re enjoying the smiles on the faces of children and your wallets to help benefit The Smile Train Organization, the lives of two very deserving children, and fund four cleft palate operations.

Our Charity Raffle Drawing will feature an array of gifts and prizes include movie tickets, restaurant gift cards, admission passes to popular events, and fabulous prizes. Don’t forget to purchase your event staff!

Unlike many charities that do more to raise money, The Smile Train is focused on solving a single problem.

Clefts are a major problem in developing countries where millions of children who are born with clefts cannot eat or speak properly, and those who are able to hold a job, and face very difficult physical and emotional pain, and heartache.

The good news is every single child can be helped with surgery that costs as low as $600, and 45 minutes.
The FIU Student Government Association of Biscayne Bay Campus & Broward Pines Center would like to thank the following local businesses for their prize & donations. Their generosity and support helped to make the night spectacular!

Please be sure to patronize our wonderful donors!

What was the purpose of this event? Was that purpose accomplished?
The event served to alleviate students' stress prior to finals week and foster a sense of relaxation among students.

What was positive about this event? Why?
FIU students and faculty attending the event were provided with complimentary massages, snacks, and beverages. The participants were ecstatic upon learning they could receive a complimentary massage. Also, attendees at the event were very pleased with the event decor and music; for many students, it really helped to relieve stress. In addition, all of the attendees were very pleased with the coffee, chocolate, and cookies available for students to enjoy; the refreshments were really enjoyed by all students.

What was negative about this event? Why?
Although the event was enjoyed by all attendants, the only negative aspect was that there was a great demand for massages, and not all students who wanted to participate were able to. These issues can be resolved by acquiring additional funding for the event to prevent shortfalls in the future.

Should this event be done again next year?
Absolutely! The students expressed their appreciation and desire for it in the future!
