8. Other comments or suggestions

- Some sort of icebreaker for those who don't know each other. It is kind of awkward if you come to event without a friend/get people to mingle more! (2)
- A cruise for the weekend would be a fantastic idea!
- If possible, I think it would be better if the students could stay a little longer to shop and walk around bayside. (2)
- Next time I wish everyone can have meal together!
- Thanks ISSS and Vanina! Great job! (9)

What was the purpose of this event? Was that purpose accomplished?

The purpose of this event was to provide a relaxing break for students to enjoy live music and snacks in between classes.

What was positive about this event? Why?

Students enjoyed the live entertainment while socializing with their peers, studying, and eating snacks.

What was negative about this event? Why?

Panther Square is a great location for an event but is not the center of the campus and that may affect our attendance for these events. We would love to do this event in the cafeteria one day. A reliable card reader would also help with these events.

Should this event be done again next year?

Definitely!

What was the purpose of this event? Was that purpose accomplished?

This event was a special event put on to educate students on the Hispanic presence in the media today. It was mostly aimed towards students in the School of Journalism and Mass Communication, but it was open to all students.

What was positive about this event? Why?

It helped to contribute to the Hispanic Heritage celebrations in a non-conventional celebratory way. It was a very informative; students were pleased with the invited guest-speakers.

What was negative about this event? Why?

The food was placed in the wrong room. It was supposed to be a co-sponsorship with SJMC, but it did not come through efficiently.

Should this event be done again next year?

Yes

What was the purpose of this event? Was that purpose accomplished?

This event was put on to entertain students on the Biscayne Bay Campus during the week of Fall Fest. It was open to all FIU students. It was also open to the public. The purpose was accomplished. Students and community member came out and enjoyed the event.

What was positive about this event? Why?

The turnout was good. The audience was entertained and pleased. The show ran smoothly.

What was negative about this event? Why?

Although the location was placed on the flyer, there was an apparent misunderstanding that the show was going to be at MMC. Having the event on a Friday was also something that was brought up as not the best idea; however, I would not call it a negative.

Should this event be done again next year?

What was the purpose of this event? Was that purpose accomplished?

This movie/documentary series was shown as a part of the semester’s movie series to entertain students on campus. It was also shown in celebration of Hispanic Heritage Month.

What was positive about this event? Why?

This event allowed students to watch a movie in a movie theater environment, with the comfort of being on-campus. It was also open to the public, so students can bring a friend along to enjoy the experience.

What was negative about this event? Why?

The turnout was not the best. The turnout was 97 students for 4 days of showings. Students were not very enthused to look at a documentary series on their free time. The final showing scheduled for October 4th had to be cancelled because WUC faculty did not see it as economical for the turn-out that was being observed.

Should this event be done again next year?

Maybe.

What was the purpose of this event? Was that purpose accomplished?
The purpose of this event was for further networking following the Hispanics In The Media Roundtable which was held earlier that day. As well as to further display the Celia Cruz & Cuban Pete exhibits which were assembled for the duration of our month's celebration. The purpose was met.

What was positive about this event? Why?
The positives of the event was that some students benefitted from the roundtable and were able to network and meet some of the media personnel whom we invited as it may have applied to their future career plans.

What was negative about this event? Why?
The turn out was not as great as we expected, but this was due to the class time of the respective major match (i.e. Journalism and Mass Communication).

What was the purpose of this event? Was that purpose accomplished?

The purpose of this event was to educate and inform students about Hispanics who work in the media. News anchors and Emmy award winners came to speak to students.

What was positive about this event? Why?
The ability to get an Emmy winner reporter, Jackie Nespreal to be a panelist at this event. We had 6 panelists in total that varied in PR, advertising as well as Media field.

What was negative about this event? Why?
An overall challenge of this event was getting students to attend, though we sent invites to all Deans here at the BBC campus in hopes for them to spread the word to their faculty members and to inform students especially in media related majors.

Should this event be done again next year?
I would suggest doing this again as it serves to be educational for students.

**What was the purpose of this event? Was that purpose accomplished?**

The purpose of this event was to have a paranormal expert come to give a lecture to students on Halloween.

**What was positive about this event? Why?**

Overall positives were we were able to book Chris Moon (paranormal expert) on Halloween. This enabled students to get more excited and interested in attending as it was on a spooky occasion.

**What was negative about this event? Why?**

An overall challenge was making sure advertising was done so we could promote and get students to attend.

**Should this event be done again next year?**

I would suggest doing this again since many of the students love Chris Moon.

What was positive about this event? Why?
The event attendance was very good, and after attending the events, the students were found to be more open minded and aware of the controversial topics.

What was negative about this event? Why?
The negative aspect that followed both events was the misinterpretation of the event while promoting and marketing for the event.

Should this event be done again next year?
Yes, but with different topics.

What was the purpose of this event? Was that purpose accomplished?

To take students to Universal Studios Orlando to participate in Halloween Horror Nights.

What was positive about this event? Why?

Students had an amazing time and quite the experience. We only charged $25 for a trip that would normally cost easily over $100 to go without the University. The attendance was great and actually was expanded due to the demand.

What was negative about this event? Why?

The only negative about this event was that we couldn't bring more students because we would need more funding for the buses which were expensive.

Should this event be done again next year?

Absolutely. Students are already asking when SPC will do an event like this again.

Please attach any articles, flyers, or photos.
