The Stories of Totalitarianism

Presentation of a Czech oral history project focused on Cuba followed by discussion

Thursday, November 30, 2017 | 5:30 PM | FIU MMC | Green Library 220

In 2017, the Vaclav Havel Program for Human Rights and Diplomacy (VHP) at Florida International University started to cooperate with Post Bellum - a Czech non-governmental, non-profit organization founded in 2001 - with the intention to document the memories of individuals whose lives have been affected by their personal encounters with totalitarianism and to pass their stories and testimonies on to the broader public through the Memory of Cuban Nation project. The goal of this event is to present and discuss the interim results of this cooperation.

Also, the documentary movie "An Unfinished Dialogue between Vaclav Havel and Oswaldo Paya", which VHP produced in 2016 will be screened and discussed on this occasion.

This event is free and open to the public.

After the program small refreshments will be served.
