ACTION

Special Orientation Edition

Volume 1, Number 13

Fall, 1973

Hot dogs,
Pepsi's
for 10¢

The Student Government Association returns all members of the university family to "pre-inflation days when Pepsis and hot dogs were only a dime."

This event on Saturday, Sept. 22, from 3:30 to 9 p.m. is the culmination of a four-day Festival of Activities designed to welcome both new and returning students, faculty and staff and their families to FIU's second year of operation.

Saturday's activities, which are free, begin at 3:30 p.m. with Field Day events for all ages, including children, with trophies awarded to winners. Vaskin Badalow of the Recreational Sports Office is supervising activities which will be held adjacent to La Deuxieme Maison.

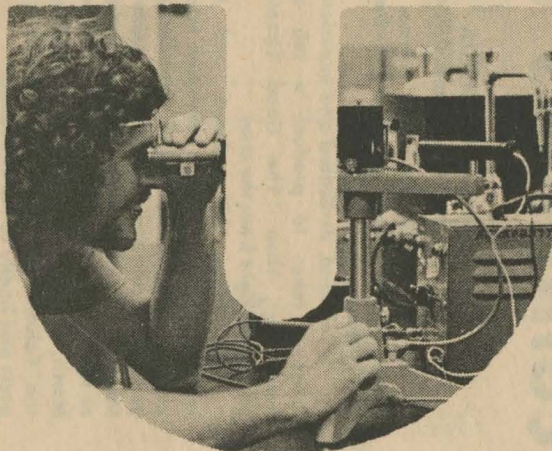

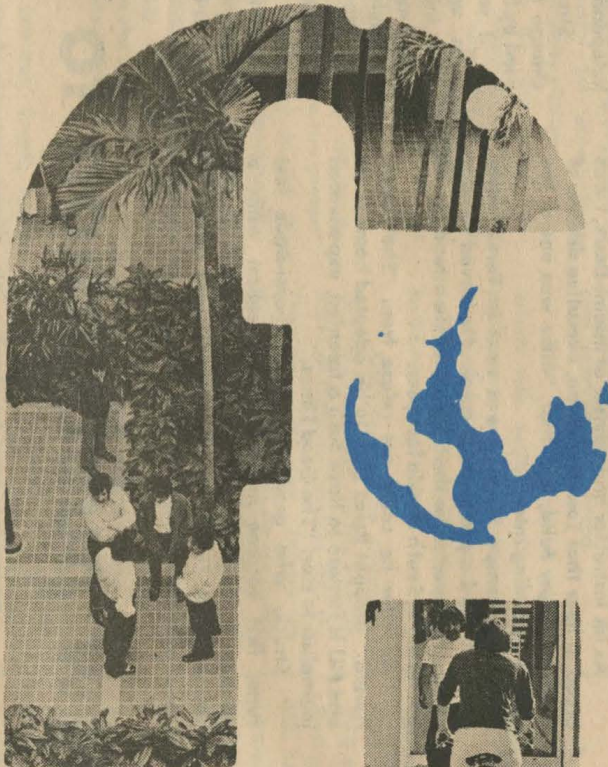

A KARATE exhibition, a Cartoon Festival and an old-fashioned Film Festival with Laurel and Hardy, W. C. Fields, and The House of Wax, will all begin at 4 p.m.

Pony rides will be available free of charge from 4 p.m. to 6 p.m. as will a special Children's Theatre Flee Circus presentation by the Players' Theatre of Miami, beginning at 5 p.m.

Phillip Giberson of the Drama Department has arranged a free one-act student production, at 7 p.m., in DM 150.

DIME HOT DOGS and Pepsi will be available from 4 p.m., until the supply runs out, and a Miami-based group, the Heroes of Cranberry Farm will play a varied repertoire of music for all ages from 6-9 p.m.

Other activities are still being planned for the

The Good Times / FIU 73-74

Six-year friendship continues with new paper

By MARIO GARCIA
Student Newspaper Adviser

(Ed. Note: Garcia is the adviser to the Falcon Times, student newspaper at Miami-Dade Community College North Campus.)

If talented, dedicated and experienced editors are what it takes to produce a top quality college newspaper, then "The Good Times," should do splendidly right from the start.

Its editor, Mike Perez, and Myron Struck, managing editor, have a combined total of almost 11 years working in the field of journalism. Many of these years Perez and Struck have worked side by side, first at Miami Senior High, where both worked as sports editor, of the "Miami High Times," and later at Miami-Dade North, where both started as assistant sports editors of the "Falcon Times," moving their way up to managerial posts and finally to the editorship.

Perez was always one grade year ahead of Struck.

PEREZ, who served as editor of the "Falcon Times" during the second semester of 1971-72, brought the newspaper, college and community high honors when the papers he edited were selected for the coveted Pacemaker award, given by the American Newspaper

Publishers Association in conjunction with the Associated Collegiate Press to the top six college newspapers in the nation.

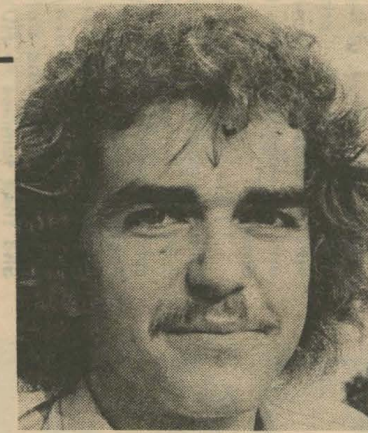

Following his graduation from Miami-Dade, Perez was granted a Newspaper Fund internship which took him to Temple University in Philadelphia for a special journalism course, and later through 12 weeks as an intern copy editor at the "Providence (R.I.) Bulletin."

As his instructor and adviser at Miami-Dade, I was proud to hear that Tom Engleman, executive director of the Newspaper Fund, said that, "Mike was one of the most outstanding interns."

THE "Tampa Times," was next in Perez' rapid ascent toward a professional career. He served as copy editor and reporter for the "Times" while attending the University of South Florida last year.

An offer he could not refuse from "The Miami Herald," brought Perez back to his adopted home town and FIU is fortunate to have such a talented, experienced journalist to start "The Good Times."

Struck, who graduated from Miami-Dade last June, first became interested in journalism while a student in Kinloch Junior High. He worked for the "Miami High Times" for three years and served as

PEREZ

STRUCK

editor of "The Falcon Times," for one full year, the only editor to have ever served that long.

THE "TIMES," recieved a certificate of appreciation from the American Revolution Bicentennial Commission, as did Struck, personally, following a special 28-page magazine section, edited by Struck, to tell readers how the community, state and nation are preparing to celebrate the 200th anniversary of America's independence.

Struck was also instrumental in bringing a graphic change to the "Times," and wrote a stylebook to be used by future staffs.

I worked with Perez and Struck, each for two years, under the formal classroom situations and the more informal newspaper production sessions. Both young men, Perez, 23, and Struck, 20, always showed a tremendous desire to learn, eagerness to work and a high degree of professionalism in everything they did.

I AM SURE that the work of Perez and Struck will perform as editors of "The Good Times," will not be limited to the coming year or the next, it is likely, though, to set a tradition of 'good times,' for future staffs at FIU.

Action closes, new publication to begin in fall

"The Good Times," is not an evolution or continuation of Action, the current official student publication at FIU. Their only resemblance is that the new organization, under new direction and policy, as well as name, is perpetuating their financial debt, in the spirit of good faith.

The publication will be headed by the team of Mike Perez and Myron Struck as editor and Managing editor, respectively. The two have been working concurrently since their junior year in high school, some six years ago.

ON THE business side, Joseph C. Behm and Mark Turim have been selected as business manager and advertising manager, respectively.

The new publication, independent in the sense that it receives no financial support from the university or the state of Florida, will rely on advertising revenues for its existence and volunteer efforts of its staff.

The staff, however, will be able to receive between one and five credits of elective English credit (ENG 498) for work as staff writers to editors, on the news side. On the business side, the school of Hotel, Food and Travel, has a similar program which makes credit available to advertising personnel.

THE publication has offices in the University campus publications office in PC 532, and files for messages in PC 220. Phone lines will not be installed for several weeks but tensions of 2842 and 2843 have been assigned.

"We will be operating as the professional publications do," Perez said. "Just smaller."

Both Perez and Struck, former editors of the Falcon Times,

the Miami-Dade North newspaper, have optimistic goals.

"WE DO NOT think that with the type of student body we have here, it will too very difficult to analyze just what they want to read and be entertained by," Struck said. "And that's what a

Business backbone needs student support

Mark Turim has no reservations about his ability to sell advertising.

"We should be able to support this paper easily, at an 8-page weekly," he said. "I hope to make it a 12-pager before too long."

This attitude set, Mark Turim, 25, and Joe Behm, 29, have set the flare for the coming year on the "Good Times."

"WE FEEL that we can make this publication into something that responds to the students needs and wants by organizing a strong financial policy that makes the news space available to our competent staff," Behm said. "So far, I have nothing but optimism."

Persons interested in applying for positions as salesmen should have the desire to talk to people and be able to work out the details involved in handling advertisements. Turim noted that he would be willing to train people.

"As well as people who are interested in selling advertising, we would like to let our advertisers know that we do exist, we are on firm financial footing, and that we have a very

newspaper must be about — it's readers."

Emphasis, will be on telling the readers what he needs to know as well as what he wants to know.

The publication will contain a news section of materials

relegent to students, which will primarily focus on the University campus, feature materials, entertainment that is campus and community oriented, University sports and an op-editorial page forum for various opinions and analysis.

POSITIONS are open on the editorial board, the business staff and for general assignments reporters. Part-time staff are encouraged to apply as well.

Currently, the following per-

sons have recieved editorial appointments to the Good Times: Steven Maloney, chief editorial writer; Bob Sanders, sports editor; and Carmen Fernandez, copy editor.

Persons interested in news positions may stop by the office and speak to the managing editor and fill out an application form.

The newspaper will begin its tabloid publication on Thursday, Sept. 20th.

Parking Decals for 1973-74

Beginning Monday, Aug. 20, 1973, the Cashier's Office, Room PC 212, will sell parking decals for the next academic year. Parking and Traffic Regulations Booklets and application cards are available in the Cashier's Office and in the Personnel Department, Room PC 510. 1972-73 decals will expire August 31.

Automobiles, motorcycles, motor scooters, and other motorized vehicles used on campus by students, staff, faculty or concessionaire employees (including part-time students and employees) must be registered.

Please avoid the last minute rush!

Multi-fuction building began also

Student center to be third structure

While Florida International University builds an educational environment for its students engineers are working towards the completion of another educational environment — the student oriented third building.

Located just north of Primera Casa, the unnamed edifice will contain all the services most students need to support their studies. Included will be food service facilities, a bookstore, meeting and concert areas, offices for clubs and organizations including student government and the Student Services staff.

An international theme will be implemented throughout the building, called the University Services Building until a formal title can be added.

THE BUILDING, scheduled to open in March of 1974, will also include a multi-lingual international theater and movie projection room.

The ground floor will contain the bookstore, a large cafeteria and an old-German motif in the rathskeller. The beer room will also have two outdoor eating areas.

The second floor will contain the Student Activities offices and several recreation areas.

INCLUDED HERE will be game rooms and the office for student publications/communications organizations.

The top floor will house the

Division of Student Services, including staff members responsible for counseling, career planning and placement, veterans affairs, due process, coordination of academic advisement, foreign student advising, financial aid, housing referrals and the office of the Dean of Students.

Small meeting rooms and the offices of the Student Government Association will also be on the top floor.

A PORTION of this floor will contain a suite and reception area at the disposal of the President of the university for entertaining official University visitors.

Plans for decorating the building included a student advisory committee which suggested furnishings and decorations for all areas of the building in which they are the prime occupants.

The food service will be in cafeteria form, unlike the present eating establishment in the PC building. This other food service will be maintained as a quick snack area while the new building will house full hot meals.

ROOMS WILL be available adjacent to the main dining room of the cafeteria for meetings and luncheons.

The campus' fourth major building, to be located directly north of the La Deuxieme Maison (DM), will be a Multi-Function II

Building and Central Utility Plant. The contract for this building has just been recommended to be given to the McDevitt and Street Company of Palm Beach and is projected to cost \$4,095,000.

The three-story structure will contain technology laboratories, science laboratories, the Media Center and instruction space for the fine arts department.

THE FINE ARTS Department is scheduled to include an Experimental Black Box Theater-Studio, cinematography laboratory, photography-printmaking areas and ceramics-crafts areas.

The central utility plant, which will accommodate utility equipment, except telephones, required for all future construction, will be located behind the building.

Additionally, the University has recommended, to the Department of General Services that the contract for the temporary Technology Building be awarded to C. A. Davis, Inc., of Hialeah, the low bidder at \$186,049.

THE STRUCTURE will house facilities for the School of Technology and accommodate the Technology program while the Multi-Function II Building is under construction, as well as house the programs of Occupational Therapy and Physical Therapy of

the School of Health and Social Service.

Donald McDowell, vice president for administrative affairs, also announced that the university's initial bids for a planned \$8 million recreational complex were over budget and alternatives to construction of this facility were under consideration.

Who composes the University Forum?

The forum is composed of any and all persons with an interest in changing the university policies and procedures.

The purpose of the University Forum is to try to insure that the student body may participate in self-governance.

Meetings times are, as per the Student Constitution, the third (3) and eighth (8) week of every quarter.

The first Forum for the fall will be at 1 p.m. on Oct. 11, 1973 in room PC 530. Your SGA solicits your participation. Let us ask what can we do for all of us.

Listening Post offers a helping hand

Confidentially, Listening Post can help.

It can help anything that hangs you up, that puts you down or that needs inquiry, for Listening Post is the campus crisis intervention center — a small Switchboard (of Miami).

Trained by the Switchboard staff, the organization currently has three phone lines (223-2300, exts. 2219, 2220, 2260) and a staff of 13 fully qualified personnel, and 20 in-training personnel.

RICK SETCHELL, wearing his usual suit and tie, without shoes though, is the coordinator of the operation, which handles all calls confidentially.

"We are succeeding," he said. "We have sincerely interested persons at FIU who make the training and selection of staff easier than Switchboard's. And we have a lower drop out rate among volunteers throughout training."

The center is organized to

solve most personnel, psychological or social problems through counseling by peers or through referral. Suicide calls frequent the list as well as calls from persons who simply want to know where there is a good movie, play or someone to talk to.

Setchell reminds callers, though, that this is not a "find a friend to date organization, and our operators are reminded against encouraging personnel relations."

LIBRARY HOURS

Monday through Thursday	7:30 a.m. to 11 p.m.
Friday	7:30 a.m. to 7 p.m.
Saturday	8:30 a.m. to 5 p.m.
Sunday	2 p.m. to 9 p.m.

The circulation department will begin enforcing the fine policy which had been temporarily suspended. Fines will cumulate at the rate of 25¢ a day to a maximum of \$5 at which time a final notice will be sent to the borrower and he will be billed for the cost of the book plus a processing fee of \$5. All financial obligations must be cleared with the University Cashier.

The Student Psychological Association wishes the entire FIU community a good year and a hopeful spirit seeking a new life

To hope means to be ready at every moment
For that which is not yet born, and yet not become desperate
If there is no birth in our lifetime, there is no sense in hoping
For that which already exists or for that which cannot be,
Those whose hope is weak settle down for comfort or for violence;
Those whose hope is strong see and cherish all signs of new life
And are ready at every moment to help the birth
Of that which is ready to be born.

SGA fest to highlight coming week

Continued from page 1

Festival which will take place in front of Primera Casa and the area around La Deuxieme Maison.

"The SGA is urging all students, faculty and staff to participate fully in these free activities with family and friends," Joe Kaplan, SGA Festival chairman and associate said.

The four days of events will begin with orientation for all new and continuing students on Wednesday and Thursday, September 19 and 20. The

two days schedule will be identical with sessions from 9-11:30 a.m. and 6:30-9 p.m. each day. Students may attend any one session where they will meet with faculty from their departments in specified rooms in La Deuxieme Maison to receive advisement and answers to any questions they may have.

ALL ADMINISTRATIVE services including Student Services, Bookstore, Cashier's Office and Registration and Records will be open at these times

to aid students.

Members of student organizations will man tables in the forum of La Deuxieme Maison to invite student membership and involvement in activities.

Friday, Sept. 21, is Change Day from 9 a.m. to 8 p.m. in the Youth Fair Building in Tamiami Park adjacent to the FIU campus.

DIVISION OF UNIVERSITY RELATIONS
AND DEVELOPMENT
FLORIDA INTERNATIONAL UNIVERSITY

GET INVOLVED...

HOW?

ASK A STUDENT SENATOR

Your student government maintains offices in PC 536, and files for
leaving messages in PC 220

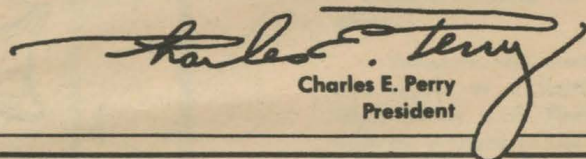

President's message

Both personally and on behalf of faculty and staff, welcome to Florida International University!

Whatever you are seeking from higher education, we hope you will find it here. Each one of you has different needs, different goals, different dreams. But we know that even dreams can come true, because the dream of many years of a State University in Greater Miami became a reality Sept. 14, 1972, when Florida International officially opened to 5,667 students — the largest first-year enrollment of any college or university in the history of the United States.

There will be a record increase of students this year, and we are pleased that you will be a part of it. While you shape your destiny here, you will be helping us to shape the destiny of the University. We live in a constantly changing world, and it is an exciting challenge for all of us to keep pace with it. Perhaps we can talk it over at one of the President's Rap Sessions.

Meanwhile, best wishes for a satisfying experience at Florida International.

Charles E. Perry
President

PERRY

CLARK

Dean's comment

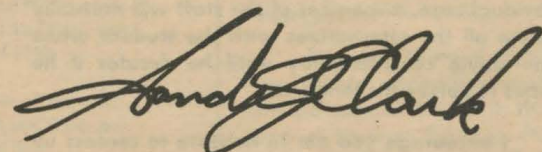

The Division of Student Services exists for you so we take special pride in extending a warm welcome to each one of you.

Being the second class at FIU, you have the opportunity to assist in extending the development of this university.

Part of your true education is the result of your concern and involvement in the university community and the various activities and programs it offers.

You will only be known as an individual if you take it upon yourself to drop by PC 220 and get to know us and to let us know you and your special interests as well as the types of services which will assist you most.

Please accept my special welcome on behalf of the total staff of the Division of Student Services.

Dr. Sandra J. Clark
Dean of Student Services

Welcome to FIU

STUDENT SERVICES

the place to go for assistance

SGA, organizations show response to student needs

Planning ways to make FIU responsive to student needs has been the primary goal of the Student Government Association since its inception.

Students, both senators and non-senate members, have been active on many task forces and committees which are shaping the forward movement of FIU.

Any student interested in becoming involved in the university has the opportunity to sign up for any of the following SGA standing committees: Academic Committee, Rules and Agenda Committee, Cultural and Social Committee, Athletic Committee, University Environment and Student Life Committee and Inter-Organizational Committee.

Task forces which need student input are forming frequently. Applications for service on committees and task forces are available in Student Services PC 220. Notices of vacancies will be posted in visible spots on the campus, as well as on the Student Activities bulletin board on the second floor of Primera Casa.

SGA, in cooperation with the Division of Student Services, has officially recognized a list of organizations as official FIU organizations. Both new and returning students are invited to become involved with these organizations.

The Good Times is the independent student newspaper, to be distributed weekly to students, faculty and staff at no charge. The publication has been called Action in the past. Students who enjoy writing or working in journalism are invited to inquire about becoming a member of the staff.

Campus Advance is a religious organization dedicated to

19-year-olds may establish state residency

Under the 18-year-old majority law, students 19 years and older may establish their residency in order to pay in-state tuition after residing in Florida for a year.

One year residency after reaching age 18 and proof of this through a driver's license, a bank statement or Florida wage stubs will be accepted by the Admissions Office as verification of residency.

Any questions with regard to this policy should be addressed to Admissions in PC 210.

Second Floor Rises — on the new University Services building scheduled for completion in March. The edifice will house the Student Services division, student activities and organizations, cafeteria and rathskeller. (See story page 3)

EMPLOYMENT

both on, off-campus jobs available

Since a majority of FIU students find it necessary to work while attending school, the student employment service provided by the Division of Student Services in PC 220 offers a wide range of employment opportunities.

Both on and off-campus employment are available through the Office of Financial Aid.

The College Work-Study Program provides part-time jobs for needy students so that they may continue their education. Interested students must submit the FIU application for aid and the

ACT form, which are available in PC 220.

Students are encouraged to apply early, as funds are limited. The entire process (from application to job placement) will take a minimum of one month, and students may not work on this program until they qualify and receive official notice from the Financial Aid Office.

College work-study jobs allow a student to work up to 15 hours a week while school is in session. The Financial Aid Office has stated that every attempt will be made to place students in posi-

tions of interest to them.

The university also operates a program that provides part-time employment for students. Usually students are employed directly by the school or department. However, interested students may contact the Financial Aid Office about these positions.

In addition, the Division maintains a current, comprehensive list of full and part-time positions available for students in the Miami area. This list is posted in PC 220 and on the second floor bulletin board in Primera Casa.

A staff member is available for any assistance if needed.

Division oversees all student life

The Division of Student Services provides the communications link for students at FIU and strives to provide those services students feel are necessary in their educational process.

In order to aid students best, in any type of need they may have, the Student Services Office, PC 220, is open from 8:30 a.m. to 8:30 p.m., Monday through Thursday and until 5:30 p.m. on Friday.

Students in need of any of the following services should come to PC 220: counseling, housing lists and referral services, foreign student advising, coordination of academic advising, financial aid, career planning and vocational counseling, job placement after graduation, part-time of full-time employment while enrolled in school, grievances and due process information, veterans' advising and counseling, coordination of student organizations' programs and activities, advising the Student Government Association, community college articulation which includes the dissemination of all university information to pre-admitted students, catalog distribution to current and pre-admitted students and exit counseling when students withdraw from the university.

The division thus oversees all aspects of student life on this campus, including recreational activities and helps to coordinate the academic advising which is so necessary to insure the proper completion of the various degree programs. It is an integral part of any student's tenure on this campus.

The titles of the people in the Division of Student Services are self-explanatory, usually reflecting the primary areas of their responsibilities. However, almost everyone on the staff will attempt to help students with any problem area if they need advice or aid.

The list of Student Services staff should be retained for your ready reference to help guide you to the best resource people at FIU to assist you in securing whatever information you desire.

Service areas announce new hours

University food service, bookstore and library have announced new hours for the fall.

Food service, on the second floor of Primera Casa, is a contracted fast-food operation open from 7:30 a.m. to 8:30 p.m., Monday through Friday.

Policies include: no checks cashed; phone orders accepted with reasonable advance notice; and beer consumption for those 18 years and older is limited to the main and overflow dining

rooms only, by regulation of the Beverage Commission of the State of Florida.

Special events such as seasonal and holiday observances and nationality and ethnic specialties will be scheduled for the main dining room regularly.

Vending machines are located on the third, fourth and fifth floors of Primera Casa, on the ground floor of Deuxime Maison

and at the north end of the Modular Building.

Library hours are Monday through Thursday, 7:30 a.m. to 11 p.m.; Friday, 7:30 a.m. to 7 p.m.; Saturday, 8 a.m. to 5 p.m.; and Sunday, 2 to 9 p.m.

Bookstore hours are Monday and Thursday, 8 a.m. to 9 p.m.; Tuesday, Wednesday and Friday, 8 a.m. to 5 p.m. During registration and the first week of classes,

hours will be Monday through Thursday, 8 a.m. to 9 p.m. and Friday, 8 a.m. to 5 p.m.

Books are fully refundable during the first two weeks after classes begin; Fall until October 5; Winter, January 18; Spring, April 5; and Summer, June 28.

Thereafter books must be returned within 24 hours of time of purchase; cash register receipt is required in all cases.

Recreational activity

Recreation suits needs

Club sports and "family night" provide the major emphasis of the recreational sports program in an attempt to provide "a variety of activities to suit the needs of most students, faculty and staff in hopes of improving the number of participants."

Family night will feature programs designed for married students who would like to have activities for their families as well.

Club sports will offer 16 different activities during late afternoon or early evening with a few on Saturday. All will be conducted in the Physical Education Center on the west end of the campus in the Tursair Building and the Hangar. Locker and shower facilities are in the Long Building.

Those clubs scheduled are karate, judo, horseback riding, weight training, dance, slimnastics, health (jogging), bowling (limited to 40), lacrosse, women's volleyball and softball, fencing, remote control (model airplanes), flying, track and golf.

The intramural program will be offered weekdays from 3:30 to 5:30 p.m. with some special events on Saturdays, such as Turkey Trot (Marathon) before Thanksgiving, tug-of-war and arm wrestling contests.

Intramurals to be offered are 5-man volleyball, 3-man basketball, 6-man touch football, softball and tennis (tentative).

Awards will be given to the winning teams with an Outstanding Participant and Sportsmanship Award to be made at the end of the school year.

Officials will be needed for these contests. Anyone who is interested should contact the Recreational Sports Office, extension 2662.

Recreational sports activities are also available to anyone interested in an activity at hours other than those organized. Stations are available for hand ball, volleyball, badminton, jogging, weight training (body building), tennis (spring), ping pong and basketball, in the Physical Education Center. Lockers and shower facilities are available throughout the day and a training room will be open.

Open bowling will be offered every day from noon to 6 p.m. at the Bird (60 lane) Bowl Center, 9275 Bird Road. Cost is \$1.65 (including shoes) for three games with an FIU I.D. card. Billiards are available at one-half the price. The nursery will be open for daycare on Monday through Friday from 12:30 to 4 p.m.

For further information contact the Recreational Sports Office in the Modular Building, extension 2662. Vaskin Badalow, coordinator, and Mrs. Mercedes Garcia, secretary, will try to answer any further questions.

Students make plans for day care center

FIU students have shown renewed evidence of their involvement with the community by recent actions with regard to investigation of day care facilities and support of university drama productions.

Barbara O'Nan an elected official of the Student Government Association & Chairman of the FIU Day Care Committee, stated, "Since the opening of the university, there have been several ad hoc committees trying to establish day care facilities for the FIU community. We feel there is a genuine need for a high quality center in this area, with rates based on ability to pay, but not necessarily geared to poverty-level families."

One specific area of interest for the establishment of a center is at Tamiami Park on Coral Way, which would serve the needs of students, faculty and staff at FIU, as well as others in the surrounding area.

A petition circulated during the spring at the university indicated student interest in using such a facility. Current statistics show that approximately 40 percent of the student population at FIU is married, and many of these are parents with working

spouses. In addition, half the student body is employed full time.

Other interest in a day care center nearby has been expressed by the University's Department of Education and students in Early Childhood Education who may use the center for field experience and observation of children.

Student interest in the community was also evidenced by the Student Government Association's support of the University Theater which agreed to provide free Children's Theater presentations and free performances at dress rehearsals for senior citizen groups.

The SGA allocated a total of \$1,500 to the theater for the 1973-74 school year at a recent meeting.

Students, staff and faculty are requested to contact Student Services in PC 220, Barbara O'Nan in PC 536, or any member of the SGA in their offices in PC 536 if they have any questions, reactions, comments or requests. Those interested are asked to leave a message in any of those areas with their name, address, phone number and what they are interested in. Someone on the committee will then contact them.

Student organizations shape future

Continued from page 5

promoting Christian fellowship, concepts, ideals and related activities on the campus. Membership is open to all students.

Directorio Estudiantil Universitario, a Cuban student organization, is designed to enhance a political, social and cultural conscience among Cuban students.

Dramatics Society is an organization designed to stimulate interest in theater on the university campus and in the community.

Listening Post publishes a campus newsletter and maintains a hotline which is open to all students who have problems, or just want to call someone.

FIU's Literary Magazine will serve as a vehicle for creative expressions reflecting contributions of the entire student body and faculty.

The Meditation Society will try to help every individual "expand his mind and develop his creative intelligence" through transcendental meditation.

Phi Beta Lambda, an organization of business students, aims to assist youth and young adults enroll in business programs and develop vocational competencies and a sense of civic responsibility.

The Politics Club hopes to

serve as a medium for the exchange of ideas and opinions for students in the political science field.

Sigma Phi Epsilon has been organized as a social fraternity to develop and strengthen the character of its members, and to preserve the "ideals and Christian principles upon which the fraternity was founded."

The Student Social Workers Association has come together to pursue the goals of "abolishing inequities in the social system and inviting an open door policy to those who may wish to help in the cause of justice for all."

The Student Psychological Association was organized to develop the study of psychology as a science and service. The association hopes to provide a channel for the pre-professional development of members.

Veterans Aiding Veterans was organized to discuss matters concerning veterans in the community and to foster conditions that will provide for "optimum growth and happiness for each individual."

Young Democrats support ideals and candidates of the Democratic party, holding activities of a political nature.

The Council for Exceptional Children is a group of students interested in promoting the welfare and education of exceptional children and youths.

Lillian L. Kopenhaver, Coordinator of Student Activities, may be contacted in PC 220, 223-2300, ext. 2381, for information on any student organizations in existence, for information about how to start a new student organization or activity and for information on how to become a

recognized student organization.

PC 539 has been designated as a work area for all student organizations while PC 532 has been made into a Student Publications / Communications work area. SGA offices are PC 534 and PC 536.

Saturday's activities, which are free to all, begin at 2 p.m. with the season's opener soccer game against the University of Miami at the new Tamiami Park football stadium at the south side of the FIU campus.

Events then shift at 3:30 p.m. to the area adjacent to DM for Field Day Events for all ages, including children, with trophies awarded to winners. Vaskin Badalow of the Recreational Sports Office is supervising activities.

STUDENT SERVICES

Dr. Sandra J. Clark - Dean of Student Services, Ext. 2301
Terry L. Spence - Associate Dean of Student Services, Ext. 2301
Donald Smading - Director of Student Financial Aid, Ext. 2381
Maria Lavernia - Counselor, Foreign Student Advisor, Ext. 2381
Leonard Bryant - Counselor, Veterans Advisor, Ext. 2301

Lillian L. Kopenhaver - Coordinator of Student Activities, Ext. 2381
Richard Estadt - Coordinator of Career Planning Programs, Ext. 2381
Lorine Clark - Vocational Counselor, Ext. 2381
Douglas Harnagel - Director of College and School Relations, PC 211, Ext. 2311
Don Brusha - Coordinator of Academic Advising, PC 211, Ext. 2311

Perry selected officer to 3rd Century

Dr. Charles Perry, president of Florida International University, has been elected an officer of the Board of Trustees the Third Century, U.S.A., Inc.

Third Century is the greater Miami's official American Revolutionary Bicentennial organization, which is affiliated with the Bicentennial Commission of Florida.

The 162-member board of Trustees selected Sylvan Meyer as Chairman, succeeding William Frates, who served as Chairman since the organization's inception. Lester Johnson was named President. Meyer is editor of the Miami News.

OTHER officers elected were Irina Erickson, Leslie Pantin and Robert Sims, vice chairman. Norma Hunt was selected secretary with Ivan Faggan receiving the appointment of Treasurer. Frates, Lester Freeman and Dr. Elton Gissendanner were selected

as executive committee members, at large.

Florida International is intricately involved with the Third Century and Interama in the Bicentennial as FIU plans a branch campus on the Interama tract, to be ready for classes by 1977. The Bicentennial, to be celebrated during and beyond 1976, will include an international trade center and other facilities on Interama, which will be permanent in nature.

The proposal of "I Love America" as a theme for the Bicentennial celebration followed the election of officers.

Frates noted that Bicentennial planners at Federal, state and local levels have long expressed concern over the need to develop a theme for the national celebration, but that up to now, none has been adopted. Four cities, Boston, Philadelphia and Washington, as well as Miami, have been designated Bicentennial cities, but Miami thus far is well ahead in concrete planning and preparation for the goal year, causing Frates to suggest that it would be appropriate for the Third Century to assume the lead in this area of deficiency by proposing this theme.

Listing of private rooms available

Student Services has compiled a listing of various rooms for rent in private homes throughout the county.

The five page listing, containing 64 listings, gives name, address, phone number and rent for all housing.

Additionally, a column describes any particulars such as bathroom facilities, kitchen facilities, air conditioning, accessibility, male or female discretions and other fringe benefits, such as pool use.

The rates range from none (in exchange for babysitting or assisting a man in a wheelchair) to \$175 per month.

YOUR EXCLUSIVE FLORIDA INTERNATIONAL UNIVERSITY RING

YOU ARE INVITED . . .

. . . to inspect your new, exclusive rings now on display! The most respected symbol of your educational achievement . . . a silent status symbol that will travel with you through all of life's professional and social events. ALUMNI . . . you may also use the convenient order form on the back to order your ring. Any graduation year available. Be sure and specify finger size, degree and year date. Order anytime for use as gifts on special occasions: Birthday, Christmas, Anniversary, and etc.

The Herff Jones representative will be at the bookstore Monday and Tuesday, September 24th and 25th to help you with your selection. Please stop by and view the display.

UNIVERSITY STYLING

AVAILABLE FROM
UNIVERSITY BOOKSTORE
FLORIDA INTERNATIONAL
UNIVERSITY
MIAMI, FLORIDA

University Bookstore

A full service bookstore supplying student needs with all University adopted textbooks as well as paper supplies, T-shirts, art supplies and novelty items.

Operating Hours

The first three weeks of a term, the bookstore will be open from 8 a.m. to 9 p.m., Monday through Thursday and 8 a.m. to 5 p.m. on Friday. Thereafter the hours are 8 a.m. to 9 p.m., Monday and Thursday and 8 a.m. to 5 p.m. on Tuesday, Wednesday and Friday. Bookstore hours are subject to change in response to the needs of the University and its students.

Texbook buy-back-policy

1. For those textbooks ordered by instructors for the following quarter, you will be paid 50 per cent of the current retail price of the book, regardless whether it was purchased initially new or used. However, the bookstore must have a firm book order on file before offering 50 percent — an instructor's comment in class concerning the status of a particular book is not sufficient. Selling during the prime buy-back period (just before or during finals) insures the highest percentage return on the dollars to the student.

2. Textbooks not reordered by instructors are appraised from a wholesale catalog where generally the value fluctuates around 20 percent of the retail

price. Paperback editions bring considerably less on the wholesale market. Wholesalers supply and demand controls the amount offered. The above is offered only as a service, and not wholly encouraged as it provides the lowest percentage of return of the dollar to the student.

3. Textbooks classified as old editions and out of print have no value to the bookstore and the wholesaler. These books are best retained for reference.

4. Your cash register purchase receipt is not required to sell back books. However, you will be required to present a student identification card or driver's license as a verification of identity.

Refund Policy

1. Books are fully refundable during the first two weeks after classes begin. The last day for refunds in the fall quarter is October 9.

2. You must have our cash register receipt.

3. Books must bear our price mark and be in absolutely new condition, free of all markings. Used books must bear our price mark and quarter indicator for the quarter in which the books were purchased.

4. Thereafter, books must be returned within 24 hours of the time of purchase for a full refund or exchange. Any books new or used returned after the allotted period of time will be bought back at their fair used value. Supply and gift items are refundable within a 24 hour period only.

5. Review type books and paperbacks (non-textbooks) are NOT refundable at any time.

National teacher exam dates set

PRINCETON, N.J. — College Seniors preparing to teach school may take the National Teacher Examinations on any of the four different test dates announced today by Educational Testing Service, a non-profit, educational organization which prepares and administers this testing program.

New dates for the testing of prospective teachers are: November 10, 1973, and January 26, April 6 and July 20, 1974. This test will be given at nearly 500 locations throughout the United States.

Results of the National Teacher Examinations are used by many large school districts as one of several factors in the selection of new teachers and by several states for certification or licensing of teachers. Some colleges also require all seniors preparing to teach to take the examinations.

THE SCHOOL systems and State Departments of Education which use the examinations

results are listed in a National Teacher Examination leaflet, Score Users, which may be obtained by writing to the organization, Box 911, Educational Testing Service, Princeton, N.J. 08540.

On each full day of testing, prospective teachers may take the Common Examinations which measure their professional preparation and general educational background and an Area Examination which measures their mastery of the subject they expect to teach.

Prospective teachers should

contact the school systems in which they seek employment, or their colleges, for specific advice on which examinations to take and on what dates they should be taken.

The "Bulletin of Information for Candidates," containing a list of the test centers and information about the examinations, as well as the Registration Form is available through the mail at the Test center's address, or from college placement officers of individual school personnel departments.

Join Circle K

Circle K is the largest coed service club in North America. Several students are organizing one at FIU. For information please have your name and phone number in our file in the Student Services office (PC 220), and you will be contacted promptly.

Nursing program expands here

The Nursing Program at Florida International University, the admission to which was closed last October due to heavy enrollment, is once again open for admission, Ruth Knowles, chairman of the program announced.

The program, one of the largest in the university, is an upper-division, baccalaureate course open only to currently licensed Registered Nurses who have successfully completed 45 quarter hours of academic credit in general education.

Over 500 students were admitted to the program, causing the program to overload and close.

WELCOME...

...on behalf of Dean Gerald Lattin, the faculty, staff and students of the School of Hotel, Food and Travel, to all new students at Florida International University.

Persons interested in an exciting career in these areas are welcome to talk to our career counselors in DM 451.

Come and see us.

BUSINESS AND ORGANIZATIONAL SCIENCES

The School of Business and Organizational Sciences offers academic programs leading to both graduate and undergraduate degrees. At the undergraduate level the School offers the degree of Bachelor of Business Administration. At the graduate level the degrees of Master of Business Administration, and Master of Science in Management are offered.

The following are some of the specializations available:

Bachelor of Business Administration

- Accounting
- Finance
- Insurance & Risk Management
- Management Science
- Management Information Systems
- Personnel and Manpower Management
- Public Administration
- Real Estate
- Transportation Systems

Master of Business Administration

- Accounting
- Finance
- Insurance & Risk Management
- International Management
- Management Science
- Management Information Systems
- Personnel and Manpower Management
- Public Administration
- Real Estate
- Transportation Systems

Master of Science in Management

- Accounting
- Health Care Management
- Public Administration
- Real Estate

As well as specializations in Management Marketing, and Finance as demand warrants

For further information contact:

For undergraduate programs: Mrs. Kay Kohnke

For graduate programs: Professor Mittleman

Foundation adds to expansion of FIU

What does a budding University do to avoid red tape?

The solution is the Florida International University Foundation Inc.

The Foundation is an independent entity from the University that has a sole purpose of making friends. Included in this is collecting those friends money for facilities and equipment that cannot be obtained through regular channels.

"THERE IS a margin of excellence that makes the difference between a mediocre school and an outstanding school," George S. Peck, Jr., director of development for the Foundation said, adding that this is the only, and best way that Florida International can help the students.

Volunteers throughout the community have raised \$147,000 thus far, and some of the activities are unique.

For example, two students have made FIU the beneficiary of their life insurance policies.

THE PHYSICAL Science Department has a new spectrometer.

Amigo Club offers ride services

"Fight pollution, congestion and inflation," proclaims a form circulated by Operation: Amigo.

What it's all about is Operation Lift, a coordination of rides between students at Florida International.

Available through the Student Services office, the form requests name, telephone, address and assorted information about whether you need or can provide a ride, cost and your class schedule.

Student Services, co-sponsoring the project, is located in PC 220.

The School of Technology has a pick-up truck.

And the Theater Arts Department has \$5,000 in scholarships available to promising majors.

AS STATE funding provides as little as 39 percent of the University's money, enough to have classes taught, the Foundation became necessary and was organized four years ago.

Started in December 1969, about 80 persons donated at least \$1,000 each to become Founders of Florida International University.

"Miami's a wealthy community and they're interested

in education," Peck said. "Foundation volunteers just have to go out and dig into those pockets."

MANY SOUTH American countries have made donations to FIU, in keeping with the emphasis of an international flavor.

When the Interama Campus opens, for example, it will house the world's largest collection of international music and folklore. Most of the library is a donation to the Foundation by a single philanthropist.

As the grants pile up, Peck beams, "we get closer to that margin of excellence."

INTERCOLLEGIATE SPORTS

at

Florida International University

**Come
Where
the
Action Is!**

**Help
the
Sunblazers
Shine!**

Florida International University's Sunblazers are embarking on their second intercollegiate athletic season, fielding teams in golf, soccer, baseball, wrestling and tennis. Last year, in their first season of play, the Sunblazers compiled an overall record of 66 wins and 56 losses, with one tie.

They expect to continue their winning ways, with some championship play possible.

GOLF

Florida International's golf team will have a new coach this season, Robert Shave, a former touring pro with many top finishes on the PGA circuit and more than 20 minor open wins to his credit. He replaces Doyt Perry, who retired this past June after helping build the University's fine athletic program and coaching the golf team, which chalked up a 5-2 record.

Last season's team whipped Miami-Dade South, Bowling Green State University, Kenyon College, the Coast Guard Academy and Biscayne College. The golfing Sunblazers also won the Beta Division in the Miami Beach Classic.

Coach Shave is a graduate of Florida State University where he was captain of the golf team and was chosen as a member on the first All-American Golf Team.

SOCCER

Coach Greg Myers has signed two All-Americans to bolster a strong crew of returning seniors which will play Howard University, one-time NCAA Champions, in the coming season.

"This is just the beginning of a national championship team, and we're capable of competing with any university at any time," Myers says.

The signing of Trakoon Jirasuradet, an All-American from Miami-Dade South's 1972 team which finished second in the National Junior College Tournament, and Hoosein Nikkar, another All-American from Miami-Dade North, will be counted on heavily to help improve the Sunblazers' 1972 record of eight wins, four losses, and one tie.

BASEBALL

In signing seven top community college transfers to scholarships for the coming season, Coach Tom Wonderling moved a step closer toward his goal of establishing a top-ranked baseball program.

Last season, his squad had an impressive beginning, compiling a record of 34 wins and 22 losses, and beating the University of Miami in the first game the two institutions played. At one point, the team had a streak going, winning 13 of 16 games.

Wonderling plans on carrying a 25-man roster including 12 pitchers.

WRESTLING

Florida International's wrestlers will be pinning their opponents and hopes for a winning season this year on the strength of a new coach, Sidney Huitema, who produced five state champions last year at Muskegon Community College in Michigan.

With all those champions, Huitema's team had no trouble taking first place in the Michigan state meet. Not only that, the team won 11 of 14 dual meets. The total record for Huitema's wrestling teams at Muskegon Community College over a six-year period is 72 wins and 28 losses. At Florida International, he hopes to do better.

One of the products of Huitema's teams is Chris Taylor, Iowa State All-American and Olympic medal winner.

TENNIS

Coach Bill Fleming's tennis team has high hopes of improving on last year's record of 19 wins and 20 losses. The squad begins practice October 1 for a 35-match season.

With no hesitancy in their first season last year, the Sunblazers took on such top teams as the University of Miami, which captured 5th place at the NCAA finals, and Miami-Dade North, runner-up at the NJCAA championships. They lost to both, but Coach Fleming believes his netters stand a better chance of winning the next time around.

"We were weakened last year halfway through the season by the loss of several top players," he says.
