In support of the addition of Ideas and Concern boxes to all the major locations on the Biscayne Bay Campus

Whereas, According to the Student Government Association Constitution, SGA serves as “the governing body responsible for representing the student interests and addressing student needs,”

Whereas, Students need a practical way to voice their concerns, suggestions and or ideas. Ideas and Concern boxes at convenient locations on campus will enable the Student Government Association to accurately respond to the needs of the student body. Ideas and Concern boxes will also enable other members of the University community such as faculty and staff to raise university concerns.

Whereas, Due to the unlikelihood that student submit a complaint online or in the office, a concern box at accessible locations on campus will be beneficial to the student body and increase the chances of students voicing their concerns. Also, the implementation of concern boxes will provide an anonymous way for students to express their concerns, issues, ideas and suggestions.

Therefore be it

Resolved: The Biscayne Bay Campus Student Government Council is in support of the addition of concern boxes to all the major locations on the Biscayne Bay Campus. The decisions on where, how many and the size of the boxes should be discussed and agreed upon by the majority of council members in a general meeting. The concern boxes shall have the SGA logo with a pen and SGA concern and idea forms attached to it. The SGC-BBC senate hereby mandates

President of SGC-BBC to spearhead the act on this resolution. A formal report must be turned in to the senate meeting within five business days of the signing of this resolution stating the funds needed and when the boxes will be available for use.
