648 randomly selected Cuban-American respondents were polled in Miami-Dade County. Interviews were completed on September 19, 2011. The margin of error for the overall poll is plus or minus 3.9%. This is the tenth in the series of Cuba Polls conducted by the Principal Investigators (Grenier/Gladwin) since 1991. Overall results are weighted to be representative of the Cuban-American community of Miami-Dade County as a whole.

Some members of Congress are promoting a law that changes the current policy towards Cuba. The proposed law would re-establish the same restrictions on family travel and remittances that existed in 2004. This law would restrict Cuban American family visits to once every three years and it would also restrict remittances to the island. Would you favor or oppose such a law?
